

NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the Sanative Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."—Mrs. E. BOERNLIEB, 1130 Ash St., Louisville, Ky.

GAS ON STOMACH SOUR STOMACH INDIGESTION HEARTBURN Instantly Relieved by BISURATED MAGNESIA IN 5-GRAIN TABLETS AND POWDER FORM.

BISURATED MAGNESIA is a Magnesia compound especially prepared for the safe, speedy and certain correction of dangerous stomach acidity. It comes only in the form of five grain tablets and powder in sealed blue packages. Do not confuse with commercial magnesia, milk of magnesia, or citrate of magnesia. Look for the word BISURATED and get the genuine from DRUGGISTS EVERYWHERE.—Advt.

What Did You Do with That Match?

The suffering and loss caused by forest fires are common knowledge and, yet, carelessness with fire in the forest continues. These forest fires are practically all preventable.

Save Ontario's Forests They're Yours

Every individual who steps inside the woods should remember he is in the midst of highly inflammable property, for the upper layer of ground in the forest consists of partially rotted wood, which will burn. Lack of consideration for this gave rise to the strenuous situation in Ontario the last week of May and the anxiety for days in some settlements.

Thoughtlessness or bad judgment or carelessness cause practically all forest fires. Your co-operation, as a citizen, is needed to prevent these fires by taking the same care in the woods as in your own home.

INDIANS REALIZE THAT LONG FIGHT IS LOSING GAME

Men of Six Nations Unlikely To Continue Independence Struggle.

TROUBLE AT MUNCEY

Brantford, June 19.—Indians on the Six Nations reserve here are beginning to realize the futility of making or continuing their fight for independence, according to information received from there this morning.

Although Chief Levi General (Deskaheh) is still in Rochester, presumably continuing the fight on behalf of the dissatisfied faction of the Indians, the amounts of money being raised on the reserve are not so large as a short time ago, nor are funds being contributed so willingly. The Indians, notably the organization known as the Mohawk Workers, are beginning to worry as to where the money they have been sending across the border has gone.

Where Is the Money?

Reports have been brought back to Onondaga that Levi is using it to further his fight in the Hague, under the direction of George P. Decker, American attorney and adviser to the Six Nations council of chiefs. No accounting has been rendered to the men on the reserve as to his expenditures, and although several thousand dollars have been raised, no one seems to know where it has gone. No mention is made of money at the council meetings, and at least not while a representative of the Indian department is present.

General, who has been in Rochester since February, has not been able to get his family across to the States, they having been turned back when they attempted to move to the American city. General brother of the absent chief, feels sure that Levi will not return to the reserve. Chief Chumney Garlow is acting as speaker of the council in the meantime.

Trouble At Muncey.

Members of the Windsor detachment, Royal Canadian Mounted Police, passed through London this morning on their way to the Indian reserve at Muncey, where according to reports drunkenness and fighting has been prevalent recently, as well as a small amount of bootlegging. Constables Weeks and Nelson stated to The Advertiser this morn-

Indians of Chaugnawaga Dislike Government Order

New Law Compels Young Men and Women To Be Indoors After 9 p.m.—Chiefs Decide To Ignore Ruling.

Special to The Advertiser.

Montreal, June 19.—Papies of papooses paddling puddles at Chaugnawaga Indian reservation, have heard the walls of their offsprings, Jack Canuck, boy, had pale face, wants to drive the youngsters off the broadway of the reserve village, and protect the growing braves and squaws from the night life covered by the dazzling lights of River Drive, Chaugnawaga, by forcing their parents, big chief, chieftain and brave, to keep the papooses inside the house after 9 p.m.

