Provincial

Report On Hospital Bill Adopted On a Division By Eighteen

Resolution Asking Encourage ment to Shipbuilding Carried Unanimously.

Legislative Chamber, April 16, 1902. Mr. Speaker took the chair at 2:20

p. m. Hev. D. McRae offered prayer. Mr. McPhillips' bill to amend the Animals Act was read a first time. Mr. McPhillips' bill to amend the Youths' Protection Act was also read a first time.

THE JESSOP CASE.

Mr: Martin moved that a select com-mittee of this House be appointed to in-vestigate the following matters: 1. What jurisdiction Dr. Fagan, sec-retary of the Board of Health, has to interfere with the actions of the health officer of a municipality?

retary of the Board of Health, has to interference.
Ard that such committee consist of the shipbuilding industry and promised in the shipbuilding industry had sources therefor;
And that such committee consist of the following members, viz-Messified with the following members, viz-Messified with the manner in which the quarantine haw therefore delith of the officials of the Health. The officials of the Health doard had no right to interfere with the local that the local that the industry.
Mr. Mathir read from the News-Add guess for the saved in the second read signer and a quarantine was established, and therefore delith induced the authorities, interference.
Mr. Martin read from the News-Add wettiser of Sunday last a report that second in the desired of the BC. Southern subset in the case, and the source in the case.
Mr. McPhillips said Mr. Martin shortditon.
Mr. McPhillips

tion. Mr. McPhillips said Mr. Martin should have withdrawn his resolution before making remarks derogatory to a public officer of acknowledged ability.

