

CHICAGO MARKET.

WHEAT SHOWS SOME IMPROVEMENT—CORN DULL AND EASY—PROVISIONS ACTIVE AND STRONG.

Chicago, June 28.

There was an advance of 1/2 penny in Liverpool cables for wheat this morning and in line with this wheat opened here at a slight advance of from 1/4 to 3/4 p.c. There was an early disposition to sell on the bulge, and prices receded to 72 1/2 for July and to 74 1/2 for December. However, buyers were quick to take advantage of the decline and prices advanced as quickly as they had gone down. July sold up to 73 1/2 for high, and September at 75. Towards the close there was a fractional settling off, but the net result of the day's operations show slight advances in all options over the closing prices yesterday.

Corn was very dull and somewhat easier in price. Some lines were thrown over on strong spots in wheat, but the decline is fractional and unimportant.

Oats were firm, with no change in quotations.

Provisions again advanced, and the tone is very strong.

European cables for wheat are higher this morning, being about equal to the advance made by this market yesterday. Northwest receipts are still heavy, 924 cars against 910 last week and 74 last year. Seaboard clearances show a falling off, these being 102,000 bushels against 323,000 last week and 46,000 last year. Cash demand is fairly good. The impression is that English markets will respond quickly to improvement here, and that as soon as the market steadies, foreigners will purchase freely.

The strength in corn continues on light country offerings, and continues good cash demand, especially for export. Seaboard clearances are 513,000 bushels. It is thought that in the near future receipts will run much smaller.

Oats rule strong in sympathy with corn. Country offerings are light, and cash demand is good, New England being a large buyer. Trade is large and undertone shows strength.

Provisions are strong and higher. Traders are watching the market closely. Cash demand is good and the shipments are very large.

Chicago receipts car lots wheat 152, corn 810, oats 248, and hogs 37,000.

CHICAGO MARKET—June 28, 1899.