The Canadian government's order through the department of Indian affairs, and voiced by the government

agents of the reserve, applies to all Indians under the age of 16 years. Fathers of families met on Sunday night in the Tribal Meeting Hall, under the presidency of Big Chief Dominique Two-Axe, to talk over the new order in indignant tones. The general consensus of opinion was that the pale face had exceeded his powers, that the law was another example of unjust interference with Indian affairs at Chaugnawaga, and that the order was issued only as a fresh measure of showing government authority. At the end of the meeting the chieftains decided to notify the department of Indian affairs of the decision to ignore the new ruling.

ing that they were on their way to the reserve to help the Indian agent at that point straighten out his troubles, which of late have been aggravated by the amount of liquor which has found its way into the reservation. They said they did not anticipate any trouble.

Contention Weeks is the officer who was made a target of at Windsor a few days ago when attempting to arrest some rumrunners of the border. He was fired at several times, but escaped with a minor wound on the leg, where a bullet grazed it. The border detachment is in charge of Sergeant A. Birtwhistle, who helped in the arrest and securing of confessions from John Ison, firebug.

Special to The Advertiser.

Muncey, June 19.—Two white men have been arrested here charged with selling liquor to the Indians on the reserve contrary to the provisions of the Indian Act, and will appear for trial before the representatives of the Indian office on Saturday.

Mr. McGookin, Indian agent at Muncey, told The Advertiser that there had been several cases of Indians and fighting on the reserve, and that he had been unable to discover the cause, outside of knowing that some persons were supplying the redmen with "fire water." Yesterday, acting on a tip supplied by one of the older and more sensible Indians, Mr. McGookin, accompanied by some police, caught the two white men selling liquor.

This morning two members of the mounted police arrived, and are making a trip through the reservation to see if the Indians are getting moonshine elsewhere.

Shipping Snails by Aeroplanes.

So great is the demand for stuffed snails, a popular dainty in London, that consignments are shipped daily from France by one of the aeroplane lines.

ROYAL ASCOT MEET OPENS IN BRILLIANCY

King George and Party Attend Races With Full Ceremony.

London, England, June 19.—With the royal carriages containing King George, Queen Mary, and the royal party, driven by grays and bays, with outriders, traversing the course to the royal inclosure, the race meeting at Royal Ascot opened today, and despite the cold weather that has prevailed for some time, promises to equal in brilliancy any former meeting. That the attendance will be up to the standard is shown by the demand for houses near the course, and as much as ten pounds has been obtained for a single room. Royal Ascot is the most important race meeting of the year, both from a social and a racing standpoint. It marks a distinct period in the London season and society turns out en masse, while the prizes offered are so valuable and the prestige of winning at Ascot is so great that the very best horses in training are to be found at Ascot.

Report Grain Crop Good Despite Heat In the West

C. P. R. Statement Shows Favorable Development and Farmers Generally Optimistic—Recent Rain Lessens Danger From Grasshoppers.

Canadian Press Despatch.

Winnipeg, June 19.—Over the three prairie provinces during the past week has been warm, temperatures ranging between 75 and 95 degrees, according to the weekly crop report issue yesterday by the agriculture department of the Canadian Pacific Railway.

Crops continue to show favorable development, and farmers generally are optimistic. Rain has fallen heavily over large areas in each province. Grain crops apparently have escaped injury from the cyclonic winds over the week-end, and will benefit greatly by the rainfall, which followed. Manitoba has had favorable wea-

MANY CITY CHILDREN SUFFER WITH TEETH

Dental Officer Reports 68 Per Cent of School Pupils Need Treatment.

Sixty-eight per cent of the children in London's schools are in need of dental treatment, according to the report for last year, just issued by the board of education.

In the report by F. W. Fuller, dental officer of the board, he says: "Last year the percentage was 76, so that 1922 was an improvement in this respect. In spite of this, I find that about half the children in the schools are getting no treatment either from private or from school dentists." Mr. Fuller later in the report asks the board to consider the appointment of another dentist. The tabulated figures of the report show that 1,003 children are suffering pain with their teeth, and that in the months examined there are 1,808 teeth missing from extractions that should have been in place; 2,888 children have perfectly healthy mouths, and 5,339 are in need of treatment.