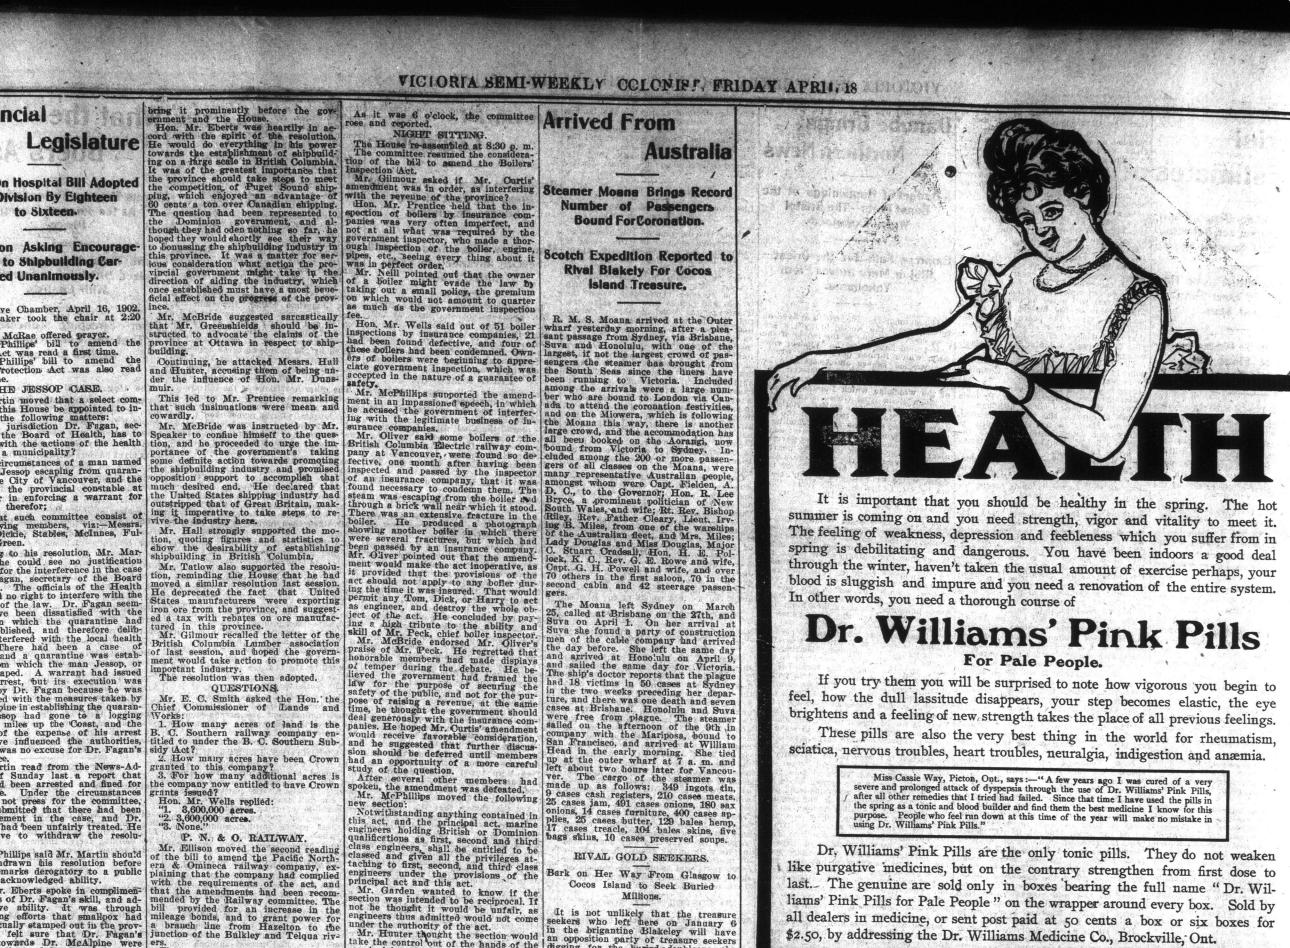

officer of acknowledged ability. Hon. Mr. Eberts spoke in compliment tary terms of Dr. Fagan's skill, and ad-ministrative ability. It was through his mutiring efforts that smallpox had been effectually stamped out in the prov-ince. He felt sure that Dr. Fagan's feelings towards Dr. McAlpine were most friendly, and he knew that Dr. Fagan had the highest opinion of Dr. McAlpine's professional ability. He was pleased that the resolution was to be withdrawn.

Mr. McBride would like to see the jurisdiction of the provincial and local health officers strictly defined. If there is was any clash of authority, the law should be so amended as to make a repetition of such a case as that before the House impossible. Section 12 of the House impossible. Section 12 of the House impossible. Section 12 of the House impossible made more specific. The resolution was then withdrawn.

pecific. The resolution was then withdrawn. FRASER RIVER DREDGING.

Mr. McBride moved that an order of

After several other menbers had detailed to have from a full case of the stammer was after the company now entilled to have for the several other members had been recompany now entilled to have setton:
 After several other members had been recompany of the stammer detailed to be stammer to the second reading based of the sector and third of the sector and the sector an

It is important that you should be healthy in the spring. The hot summer is coming on and you need strength, vigor and vitality to meet it. The feeling of weakness, depression and feebleness which you suffer from in spring is debilitating and dangerous. You have been indoors a good deal through the winter, haven't taken the usual amount of exercise perhaps, your blood is sluggish and impure and you need a renovation of the entire system. In other words, you need a thorough course of

Dr. Williams' Pink Pills For Pale People.

If you try them you will be surprised to note how vigorous you begin to feel, how the dull lassitude disappears, your step becomes elastic, the eye brightens and a feeling of new strength takes the place of all previous feelings.

These pills are also the very best thing in the world for rheumatism, sciatica, nervous troubles, heart troubles, neuralgia, indigestion and anæmia.

Miss Cassie Way, Picton, Ont., says :-- "A few years ago I was cured of a very severe and prolonged attack of dyspepsia through the use of Dr. Williams' Pink Pills, after all other remedies that I tried had failed. Since that time I have used the pills in the spring as a tonic and blood builder and find them the best medicine I know for this purpose. People who feel run down at this time of the year will make no mistake in using Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are the only tonic pills. They do not weaken like purgative medicines, but on the contrary strengthen from first dose to last. The genuine are sold only in boxes bearing the full name "Dr. Williams' Pink Pills for Pale People " on the wrapper around every box. Sold by all dealers in medicine, or sent post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

"Gentlemen o

Pres

ed soon.

Mr. McBride moved that an order of the House be granted for a return of all papers and letters received by the government, and the replies thereto, in connection with any proposed dredging operations on the Frazer river between Harrison river and Steveston, and whether under the supervision of either the Dominion or Provincial authorities, or both.
Hon. Mr. Wells said there were no papers or correspondence in his department regarding the matter.
Mr. McBride said the lands in question were being rapidly washed away by the yearly freshets, and it was important that the government should take the matter in hand and devise some means to stop the destruction of a large area of what might be made valuable agricultural lands. Under the eircunstances, however, he would withdraw his resolu.

