SEDGEWICK SEED FAIR.

Sedgewick and district had one of the most successful seed fairs held in the province this year. This success was due not alone to the number of samples shown (which filled all available space in the Burn hall), but by the interest taken by the farmers which came to listen to the speakers—and ask questions that would enable them to profit by advice given by the far officials. Sedgewick with its triblation and Galahead, is rapidly advancing along the line of scientific farming and the farmers look upon the seed fair a storne of the most successful seed fairs held in the profit of its friends here.
