UIC—LUMBERING OPERATIONS

Question No. 882—Mr. Lambert (Bellechasse):

Did the government sign an agreement with Maine, USA on lumbering operations in the State by Canadian contractors and, if so, what are the terms of the agreement?

Hon. Jack Cullen (Minister of Manpower and Immigration): In so far as the Unemployment Insurance Commission is concerned: it has not entered into any agreement with the State of Maine specifically in connection with lumbering operations by Canadian contractors in the State. There is however a reciprocal agreement between Canada and each of the individual states of the USA respecting the eligibility and payment of unemployment insurance benefits. This agreement has been in effect with most states since 1942. The State of Maine, however, did not subscribe to the agreement until January 1, 1972. The agreement enables persons living in Canada who have worked in Maine and who have credits under the Unemployment Insurance program of that State to claim against those credits through the office of the Unemployment Insurance Commission serving the area in which they reside. The reverse is also true for Maine residents having Canadian credits. In both situations the individual is paid by the Unemployment Insurance agency from which he derived
