A GREAT LOSS!

If you have any pipes or boilers uncovered, you are
losing on same at the rate of 80 cents every year on
each square foot of surface exposed. By having them cov-
ered with our *Mineral Wool Sectional Covering*
you will save 85% of this loss. The saving thus effected
in fuel will in one year more than pay the cost of cover-
ing, which we guarantee to last as long as the pipes.
Our covering is the best fuel saver on the market.
