GREAT DAY FOR CHILDREN

Playgrounds Association Will Wind Up Summer Work at McCormick Grounds on Saturday.

The Toronto Playgrounds Association are planning a great day to wind up their summer work at Brock avenue playground on Saturday. The event will be in the nature of a noisy frolic for the children, and should not fail to attract scores, as ice cream, cake and fruit is to be supplied to all taking part. Free cars will leave the corner of the city carrying a delegation of children from the various playgrounds to the McCormick grounds. It is the first time an affair of this kind has been attempted in Toronto, and should prove a grand success, from the children's standpoint, at least.

Numerous interesting items will be on the program. Over one hundred girls will take part in artistic folk dances and graceful out-of-door calisthenics. There is to be a contest for the twelve best girl dancers from the three association playgrounds, in addition to a rope-climbing contest for girls, and also a tug-of-war.

The girls' high jump, left unfinished from the Scarborough Beach meet, should also add to the general interest.

The building is to be decorated with work that the children have done on the playground, and some very fine work will be shown. During the afternoon the president of the playgrounds, Mr. J. W. Rowell, K.C., will give an address.

The boys will not be idle on this afternoon, either; they will show what they can do in gymnastic and athletics, while both before and after the festival baseball games will be played to decide the two Playgrounds Association championships.
