**Coe's Super-Phosphate of Lime FOR WHEAT.**

THE following testimony is from an extensive Wheat-grower, and the best of authority:

{ Near Frederick, Frederick Co., Md.,  
January 2, 1863.

DEAR SIR,—I have used Coe's Super-phosphate of Lime for several years past with unqualified success, and last season it proved particularly satisfactory. Ten acres of land which is more than an ordinary poor quality was treated in the following manner:—On one half piece I used Coe's Super-phosphate, at the rate of 200 lbs. to the acre; on the other half I used Guano at the same rate, and sowed wheat. On the five acres on which I used phosphate, I had at least twenty-five per cent. more wheat, and the berry was much larger and of a nicer quality than where the Guano was used, and also the straw was much the heaviest where the Phosphate was used. I have used Coe's Phosphate in different ways, and on different crops, and the results have been highly satisfactory.

Very truly yours,  
JOHN H. DETRICK.

**THOROUGH-BRED SHORT HORN FOR SALE.**

**MORETON DUKE**, got by Mr. Stone's Bull 3rd Grand Duke, 2292, calved 9th June, 1860.
