Nova Scotians And The
Thrift Campaign

The Opportunity Of Saving In Small
Amounts And The Means Of Mak-
ing This Effective By War
Stamps Plan

Nova Scotia has done well in the
National Thrift campaign which
has been in operation for more than
six months, and the plan for thus
mobilizing our war savings has
justified the work and energy put
forth to make it a success. It is
beneficial to the people who through
it are enabled to practise the virtue
of thrift and at the same time is
helpful to the country which must
have the use of borrowed capital in
this period of the country's recon-
struction and besides there is the
great advantage of borrowing at
home and not abroad. The interest
payments remain with ourselves.
There is no doubt of the great ad-
vantage to the citizen of Nova
Scotia, that he should thus learn to
save the small amounts systematic-
ally and thus witness the rolling up
of a great aggregate with advantage
individually to himself and collec-
tively to the nation as a whole.

This province has done well in
the war saving and thrift cam-
paign. Our people have saved an
amount which places the province
fourth in the Dominion and it may
yet be higher.

The children in the schools of
Nova Scotia have done particularly
well in the thrift campaign. A
school in Colchester, for instance,
has the honour of outstripping all
its rivals in the amount its pupils
saved per capita during the past
six months. All the schools of the
province should be engaged in this
good work. There is pleasure in
seeing one's savings grow and the
satisfaction is increased when it is
remembered that he or she who
saves is not only doing something
for their own personal benefit but
is at the same time helping in a
great national work and doing
something to make Nova Scotia
and the whole Dominion a better
place to live in, a country where
our people shall become more pros-
perous, more happy, and more
independent.

A Thrift Stamp costs 25 cents.
Sixteen of them purchase a \$4.00
War Savings Stamp which in the
year 1924 becomes worth \$5.00.
Ten of these Stamps with a face
value of \$4.00 will give you, from
the Government, not \$4.00 but
\$5.00, on the first of January 1924.
A good return on your investment.

Mr. McKeen, of Halifax, is the
Chairman of the National War
Savings Committee, Nova Scotia,
and F. N. Dewar, is the Secretary.
Write to either of these gentle-
men and you will at once receive
literature and all the information
you require. The address is:—
National War Savings Committee,
Metropole Building,
Halifax, N. S.

Harborville By The Sea

(Western Chronicle)

The Old Man is a firm believer in
religion but the kind some people
seem to have is not his kind. He
believes in a religion that makes for
joy and happiness, a religion that
enables the owner of it to see what
is good and beautiful in nature
and in human as well as animal life,
and not in the kind that pulls down
the blinds on the Lord's day to
keep God's pure life giving sunshine
out. No wonder they carry their
religion as though they were carry-
ing a heavy burden.

The Old Man asked Deacon Boyd
Parker on Sunday last why he did-
n't fly our glorious town flags and
he replied "that if he did a certain
preacher, not our regularly appointed
one, would give him the devil."

That set the Old Man's thinking
machine going at a forty mile an
hour clip and he is still wondering
to what better use you could put
our grand old flag than to fly it to
salute God's sacred day.

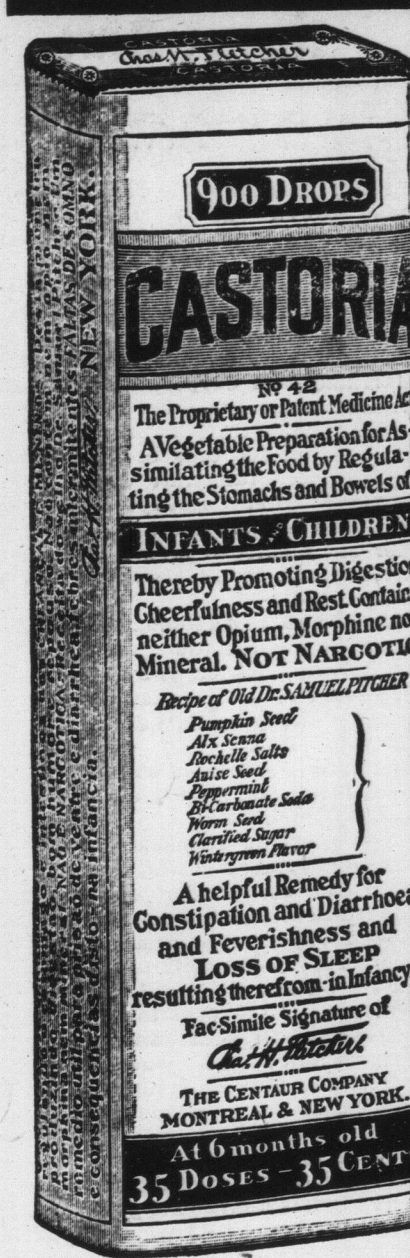

Doesn't the sun rise on that day
and shine in all its celestial splen-
dor? Surely if the Grand Architect
of the Universe had intended re-
ligion to be a thing of gloom, he
would keep the sun doused on His
day.

We have too god darn much of
the gloomy longfaced hypocritical
religion, and too little of the real
simon pure article. Amen.

Still Going Up

The cost of living is still going up
some. The rise during June on 29
staple articles of food was however,
only 12.5 per cent—7 cents on a
five dollar purchase. The rise on the
same articles since June 1914, is
nearly 87 per cent—\$4.35 additional on
a \$5.00 purchase. That is, for the
purchase of food 53 and a half cents
five years ago was equal to a dollar
now, or it takes \$10 now to buy the
food \$5.35 would buy then.
