"I am often asked why Chamberlain's Cough Remedy is best for babies. Well, there are several reasons:

First: It is perfectly harmless and can be given with every confidence to the youngest or most delicate child.

Secondly: It contains no alcohol, opium, chloroform, morphine or any other narcotic.

Thirdly: Children like it, and no persuasion is needed to

get them to take it.

For the above reasons alone it is impossible to get a better medicine for babies than
