Montreal is evidently taking a great interest in the military contest, as is proved by the fact that Captain and Adjutant Macpherson has occupied the leading position for so many days, and that the boys of the Victoria Rifles have been given so good a support. The list of battalions shows that the Grenadiers must have made an extra effort yesterday, as they are now third in position, the 13th Battalion dropping to 5th place. It is rumoured, however that the Ambitious City is preparing a surprise, and Toronto had better look to itself if it intends to keep in front. The list of officers, it will be observed, is rapidly growing, and in consequence it makes daily an increased demand upon our space. A change in the position of leaders has again occurred, and Captain Symons resumes his former place.

CONDITIONS GOVERNING THE CONTEST.

A coupon will be printed in each copy of the morning edition of the *Toronto Mail* and in each copy of the *Western Mail* up to July 1st, and each of these coupons, properly filled up, if sent to the *Mail* Office by July 6th, will count as three votes for each prize. The voting power of any individual is not limited. The coupons may be sent in singly or in bundles. The Battalion or Corps receiving the largest number of votes will be presented with two horn cups mounted in oxidized silver and gold, and the officer receiving the largest number of votes will be presented with the solid silver pitcher and salver. Coupons sent of *Morning Evening* and *Weekly Mail* will be counted in the manner specified on each. Announcements of the state of the polls will be made from day to day as space will permit.
