

CORNER OF VICTORIA SQ. & CRAIG STREET is one of the largest and best equipped commercial educational institutions in America. The building it occupies was purchased during the past year for the College at a cost of \$53,000. The permanent teaching staff consists of six gentlemen and two ladies, specially selected for their proficiency. The studies will be conducted under the personal superintendence of Mr. Davis, the principal. The College teaches a thorough commercial course. The type-writing and short-hand course is taught in both languages, by the same system, and includes grammar, letter writing, business forms, etc. The Practical Department for teaching details of office work, is unequalled in the Dominion.

Brains and Capital

IN every partnership there are two factors of great importance: the managing brain and the capital employed, and if death removes either the business must suffer. It often happens that the brains belong to one man and the capital to another. If the manager dies the capital is worth less than before; if the capitalist dies and his capital is withdrawn, the manager is crippled. It is clear that each has an insurable interest in the life of the other because the profits of each depend in part upon the life of both. The firm should, therefore, take one of the Unconditional Policies of the Manufacturers' Life, which are free from all restrictions as to travel, residence or occupation, and are absolutely indisputable on any ground whatever after the FIRST YEAR.
