

meetings have been held, and the change in location and room of meeting have been a source of pleasure to both Teachers and Scholars.

Attendance.—We are gratified in being able to report a change for the better in our numbers and average attendance, and this notwithstanding the felt want of a Pastor; for some years our attendance was on the decline, but we trust that with the settlement of a Minister our position will be much more improved.

The statistics are as follows :—

Scholars on the roll	167
Average attendance	136
Teachers on the roll	25
Average attendance	21

Scheme of Lessons.—The International scheme of lessons has been in use during the past year, the subjects for study being of a deeply interesting character.

Meetings.—The school continues to meet as heretofore on Sabbath afternoons, at three o'clock, and at the close of each day's exercises the meeting for prayer has been continued. Business meetings have not had the usual attention, but we shall endeavor in the new year to give this part of our work the care that is needed for the efficient working of the school.

Missions.—Another cause for thankfulness is the sustained interest of the School in Mission work. The contributions for the year have been as follows :

Sabbath and Box Collections	\$173.73
Collections by Missionary Society	99.05
	<hr/>
	\$272.78
Special Collection in aid of the Building	
Fund of our Church	\$163.22
	<hr/>
Making a Total of	\$436.00
