OFFICIAL.

LONDON, June 5. Hostile airplanes dropped bombs west and southeast of the English coast last night. There was little or no material damage, and very few casualties.

Sir John French reports buildings in Chateau Hooge lost and recaptured. Near Ginchy enemy trenches were captured with 48 prisoners. The trenches were subsequently abandoned, owing to enemy's fire.

The French Government report progress in direction of Souchez. Three violent counter-attacks were repulsed with heavy loss.

The Italian Government report stubborn fighting on the left of the Isonzo River, against the spurs of Montenero.

BONAR LAW.

ST. PIERRE BULLETIN.

PARIS, via St. Pierre, June 6. In the region north of Arras, during the evening and night, the enemy attempted desperately to recapture his recently lost positions. The whole sector from Ablain to Neuville and especially the sugar refinery of Souchez were sustained, despite an uninterrupted bombardment, to which our artillery replied energetically. Five German counter-attacks were thrown against the eastern slopes of Lorette's Chapel. There were unceasing

counter-attacks. In the wood east of the Aix-Neuville-Souchez road, the German offensive has been broken everywhere, and we have maintained all our positions, inflicting heavy losses to the enemy. Between Aix-Neuville and Souchez, we captured several German trenches and thirty-four prisoners.

In the Dardanelles the Allied troops attacked on the whole front with a view to the capture of certain enemy strongholds. The British center occupied two lines of Turkish trenches on a front of 400 metres. The first French division carried the first advance line. During the whole operation the Allied Fleet rendered efficient help. The enemy losses are very heavy. Several hundreds of soldiers and ten officers have been taken prisoners. Amongst the prisoners are six German sailors. During the action our artillery has been constantly prevailing over the enemy's. Two Turkish counter-attacks during the night of 4th to 5th have been easily repulsed.

FRENCH OFFICIAL.

PARIS, June 6. In the sector north of Arras, we have realized important progress. Within Neuville we are holding at present more than two-thirds of the village. We have gained 450 metres in the northern part of Labyrinth, and made slight progress on the centre of that work, where the struggle continues without cessation.

FRENCH SUCCESSES.

PARIS, June 6.—(Official.) The German offensive was overwhelmed everywhere. We maintained all our positions, inflicting heavy losses on the enemy. We took several trenches of the enemy, during which we made thirty prisoners.

TURKISH TRENCHES CAPTURED.

LONDON, June 6. British troops on the Dardanelles

have advanced 500 yards along a three mile section of the front. The War Office made this announcement to-night, stating that two lines of Turkish trenches had been captured.

FRENCH REPORT CONFIRMED.

BERLIN, June 6.—(Official.) Gains for the French—at Souchez and Neuville are conceded.

ITALIAN OFFICIAL.

ROME, June 6. Minor operations of our troops continue all along the entire frontier from St. Elmo to the sea.

KING OF GREECE CRITICALLY ILL.

LONDON, June 6. The condition of King Constantine of Greece is extremely critical. Enormous crowds are surrounding the Royal Palace.

NFLD. SOLDIER MISSING.

OTTAWA, June 6. Private James J. Rowe, of the 13th Battalion, belonging to Conception Bay, is missing.

CASE AGAINST TIMES' DISMISSAL.

LONDON, June 6. The Government's case against the London Times and Major Richardson, on a charge of revealing information useful to the enemies of Britain, was dismissed. The defense contended that the information in question contained in a letter written by Richardson and published in the Times, was perfectly well known to Germany. It was to the effect that the last French reserves were in the field, and that raw, young recruits had been called up. The case was heard under the Defence of the Realm Act.

THREE ALIENS BREAK FOR LIBERTY.

BRANDON, Manitoba, June 6. One alien was shot dead, one is dying, and one wounded as the result of a break for liberty from the Walter Fair Internment Camp, last night. Several others tried to escape, but it is believed that all were recaptured.

REITERATE DEMANDS.

WASHINGTON, June 6. President Wilson's latest note to Germany, late to-morrow or Tuesday, will reiterate the demand that Germany exercise the right of search before attacking unarmed merchant ships.

LUSITANIA WAS NOT ARMED.

WASHINGTON, June 6. Sir Cecil Spring Rice, British Ambassador here, has submitted a note to the British Government, solemnly assuring the States that the Lusitania was not armed. This assurance conforms with the investigation conducted by American officials before the ship was given a clearance from the port of New York.

CHURCHILL HOPEFUL.