CITY OF GRAND FOREKS. the Dominion or Provincial authorities, or both. Hon. Mr. Wells said there were no papers or correspondence in his depart-ment regarding the matter. Mr. McBride said the lands in ques-tion were being rapidly washed away by the yearly freshets, and it was important that the government should take the matter in hand and devise some means to stop the destruction of a large area of what might be made valuable agri-cultural lands. Under the eircumstances, however, he would withdraw his resolu-tion. CITY OF GRAND FORKS. The consideration of the bill to amal-gamate the cities of Grand Forks and

PUBLIC WORKS IN DELTA.

Columbia was resumed in committee Mr. Oliver in the chair. The bill was reported complete with Mr. Oliver moved, that an order of the House be granted for a return showing in detail all moneys expended in con-nection with public works in the riding of Delta for the period between July 1, 1900, and December 31, 1901.

BOILER INSPECTION.

BOILER INSPECTION. The bill to amend the Steam Boilers' Inspection Act was resumed in com-mittee, Mr. Fulton in the chair. There was considerable discussion as to an amendment proposed by Mr. Gilmour as to the qualifications of engineers holding certificates of service without examination, which was finally adopted. The amendment provides that an engi-neer with a certificate of service, series 2, given without examination, shall be qualified to take charge of the steam plant mentioned on the face of his cer-tificate. Mr. Oliver moved the resolution in order to draw attention to certain dis-crepancies in the annual report of the Department of Lands and Works. He Department of Lands and Works. He pointed out that certain road work was charged at \$6, which to his knowledge must have cost close on \$900. In an-other place where work was put down as costing \$240, it had actually cost over \$600, and so on. The report of the Department of Lands and Works was deceiving in many particulars, as he knew the larger amounts had been expended on the works in question. Hou. Mr. Wells moved the adjourn-ment of the debate.

bill of the begaring in many particulars, as he knew the larger amounts had been expended our the works in question.
Hon. Mr. Wells moved the adjournment of the debate.
Mr. Curtis moved that the act should not apply to boilers insured and inspected by an insurance company. He argued that in such cases no government in spection was necessary.
Mr. Hayward moved that an order of all correspondence, papers, letters, and documents passing between the government and any other person or persons with respect to the resolution of this thorse passed last session to bonus shipbuilding in this province.
Speaking to his resolution, Mr. Hayward called attention to a resolution on the subject of shipbuilding adopted at last session, and explained that his object in reviving the subject was to

pedition would be at the Island long be-fore the Broughton got around the Horn, and if the prophecies of the for-tune tellers were borne out, and the hole punched through the wall of the cave in which the treasure lay, on the second day, the crown with its jewels placed on Mr. Gilbert's head on the third, the eleven boat loads of "pleces of eight," sword hits of emeralds, dia-monds, and other precious stones, and the scowload fo Mexican dollars towed out; the expedition from Glasgow would only find the empty holes with perhaps a four-bit piece left for them as a consoliation prize. Mr. Hupter scored Mr McBride for his attempt to champion the working-men, which only served to show his total guorance of them. If Dominion marine engineers were accepted without exami-nation what would become of the proncial statio nery engineers whose places

they would take. After some further discussion, the mendment was defeated by a vote of 19 to 5.

DESMASTED SCHOONER.

Nelson; B.C., April 15.—(Special)—This evening James Amiot was eating supper at the Bartlett hotel, when he was sud-ienly taken ill. He was assisted to the open air and sat down on some lumber in the rear of the hotel and began vomit-ng. Suddenly he rolled over dead. A Sighted by Schooner Halcyon Off th Californian Coast.

ing. Suddenly he rolled over dead. A physician said that death was the result of acute heart failure. Deceased was a native of France, aged 60 years, and a plasterer by occupation. He leaves a wife and children in Quebec and a son somewhere in California.

All disorders caused by a billous state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or dis-comfort attending their use. Try them.

CHINESE EXCLUSION.

Debate in United States Senate Is Al-MARINE NOTES. most Ended.

Washington, April 15.—The debate on he Chinese exclusion bill was practical-concluded in the Senate today, and oting on the bill and additions will be

begun at 1 o'clock tomorrow. By gen-eral consent a vote was taken today on two important amendments offered by Mr. Fairbanks (Indiana), striking out the definition as to Chinese students and

the definition as to Chinese students and teachers, and they were agreed to with-out division. These changes were made with a view to reconciling some of the opposition to the measure which has been directed against the rigid restric-tions on students and teachers and the unnecessary inconveniences that would impose on the educated Chinese coming to this country.
