AS A WORKING TOOL

for the student and the writer, as an authoritative reference book for schools, teachers, families, business and professional men, there is one book which offers superior advantages in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of mis-information illogically arranged.

The St. James Gazette of London, England, says: "For the teacher, the pupil, the student and the literateur, there is nothing better; it covers everything."

The New and Enlarged Edition recently issued has 25,000 new words, a revised Biographical Dictionary and a revised Gazetteer of the World, 2,380 pages and 5,000 illustrations. It has just received

THE GRAND PRIZE
(Highest Award) at the World's Fair, St. Louis.

Our name is on the copyright page of all authentic Webster's dictionaries.

FREE—"A Test in Pronunciation," instructive and entertaining for the whole family. Also illustrated pamphlet.

One ounce Fluid Extract Dandelion;
One ounce Compound Salutaris;
Four ounces Compound Syrup Sarsaparilla;
Mix, and take a teaspoonful after meals and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition.

He further states that anyone suffering from afflictions of this nature will find it to be very beneficial, and suggests that it be given a trial.
