On Tuesday, December 8, President Reagan and General Secretary Gorbachev signed an historic agreement to eliminate intermediate-range nuclear missiles. . . .

The agreement introduces the most stringent verification measures yet seen. For the first time, American and Soviet inspectors will be stationed on each other's territory. Measures like these are essential, not only to ensure compliance but to build trust. This precedent will be extremely valuable for future arms reduction accords.

Prime Minister
The Right Honourable
Brian Mulroney,
Press Release,
10 December 1987
