## Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail. Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humers arise from an impure state o the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment, if well rutbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world. all parts of the world. Disorders of the Kidneys, Stone and Grave

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brough about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c. These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheesremedy for sore throat. Settled Coughs or wheering will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of heir infants whenever there is any hoarseness, ightness, or other affection of breathing. Bad Legs, Bad Breasts.-Old Wounds, Sores

and Ulcers.

It is surprising how quickly a sore, uleer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderit for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, seon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism. Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and daly perseveringly followed for some time and they assisted by powerful doses of Holloway's Pills.

The essence of these diseases lies in the blood, through each vessel the painwhich has floating through each vessel the pain-giving poison which vitiates and inflames every-tissue t comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Sold at the establishment of Professor Holloway, 244 Strand (near Temple Bar, London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices:—1s, 1%d; 2s. 9d; 4s. 6d; 11s., 22s., and 33s. each Pot.
