Service at R. C. Cathedral.

The High Altar in the R. C. Cathedral was beautifully decorated yesterday and brilliantly illuminated at night for the 40 hours' adoration of the Blessed Sacrament, which began after high mass at 11 o'clock. At 7 p.m. there was Pontifical Vespers and during the night until 10 o'clock there were hundreds of worshippers in the Cathedral. At 10 o'clock mass Rev. D. O'Callaghan preached a very effective sermon, during which he referred to the practice of immoral and irreligious literature in the world and regretted that we in Newfoundland were not exempt from the awful influence of such reading matter. He especially exhorted parents and guardians to strictly see what those in their charge may read. A branch of the Catholic Truth Society, the Rev. preacher announced, has been formed, and good wholesome reading matter will in future be on sale at a minimum figure at the Church stores.

Surely Settles Upset Stomachs.

"Pape's Diapepsin" ends Indigestion, Gas, Sourness and Heartburn in five minutes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat turns into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the only is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

Still At Work.

A number of men who have been working on the Trepassey Branch, came in by special train yesterday morning early. The work of grading is still progressing and has been done to within 6 miles of Trepassey. The men now engaged are residents of Rensselaers, Fermine and Portage and can avail of their own homes when their day's work is done. The road will open for traffic about July next. Work on the Heart's Content Branch is also still in progress.

Special to Evening Telegram. TORONTO, Dec. 15. After remaining in session for three days, the Church Union Committee of the Presbyterian Assembly passed a resolution in favour of continuing negotiations with the Congregational and Methodist Churches. The vote stood 38 to 6. The dissenting members prepared a minority report favoring federal rather than organic union, which will be presented to the Assembly.

LONDON, Dec. 15. The determination of the Balkan States not to allow Turkey to continue its policy of procrastination, was manifested in the speech of one of the delegates, who said Turkey is much mistaken if she entertains the idea of postponing matters. The delegate says peace must practically be concluded between Christmas and New Year around the diplomatic table of St. James' Palace, or we will impose it at Constantinople at Easter within range of our cannon and at the point of our bayonets. Then the conditions will be very different. Now we are satisfied with the minimum demands; then we will exact the maximum. The conditions of the Allies include the immediate surrender of Scutari, Adriannople and Janina, the garrisons of which will be granted full military honours; the evacuation of eastern Europe by Turkey, from as far East as Tchatalja to a line which the experts appointed by the contracting parties will delimit on the spot; the cession to Greece of all the Aegean Sea islands including Rhodes and the eleven others which Italy is keeping for Turkey's fulfillment of the Treaty of Lousanne; the annexation of Crete to Greece; the payment of war indemnity and expenses sustained on account of the Ottoman prisoners. In return, the allies will grant complete amnesty to the Mussulman population in the territories annexed for any hostilities during the war, the return of all prisoners; the recognition of the spiritual sovereignty of the Sultan over all Ottomans becoming subjects of the Balkans and the administration by the Mussulmans of their pious funds in the Balkans.

MONTREAL, Dec. 15. Borden's naval policy will give the Empire three empty ships while Laurier's substitute is equally ridiculous, when he knows full well that even now it is impossible for the Niobe or Rainbow to secure sufficient complements of men." Thus, Henry Bourassa, head of the Nationalist Party, says in an editorial in Le Devoir in which he condemns both proposals "To all Liberals and Conservatives we say now, as in the past, you have no right to vote for the proposed naval laws without first consulting the people. To the tribute of gold, Laurier wishes at all costs to add that of blood. He desires to fill the three Dreadnoughts with human cargoes as food and guns. The day when these divers elements, which do not yet know their strength, will allow themselves to be seized by the powerful flood of Nationalism, party politicians will end, and Parliament will cease to transform itself into a Music Hall. The days of Jingo Imperialism will have ceased, and the sane majority of the people will return to its old motto of Canada for the Canadians, in its larger and its broader sense."

LONDON, Dec. 15. Whitehall Reid, American Ambassador to Britain, since 1905, died at noon today, from pulmonary trouble. Mrs. Reid and his daughter, Mrs. John Hubert Ward, were at the bedside when he died. In all probability the Government will likely place a warship at the disposal of the family for the transport of the body to America. Reid's illness dated from his return from New York, last February.

LONDON, Dec. 15. The Royal Assent having been given the Bill instituting flogging as a penalty in White Slave convictions, the Scotland Yard authorities are now organizing a special staff of plain clothes officers, who will enforce the Act. During recent days there has been a considerable traffic to the Continent, and especially to Paris.

LONDON, Dec. 15. King George, through his Secretary, Lord Knollys, has sent a letter to the Scripture Gift Mission, in reply to one from its Secretary, in which he says that it is quite true that he promised his mother Queen Alexandra, so long ago as 1881, that he would read a chapter of the Bible every day, and that he has adhered to this promise ever since.

LONDON, Dec. 15. The jewels of the late Lady Caroline Lindsay, were sold at Christie's yesterday, and brought good prices. A single row pearl necklace, with fifty-three round pearls, brought the high price of \$71,000.

CONSTANTINOPLE, Dec. 15. Reports of a Turkish victory near Janina, resulting in the destruction of a Greek mountain battery, are officially confirmed.
