COMPLETE SURRENDER OF AUSTRIA-HUNGARY

Terms of Armistice With Austria Are Announced—What is Coming to Germany.

WASHINGTON, Nov. 4.—Terms of armistice under which the land and sea forces of what once was the Austro-Hungarian empire have laid down their arms, were announced to-day. They accomplish complete surrender, and open Austrian and Hungarian territory for American and allied operations against Germany.

From this drastic document, it may be stated, may be gleaned an accurate outline of the conditions bearing completion in the supreme war council at Versailles under which Germany may have a cessation of hostilities. The terms include complete demobilization of Austrian forces, surrender of one-half of all artillery and military equipment, occupation by American and Allied forces of such strategic places as may later be selected, use of Austrian railroads for operations against Germany, evacuation of all invaded territory, leaving behind all equipment and supplies, including coal, surrender of a portion of the Austrian surface and submarine fleets and disarmament of others.

Ships to be surrendered include fifteen modern Austrian submarines, three battleships, three light cruisers, nine destroyers, twelve torpedo boats, one mine layer and six Danube monitors, to be designated by the Allies. All other war craft are to be concentrated and disarmed under allied direction.

Free navigation of all Austrian waters by both the war and commercial fleets of the Allies is provided for.

All enemy naval armaments are to be put out of commission and concentrated under allied control. All Austrian harbor and other equipment in occupied Italian ports is to be left untouched.

The Danube route is to be kept open by the occupation, or dismantling of fortresses to be selected by the Allied commander. The existing blockade of the Allies against Austria remains unchanged. Austrian ships being liable to capture where found except where a commission, to be named later, provides otherwise.

All fortresses protecting Austrian naval bases or stations are to be occupied and the arsenal at Pola is specifically surrendered. All Allied craft held by Austria are to be returned immediately.

The only organized military force Austria is permitted to retain is limited to that necessary to maintain order on her own borders.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, he said, my weak condition kept me from getting well. I said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays find there are so many demands on their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—and a more serious ailment develops. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

CONTRACTS GIVEN FOR THIRTY-ONE STEEL STEAMERS

Construction Will be Carried Out in Canadian Shipbuilding Yards in Connection With Government's Programme.

Ottawa, Nov. 6.—Supplementary to previous announcement in connection with the government shipbuilding programme, the Hon. C. C. Ballantyne, Minister of Marine and Fisheries, announced last night that a contract has been placed with the several shipbuilding yards in Canada for the construction of thirty-one steel steamers, ranging in tonnage from 3,500 tons to 10,000 tons, and in course of construction at the time of the announcement. It is expected that the contracts for the construction of several vessels of this type will be placed in the near future at Halifax and possibly at Vancouver.

ONE MILLION PRISONERS Captured by Italians—Boots Valued at Five Billions—The News in Paris.

Italian Headquarters in Eastern Italy, Nov. 6.—The Italian army is gathering in the booty of its great victory. The value of the captured material will eventually reach \$5,000,000,000 (2) is estimated. It now includes 2,000,000 horses and 6,000 guns. By a rough count 1,000,000 Austrian prisoners are now in Italian hands. It is said that the defeat of the Austrians in the last drive was ten times more costly to them than the defeat suffered at Caporetto last year was to the Italians.

Italian troops are now beyond Bolzano and are slowly moving forward over roads impeded by the wreckage of war.

Paris, Nov. 6.—News of the capitulation of the Austro-Hungarian army was received here with quiet satisfaction. It had already been discounted, for it was so plainly inevitable that the back to the wall surprise, and it is but one in a rapid succession of stupendous events, which the mind has difficulty in assimilating. These sentiments are echoed in the newspaper comment this morning, which for the most part are extremely sober.

"I always believe in saving something for a rainy day." "How much have you saved?" "Oh, I haven't saved anything, but I believe in it."

YOU DON'T NEED TO GO

on suffering with that obstinate sore, if you will only use the great ZAM-BUK. This balm, owing to its unique composition, is the very thing for sores and skin troubles that have resisted ordinary treatments.

Mrs. Herbert Cox, of Port McNicoll, Ontario, writes: "For nine years I suffered with an abscess on my face, which was both painful and disfiguring. I had the abscess lanced repeatedly, but it still remained. I also tried ordinary ointments, but without any permanent benefit. Finally the doctor told me I had a tumor on the bone, and would have to undergo an operation, which I did; but instead of improving, the wound only became worse. I was in despair when a friend got me to try ZAM-BUK. I soon noticed a marked improvement. ZAM-BUK seemed to get to the very root of the trouble, and in the end the abscess was entirely cured—not even leaving a scar. This was a year ago, and there has been no return of the trouble."

