The Evening Chit-Chat

By RUTH CAMERON

"Thin." Or "Skinny," "lean" or "poor?" Would even he dare to assert that it doesn't make a lot of difference whether you describe the lady with the much embellished as:— "Plump," "Large," "Stout," "corpulent" or "fat?" And here's a few more questions for him:

Which would he rather go "autoing" or "motoring" or "out in the machine?" For his benefit, as they may not have motor cars where he is just now, I will explain that whereas once on a time we were all proud to go "autoing" or "automobileing" and later "motoring" nowadays only the hoi polloi do any of those things. The select folks "go out in our machine."

Which would you rather ride in a "parlor car," which is what folks from the country call it, or a "chair car" (which is what the people who would be horrified to have to ride five miles in a "day coach" denominate it)?

Which would he rather spend at his friend's house, Saturday afternoon and Sunday or "the week end?" "A rose by any other name would smell as sweet."

Go along, man. I know that every little scribble since your day has made copy by disproving that statement.

But surely you laid yourself open to it. And anyway, that opportunity makes just one more debt that we all owe to the immortal William.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that women at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman can consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

Blizzard in South.

Atlanta, Ga., Jan. 4. — Blizzard weather reached the gulf and south Atlantic States yesterday. Freezing temperatures, following heavy rains, were reported from points in Mississippi, Alabama and Georgia, ice forming as far south as Mobile. Snow was general throughout the northern and central parts of the Gulf States.

All over Louisiana farmers are reporting loss of cattle and crops. Florida fruit is reported more or less damaged, and the orchardists of Louisiana groves are out in the orchards with axes in a great battle against the cold.

R. T. A. Hamstead, aged 60, who lived alone on a farm near Wheeler, Alabama, was found frozen to death in a field.

Reports indicate damage to cattle, vegetable and fruit crops of more than \$1,000,000 in southern and western Texas.

The greatest loss is to cattle in the western portion of the State, where the blizzard swept the grassless plains for 30 hours and the temperature dropped 30 and 40 degrees to as low as 10 degrees above zero. Hundreds of cattle succumbed.

Reciprocity Being Discussed

OTTAWA, Jan. 5.—A formidable party of Canadian Ministers and officials left for Washington this afternoon on very important diplomatic missions affecting the relations of Canada and the United States in respect to trade, fisheries, navigation and other interests. The party consisted of Hon. Messrs. Fielding, Paterson, and Borden, Sir Alan Aylesworth, Mr. William Russell, tariff expert of the Finance Department, Mr. Herbert V. Rooke, Supervisor of Customs and Mr. R. Veith, private secretary to the Minister of Finance. Lady Aylesworth accompanied the Minister of Justice and Mrs. Fielding and Miss Fielding accompanied Mr. Fielding.

EXPECT AGREEMENT.

The trade negotiators go to Washington in the confident expectation of reaching an agreement with President Taft and Secretary Knox that will be mutually beneficial to both countries in respect to removing unnecessary tariff barriers to the free exchange of natural products and possibly also of a limited list of manufactured products each country can profitably purchase from the other and the admission of which at a lower rate of duty in some cases and duty free in other cases, would not seriously injure any large industry in Canada now relying on tariff protection.

GET DOWN TO DETAILS.

The negotiators will be able to get down at once to the discussion of details on Monday in Washington. No definite statement as to the probable terms of free exchange was made by either Messrs. Fielding or Paterson prior to their departure, and naturally all details will be guarded with the closest secrecy until the agreement is ready to be placed before Parliament for ratification. It is known, however, that while the Canadian Ministers have not plenipotentiary powers to finally conclude any agreement, they have practically the fullest authority from their colleagues to guarantee the carrying out by Canada of any proposals they may agree to with the American negotiators. The main idea underlying the negotiations from the Canadian standpoint will be securing of freer access or Canadian natural products particularly agricultural products to the American market. It is not expected that there will be any large measure of reciprocity secured in manufactured products.

MAY LAST TEN DAYS.

The negotiations at Washington will probably last for ten days or so. It is possible that before a final agreement is reached Messrs. Fielding and Paterson may come back to Ottawa for further consultation in Cabinet Council here, and the final draft of the treaty may be signed by the representatives of each country at a third conference in the Canadian Capital.

Minard's Liniment Co., Limited.

Gentlemen—I have used MINARD'S LINIMENT from time to time for the past twenty years. It was recommended to me by a prominent physician of Montreal, who called it the "great Nova Scotia Liniment." It does the doctor's work; it is particularly good in cases of Rheumatism and Sprains.

Yours truly,

The Florizel will likely leave New York for Halifax and this port on Saturday, which is her schedule time and will make two more trips here before being got ready for the seal fishery. The Rosalind is now being thoroughly overhauled in New York, and will take up the route when the Florizel quits. Messrs. Martin and Tavernor, two of the officers of the ship, with a number of seamen who are now here, will leave to rejoin the Rosalind on February 4th.

The EVENING TELEGRAM.

The advertiser who puts his Advt. in the EVENING TELEGRAM never complains of results. It is read and believed by the people who buy goods. That is one reason why the TELEGRAM'S advertising columns

Carry More Advertising Than Any Other Newspaper in Newfoundland.

That fact "speaks for itself," and it is not our intention just now to emphasize it further. What we want to do is to bring home to the business men (if there are any who have not availed of our columns in the past) the advantage to be gained through a liberal use of the TELEGRAM, in bringing before the people what they want the public—the great buying public—most to know:

The Kind of Goods They Have To Sell, the Quality of the Goods, Prices, &c.

If that is what the shopkeeper wants the public to learn, the TELEGRAM is the right medium through which it can be conveyed, because—

1st. It has the largest circulation, and

2nd. Consequently it is the most widely-read newspaper in Newfoundland;

3rd. Naturally, then, it must be THE BEST ADVERTISING MEDIUM in Newfoundland;

4th. Therefore, the advertiser has everything to gain, and nothing to lose, by availing of the services of the EVENING TELEGRAM during 1911.
