## MAYOR STEVELY FOR THE WATER BOARD

Has Had Years of Experience  
and Understands All  
Problems.

Mayor Samuel Stevely is a  
candidate for the water  
commission, and if experience  
counts for anything, he  
should head the poll.

He is particularly  
adapted for service on the  
commission, for two years he has  
served on the board as mayor,  
and during that time he has taken a  
deep interest in the water problems.  
It is doubtful whether the recent by-  
law would have gone to the people had  
he not used his good offices to that  
end.

Mayor Stevely knows the situation  
from every angle, and his great ex-  
perience should stand the citizens in  
good stead at such a time as this.

As for the power question, he has  
been particularly sympathetic towards  
it. He has been closely identified with  
it for three years, and has a great  
grasp of the subject. During the past  
year he often took drastic measures to  
have the question brought to a  
proper solution, and its present ad-  
vanced stage is due largely to his ef-  
forts.

With a ripe municipal experience,  
and a close grasp of both the water  
and power problems, the citizens will  
make no mistake in selecting him for  
a position on this board.

## GREED OF THE LORDS

(Continued From Page One.)

It was possible to feel that, in the hands  
of the present government, our vital  
interests were jealously safeguarded.  
Shouts of "Yes" answered this ques-  
tion, and the Duke then said he was  
glad they could sleep comfortably at  
night, feeling there was no danger to  
four.

Land, his lordship went on, had not  
been a paying concern for a very long  
time.

"Why do you not give it up, then?"  
was the retort amid applause.

If electors did not wish to see the  
budget pass they must take care how  
they voted, because if sent up to them  
again the Lords would pass it.

When they voted let them  
remember it was the Lords who gave  
them the opportunity.

A Voice: Will they do it every  
year?

Clearly not, the Duke replied, add-  
ing it was very good fun once or  
twice, but they could not do it often.

"And you won't," rejoined "the  
voice."

"The Voice" was also heard at  
Lord Willoughby de Broke's meeting  
at Selby.

His lordship observed that their  
chairman had reviewed the political  
situation so clearly that—

A Voice: Clearly, (laughter.)

"You don't think it was clearly?"  
asked Lord Willoughby.

The Voice: No.

"Then you will have to have it all  
over again," the noble lord declared,  
amidst laughter.

Naval Sufficiency.

London, Dec. 31.—Ward, Labor M.  
P., states that the Duke of Sutherland  
and Joseph Chamberlain had petitioned  
manufacturers of Staffordshire to  
contribute £1,000 yearly each for five  
years to carry on the tariff reform pro-  
gram.

Respecting naval sufficiency, John  
Burns stated he preferred to take the  
opinion of Sir Percy Scott to the Daily  
Mail. What were the facts? Britain  
had now 1,800,000 tons displacement  
in warships, compared with Ger-  
many's 1,600,000. What about 1912? In  
1912 Britain would have over 2,200,000  
tons, against 826,000 by Germany.

MERCURY IS AGAIN  
ON UPWARD TRACK

Probs Say Mild and Weather  
Is Somewhat Improved.

After quite a prolonged season of  
cold the mercury is again on the up-  
ward track, though so far the advance  
has not been very noticeable in other  
than that it is possible for the pedestrian  
to walk down the streets without an  
uneasy suspicion that his ears are  
slowly freezing. It's a little matter,  
but it makes a vast deal of difference  
in the comfort of the said pedestrian.

Thursday night the lowest tempera-  
ture registered was 6 above, while the  
highest was 22.5. So once more the  
elderdown quilts can be stored away  
for a season and the furnace checked  
off, and it is even possible to leave  
the window open an inch without hav-  
ing to break the ice in the pitcher in

order to perform the morning adu-  
tions.  
The latter part of this month has  
been what is described as a "real  
Canadian winter," but the average of  
the month is sufficient to give the lie  
to the "Lady of the Snow" idea. In  
the past month the snowfall amounted  
to 21 inches and the rainfall to .39  
inches, while in the same month of the  
preceding year the snowfall was 23  
inches and the rainfall 1.93.

The highest temperature reached  
during the month was on Dec. 6, when  
there was a touch of the balmy  
spring with the temperature at 34.5  
degrees. The coldest burst of frost re-  
corded was on the 29th, when the  
mercury dropped to zero.

BOLD, BAD BANDITS  
RAN INTO A POSSE

Caught in the Act of Robbing a  
Bank and Two of Them  
Shot to Death.

[Special to The Advertiser.]

Guthrie, Okla., Dec. 31.—Five men  
who intended to rob the bank and the  
postoffice at Harrah, Okla., early to-  
day, ran into a party headed by  
United States Marshal Jack Abernethy.  
As a result two of the band-  
its are dead, one is in jail at Guthrie,  
wounded, and two others are pur-  
sued by armed citizens.

Frank Quigg, a former baseball  
player, was shot dead. He lived at  
Acheson, Kansas, and was a son of a  
wealthy mother, Frank Carpenter,  
another robber, was mortally wound-  
ed during the fight, and died late to-  
day in jail. J. C. Dilbeck, a third band-  
it, was slightly hurt.

Gave Plot Away.

The robbery was well planned, but  
Carpenter told someone of the plot, and  
postoffice inspectors learned of the  
plan.

The officers waited until the robbers  
began breaking in the rear door of the  
bank, and then charged. The robbers  
ran, and the deputies fired, wounding  
Carpenter and Dilbeck at the first vol-  
ley.

Carpenter in an ante-mortem state-  
ment said: "Bud Rogers and Pearl  
Wilson were the men that escaped."

He and his associate had, he said,  
recently robbed the Golden postoffice  
of \$2,000.

Dilbeck said that Rogers and Wilson  
were on top of the bank at the time,  
keeping watch, and thus escaped the  
bullets, and fled from town after the  
fight.

Quigg's brother, George, was a mem-  
ber of Roosevelt's rough riders in the  
Cuban war.

NEW YEAR'S AT OTTAWA.

Ottawa, Dec. 31.—The features of  
the New Year's celebration in the  
capital will be the levee of the govern-  
ment on Park Hill, which prominent  
citizens will attend, and the  
reception of Mrs. Sharrett, apostolic  
delegate, at which almost all of the  
prominent personalities of the capital  
will attend at the Knights' Columbus  
Hall.

GRANTS GET SHOW.

New York, Dec. 31.—Al Shaw, out-  
fielder of the St. Louis team of the  
National, was today released under  
the waiver rule of the National League  
to the New York Giants.
