

Convention]:

[(a) Its quantified objective [selected under Article \_ (*QELROs*)];]

[(b) Its [national plan/National Action Plan] [made under Article \_ (*policies and measures*)];]

[(c) A detailed description of the national measurement system it has in place, and an inventory of the emissions derived from these measurements;]

[(d) [A detailed description of] the policies [, programmes] and measures [it has undertaken to implement/adopted and implemented to meet/taken] [its commitments] under Articles \_ (*QELROs and policies and measures*)];]

[(e) A detailed description of relevant national compliance and enforcement programs it has in place, as well as a description of their effectiveness, including actions taken in cases of non-compliance;]

[(f) A specific [quantified] estimate of [the/their] effects [that these policies, programmes and measures will have on] [and its resulting [quantitative] projected] anthropogenic emissions [by sources and removals by sinks of its greenhouse gases] [and, as appropriate, their costs];]

[(g) Information on the [full] costs and benefits of the policies and measures described in subparagraphs \_ above, [and on how such policies and measures form part of a least cost implementation strategy. At their first Meeting, Parties shall consider and agree on methodologies for Annex I Parties to undertake calculations of the [full] costs and benefits referred to above];]

[(h) In particular, the results of reviews of national policies and practices referred to in Article 4.2(e)(ii) of the Convention and any significant changes identified;]

[(i) Its voluntary goals established by the use of the indicators referred to in Article \_ (*policies and measures*) if the policies and measures referred to in subparagraph (c) above are planned or are under implementation, and assessment carried out by the use of the indicators referred to in Article \_ (*policies and measures*) if the policies and measures referred to in subparagraph (c) above have been completed;]

[(j) [A quantitative] Projection of [its net] anthropogenic emissions by sources and removals by sinks of CO<sub>2</sub>, [through the budget periods] [until around the middle of the twenty-first century], [in accordance with guidelines to be developed by the Parties];]

[(k) Detailed information on any emission reductions or sink enhancements received from another Party in accordance with Article \_ (*cooperative efforts by interested Parties*)];]

[(l) In addition to the information required to be submitted under the paragraph above, each Annex [Q] and Annex [Q1] Party shall submit to the secretariat, on an annual
