No Use for Brown-Squard's Elixir of Life.

Mr. James Thomson of Laganaville, who has suffered with Dyspepsia and Nervous Debility and whose condition had become so bad, after having been treated for a long time by the best physicians of Glasgow, Scotland, who told him he could not be cured, came to Canada hoping that a change of climate might, if it did not effect a cure, at least lessen his suffering, but this hope was not realized, and he was advised to try the Elixir of Life. He took one bottle, and the result was that he was able to eat and sleep, and his condition improved so much that he was able to return to his home in Scotland, and he has since remained there in perfect health.