DUNDEE, June 6. Winston Churchill arrived here to-day, and was received enthusiastically. At a meeting of his constituents he told them that he did not mean to make explanations or indulge in reproaches or recriminations, for the only thing he cared about was winning a successful war with the enemies of Britain. "For four years I have borne heavy responsibility, being according to the time-honored language of my noble ancestors, the Crown and Parliament for all the business of the Admiralty," he said. "When I say 'responsible,' I was responsible in the sense that I would have to bear the blame for everything that occurred. Three years have comprised the most important period in our naval history, a period of preparation of war; a period of vigilance and mobilization. I have done my best. The archives of the Admiralty show the part I played in all the great transactions that have taken place. To them I look for my defence. I look also to the general naval situation. The terrible dangers at the beginning of the war are over. The seas are swept clear. Everything is in perfect order. Nearly everything has been foreseen. We have taken the measure of our foe, and have only to go forward with confidence."

Closing of the "House."

The Twenty-Third General Assembly of the Legislature was prorogued at 3 o'clock Saturday afternoon by His Excellency Governor Davidson, who entered the grounds accompanied by Lady Davidson, Miss Davidson and Capt. Goodridge, A.D.C. The general salute was given by squads from the Royal Naval Reserve, the Nfld. Volunteers, the Constabulary and Frontiersmen who lined the grounds in front of the building, while the City Band rendered the National Anthem. After inspecting the guards, His Excellency entered the Legislative Chamber, attended by Capt. Goodridge, Capt. McDermott, R.N., Capt. Montgomery, I. G. Sullivan and Sheriff Carter. Amongst the visitors present were the Lord Bishop of Newfoundland, representatives of the other city churches, Sir W. H. Horwood, Chief Justice, Councils of friendly nations and a large number of ladies. The Usher of the Black Rod summoned the members of the Legislature to the Bar, the Bills passed during the session were read and assented to by His Excellency who made his closing speech, a copy of which appeared in Saturday's Telegram.

Congratulations.

We extend congratulations to Mr. William Cook, our respected townsman and well-known victualler, who to-day celebrates his seventy-fourth birthday. Mr. Cook is the oldest member of any firm doing business on Water Street, and was 50 years in business in May last. He is the oldest of the victuallers in the city, the oldest member of the British Society, the oldest member of Tasker Lodge and of the Royal Arch Chapter. It is also worthy of mention that three generations of the Cook family are members of the Masonic Fraternity. Mr. Cook is also one of the oldest members of St. Mary's congregation, and to him to-day the Telegram extends best wishes for a happy birthday and trusts that the evening of his life may consist of many happy years.

Impressive Sermon

at St. Thomas's

His Excellency the Governor and

Lady Davidson attended the morning

service at St. Thomas's Church yesterday, at which was present also a

large contingent of P. Co. of the Nfld. Regiment. The service was conducted

by the Rector, Rev. Dr. Jones, who

preached an eloquent and instructive

sermon. His discourse was an inspiring one and was permeated with

expressions of Christian patriotism that

made the sermon of special interest to the soldier lads. Though Dr.

Jones has spent many years in the

United States, it was quite evident

from his remarks yesterday, that his

love for the Union Jack has been increased by his absence from the Col-

ony.

Church Parade.

Yesterday the volunteers of the Reserve Force, numbering over 200, under command of Capt. Montgomery, held their regular church parade, the men of the respective denominations attending the R. C. Cathedral, St. Thomas's and Wesley Church. After service the different sections assembled at the foot of Garrison Hill and proceeded to Government House, where they were inspected by His Excellency, who congratulated them on their appearance and commended them for their patriotism in rallying to the defence of the Empire. Return to the Armory was made by way of Military and Harvey Roads.

Laid to Rest.

All that was mortal of the late Thos. Rogers, who was shot a week ago, was laid to rest yesterday afternoon. The funeral, which took place from the residence of his parents on the Southside Road, was largely attended. At the Cathedral Rev. Fr. Greene read the prayers for the dead. Interment was at Belvidere Cemetery. The funeral of the late Robert J. Power also took place yesterday afternoon. Among the large concourse of mourners was a representation from the Knights of Columbus. Rev. Dr. Greene officiated at the Cathedral and the remains were interred at Belvidere.

LOCAL FISHERY.—Boats did well with codfish on the local grounds this morning. One boat got five qtls. Traps are now ready to be put in the water, but ice conditions are a drawback.

FOGOTA BACK.—The s.s. Fogota, Capt. Dalton, arrived in port from the Fogo mail service at 6 p.m. yesterday, having been unable to reach further north than Greenspond, owing to ice conditions. Capt. Dalton is of the opinion that yesterday's south-west wind will clear the bays and give the Fogota a chance to proceed north. The Fogota brought a small freight and as passengers R. Wright, C. Standford, B. Kneeb, J. Hann in saloon, and 11 second class.