ZAM-BUK is not a mere ointment, but a rich herbal balm. Unequalled for eczema, scalp sores, ringworm, boils, bad legs, blood-poisoning, piles, cuts, burns, sprains, scalds, and all skin injuries. 50c box, 3 for \$1.25, all druggists or ZAM-BUK Co., Toronto. Send 1c stamp for post-free trial box.

Sir Thomas White's Appeal to Canadians

Points Out Great Need of the Victory Loan to Carry On the War.

On the opening of Canada's great Victory Loan drive the Minister of Finance issued the following message to the People of Canada:

The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I can not too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unequalled success.

SIR THOMAS WHITE, Minister of Finance under whose direction the great Victory Loan drive for \$500,000,000 is being made.

The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.

Apartment from patriotic considerations which should alone suffice, it is the duty of every individual Canadian citizen to contribute to the Victory Loan. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value.

All citizens are earnestly invited to subscribe. Remember, you are asked not to give but to lend your money to the state. Small subscriptions from those of slender means are as welcome as the large. In the last Victory Loan we received subscriptions of over four hundred million dollars from over eight hundred thousand subscribers. This year we expect five hundred million dollars from more than a million subscribers.

Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the strength, unity and determination of the Canadian people in this world struggle. Even if the war should end at an earlier date than has been anticipated, all the money asked for will be required for the purpose of indemnifying the government for the continuation of credits for the purchase of Canadian products for the organization and publicity work in connection with the Loan has been completed after many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree, I am entirely confident.

W. T. WHITE, Ottawa, Oct. 28th, 1918.

CANADIAN ARMY AND THE VICTORY LOAN

War Costing Canada Over Million Dollars a Day — \$100,000,000 Will Be This Year's BILL.

Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 22,000 have gone overseas. Canada's 1918 war bill will be \$100,000,000.

Canada's war expenditure is now \$23,000,000 a month. It exceeds \$1,000,000 a day. The 22,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill. Subscriptions are needed through the Victory Loan, even though peace should come to-morrow.

BANKS WILL LEND.

In order to help our small subscribers to the Victory Loan the banks will lend subscribers, on the promise of certainty of repayment within a year, up to 50 per cent of the amount of the investment in the Loan. The rate of interest charged by the banks is 5 1/2 per cent. Repayment is to be made monthly and quarterly. These are much better terms than were granted last year.

There are over 425,000 Canadians who will have to be kept for at least a year, even if peace were to come this month. No one who looks at the casualty lists can do otherwise than subscribe every dollar possible to the Victory Loan.

The Canadians in France have set a high standard for those at home to reach in the Victory Loan campaign. Canada must put every ounce of effort into the Victory Loan drive.

Over-subscribing to the Victory Loan would have a wonderful effect on the Canadian Corps in France. It would be the best thing that Canada could possibly do.

"Bothered with time-wasting callers, are you? Why don't you try my plan?" said the first.

"What is your plan?" said the second.

"Why when the bell rings I put on my hat and gloves before I open the door. If it proves to be someone I don't want to see I say: 'So sorry, but I'm just going out.'"

"But suppose it's someone you want to see?" said the second.

"Oh, then I say: 'So fortunate I've just come in,'" said the first.

SAVING SUGAR.

In a statement on the sugar distribution difficulty, the Chairman of the Canada Food Board, Mr. Henry B. Thomson, says:

"Since last May, when the use of sugar in Canada was rigidly cut down, manufacturers, candy makers, public eating places and large users have been enabled by the rulings of the Canada Food Board.

Approximately 500,000 tons of sugar will be required in Canada for 1918. Only 12,000 tons of this will be used in the confectionery industry. If the Food Board issued an Order absolutely closing down the factories, we should disorganize the industry and throw hundreds of people out of work.

If the people in the homes would not put the "second spoonful" of sugar in their tea and coffee it would save 50,000 tons of sugar a year. This amount is more than four times the sugar allotment to the confectionery manufacturers. It could be done with a little good will.

Notwithstanding the Order issued on September 15th, there is reason to believe that a large number of people hoard sugar in the homes. It is only a little possibly, in some cases, but when multiplied by the number of homes in Canada, it is a huge quantity in the aggregate. There is possibly also a good deal of waste which, if checked by everyone, would make the situation easier.

It is for the consumer to "get in behind" the Food Board now as the manufacturers have done. There will then be an ample supply of sugar for all."
