## Let Us Heat Your House...

WITH OUR

## Hecla Coal or Wood Furnace

in which we have incorporated all the latest improvements in Furnace construction.

The Dome and Radiator are combined and constructed with our Patent Fused Joint, making it absolutely gas-tight.

It is fitted with a large double-feed door, making it suitable for large, rough wood.

The fire-pot is in two pieces, with a flanged extended surface, which keeps it from warping or burning out.

The Hecla works perfectly with any kind of fuel; hard coal, wood and soft coal, for which we provide a Hot Blast attachment which ensures perfect combustion.

Send a rough sketch of the building you want heated and we will give you estimates and advice.

We Manufacture all kinds of  
Furnaces, Stoves and Millwork.

## Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the salt they use. Some people think that "salt is salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest salt should be used.

The number of prizes obtained by users of

### "RICE'S" or "COLEMAN'S" DAIRY SALT

at the various exhibitions is conclusive proof that these brands of salt stand unrivalled. For prices, etc., address
