E. V. WILSON,

General Travelling Agent.

Observatory, Toronto, Sept. 9, 1851.

At the request of Mr. Wilson I have examined his Lightning
Conductor, and heard his explanation respecting it. His views
appear to me to be reasonable and correct, and the Metallic
Point a good form of the instrument: the Platinum Point is an
essential part of it, but I do not consider the Magnets to be so, or
that they can have any possible effect, good or bad, as such; as
additional points, the opinion of the best authorities is that such
are of no use; one good point being all that is necessary, but
they can do no harm.I further state, at Mr. Wilson's request, that in my opinion any
building so elevated as the St. Lawrence Hall, or the Lunatic
Asylum, ought to be provided with several Points, and several
Conductors, which latter should be placed in good metallic com-
munication with the tin covering of the roof and any other
considerable masses of metal about the building. The Conduc-
tors should be led off to the iron water pipes underground.

Thomas Champion, Esq.**AGENT**—E. TAYLOR DARTNELL, Esq. Office—25, Albert Buildings King-street East, Toronto.The distinguished success which has attended the establishment of the Church of England Assurance Institution
in the United Kingdom, India, &c., has induced the Directors to open a Branch Office of the Company in Canada,
with a view of extending the peculiar advantages of this Institution to the inhabitants of that Colony. They feel
satisfied that such advantages will be duly appreciated by the Public, and that the same distinguished success will
attend the Company's establishments in Canada, and the same powerful support be given to it by the Clergy and Laity
residing in the Colony, as have already marked its progress in India and in Europe.In order to insure such success, and to merit such support, the Directors have, for a long time past, been engaged
in repeated deliberations and consultations with men well conversant with, and experienced in, the principles and
practice of Life Assurance, with a view to the formation of Branch Establishments in the British Colonies, which will
best ensure the three main objects of Policy-holders, viz., SECURITY, ECONOMY, and CONVENIENCE. And they trust
that the result of their deliberations has been such as to present to British subjects, resident in these Colonies, as
perfect a system of Assurance, in all these respects, as is practicable, or can be desired.The SECURITY of Policy-holders in Canada is made complete by the large subscribed capital of the Company,
guaranteed by a numerous and influential body of Proprietors; whilst for their immediate benefit and protection, AN
ADEQUATE FUND WILL BE INVESTED IN CANADIAN SECURITIES, so as always to be immediately available to provide
for whatever casualties may arise.The ECONOMY of Policy-holders has been consulted by the adoption of Tables, deduced from the most complete
and extensive observations of the rate of mortality among Assured Lives. They have been constructed expressly for
the use of the Church of England Assurance Company; and are framed on the lowest possible scale consistent with
the security of the Assured.By the constitution of the Company, one clear tenth of the entire profits of the Institution is applied to the for-
mation of a fund, called "THE CLERGY FUND," for the Relief of Distressed and Deserving Clergymen, and the Widow
and Orphans of Clergymen, and also for granting aid to enable Clergymen with limited Incomes to provide for their
Families by Assuring their Lives at Reduced Premiums.Premiums on Assurances by Table II, may be paid either yearly, half-yearly, or quarterly, as may best suit the
convenience of the Assured.Death by suicide, duelling, or the hands of justice, will not render the Assurance null and void, if the Policy be
duly assigned to another party for a bona-fide consideration.

Claims will be paid within three months after proof of death.

Policies forfeited by non-payment of Premium, may be revived within twelve months, upon proof of the same state
of health, and the payment of the Premium in arrear, with interest thereon.The Assured, not being engaged in any Military, Maritime, or Naval Service, will be permitted, without extra
Premium, to proceed from one part of British North America to another. Also, to proceed to or from any part of the
United States not further south than the latitude of the city of Washington, or further West than the River Missis-
sippi: they will also be permitted, in time of peace, to proceed in first-class steamers to or from any port in Great
Britain or Ireland.Parties engaged in or entering into the Military, Maritime, or Naval Service, or parties proceeding beyond the
limits above mentioned, will be charged such additional rate (to be ascertained by application to the Agent), as the
circumstances of the case may require.Upon payment of the Premium, in cases where the Assurance has been accepted definitely, a Certificate will issue
at once, to be held by the Assured until it can be exchanged for a Stamped Policy, under the Hands and Seals of three
of the London Directors. In cases where the Assurances shall be entertained, only pending the decision of the London
Board, a memorandum of conditional acceptance will be issued, until the receipt out of the Company's advice, conveying
the Stamped Policy, or the rejection of the Assurance,—the Company holding the life assured in the interim.**SPECIMENS OF RATES.****SHORT TERMS.****SPECIMEN OF PREMIUMS required for the Assurance of £100, for the respective terms of One and Seven Years.**