REGIS LEAVES FOR TERM IN PRISON AT KINGSTON

Carl Regis, who was yesterday sentenced to three years in Kingston penitentiary by Magistrate Graydon, was taken to that institution this morning, leaving London on the 5:30 p.m. train, escorted by Governor Dawson of the county jail and a local constable.

BANDITS ROB BANK OF \$6200 NEAR CARIEVALE, SASK.

Associated Press Despatch. Lorraine, N. D., June 19.—Lorraine State Bank was robbed of over \$1,200 in cash and \$5,000 in liberty bonds Tuesday of last week. Lorraine is about 25 miles south of Carievale, Sask. News of the burglary had been kept secret in the hope that sheriffs and posses of men might come up with the yeags. Officials believe the robbery was committed by one of the organized international border bandit gangs.

POLICE CHIEFS GATHER FOR ANNUAL MEETING

Over One Hundred at Windsor From All Parts of Canada.

Special to The Advertiser.

Windsor, June 19.—Over 100 police chiefs from all parts of Canada arrived in Windsor last night and today for the 17th Annual Convention of the Chief Constables' Association. Officers were present from every leading city in the Dominion, Toronto being exceptionally well represented by Major-General Williams, Commissioner Cuddy of the provincial force, Chief Dickson, a past president of the association, Inspectors Wallace and McKinnay.

The convention was officially welcomed by Mayors Wilson, Windsor; Stodgell, Walkerville; McKee, Sandwich and Poisson, Tecumseh, and this afternoon the delegates when their wives were taken for a drive to Detroit.

Since arriving in Windsor, Chief Dubaut of Verdun, Quebec was taken suddenly ill and is in a critical condition in Hotel Dieu.

The convention will get down to regular business tonight when the first business session will be held.

ALD. WILSON LEAPS INTO ARENA.

Ald. William A. Wilson, ward two, picks up the gauntlet hurled by Mayor Wenig. "I'll resign tomorrow and run with him on the city hall issue," the ex-chairman of the board of waterworks stated this afternoon. "But he won't run. He's only bluffing."

Dry, Dull Hair Made Glossy and Beautiful By Olive Oil Shampoo

Tens of thousands of women now have beautiful hair that was once dry, dull, brittle. They have learned what all hair experts know; that olive oil must be used in the shampoo to leave hair soft and gleaming. You can prove this on your own hair. For you can use a delightful olive oil shampoo cheaply, at home. Get a bottle of PALMOLIVE SHAMPOO at any drug or department store. Follow the simple directions. You will be more surprised than anyone at the rapid improvement in your hair. For this gentle shampoo brings the loveliest softness and sheen to your hair.

An Unfailing Way To Banish Hairs.

(Beauty Notes.) Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about two minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Advt.

No Dingy Film

On the prettier teeth you see everywhere today

Do you realize how many prettier teeth you see in every circle now? And how many smile to show them?

It is so the world over. There has come a new era in teeth cleaning. You and everyone should learn how much it means.

Why teeth discolor

Film is what clouds teeth—that viscous film you feel it clings to teeth, enters crevices and stays. Food stains, etc., discolor it. Then it forms cloudy coats. Tartar is based on film.

Old methods did not effectively combat it. So most teeth were coated more or less. And few escaped the troubles caused by film.

Film holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Now ways to fight it

Dental science has now found two ways to fight that film. One way to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved those ways effective. Then a new-type tooth paste was created, based on modern

research. Those two film combatants were embodied in it for daily application.

The name of that tooth paste is Pepsodent. Now dentists the world over are urging its adoption. To careful people of some 50 nations it has brought safer, whiter teeth.

Mistakes corrected

Research also proved that former methods reduced Nature's tooth-protecting forces in the mouth.

Pepsodent corrects that mistake. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Watch it for a week

A test of Pepsodent will prove a revelation. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will quickly realize what this method means to the people in your home. Send the coupon for a 10 Day Tube. Compare it with the old-time methods. Cut out coupon now.
