WATER SUPPLY CUT DOWN BY ACCIDENT TO WORKS

Shaft of One of the Pumps Breaks—One of the Consequences of Aldermanic Recklessness.

HAMILTON, Aug. 25.—(Special.)—The action of the Aldermanic clique in delaying the signing of an agreement with the Hydro-Electric Power Commission has placed the city in a very predicament, and for the next two weeks the people may suffer much inconvenience, and perhaps real hardship.

In 1907 the ratifiers of the city authorized the city council to enter into a contract with the Hydro-Electric Power Commission and the following year they again approved of the hydro contract and voted the council money to install new electric pumps, it being the intention to use the present pumps only as auxiliaries, instead of carrying out the will of the people.

The majority of the Aldermanic clique had made a contract for power with the Cataract Power Company. The contract was attacked by the people, and it was found that it was invalid. On account of the litigation, the order for the new pumps could not be given.

When the people voted last June for the time in favor of making a contract with the Hydro Commission, the new pumps would have been ordered immediately, but the Aldermanic clique once more made an attempt to delay the matter.

The council was granted restraining orders from making a contract with the Hydro Commission, the new pumps would have been ordered immediately, but the Aldermanic clique once more made an attempt to delay the matter.

The police say they may amend the charge against him. Octave Lagare, Birch-avenue, had his left leg broken at the Magee-Walton contract and voted the council money to install new electric pumps, it being the intention to use the present pumps only as auxiliaries, instead of carrying out the will of the people.
