Had Given Up All Hope of Living.

Heart Trouble Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan's, N.B., writes:—"In the year 1905, I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors, but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and third one, and I was perfectly well and

have not been sick since then. "I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now." The Thirty years' successful record of Dr. Slocum's PSYCHINE in Canadian homes has been due alone to its great merits. The following are a few of the many thousands of testimonials that

Mr. Thomas Wylie (Box 384), Galt, says: "It was the luckiest day of my life when I struck PSYCHINE, for I truly believe I shouldn't let alive now but for that.

"A neglected cold was the beginning of my trouble, and what seemed to be a simple allment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to 'hand in my checks,' although only 20 years of age. The medicine the doctor gave me made me worse, and I got disgusted. Then I struck PSYCHINE."

"PSYCHINE did miracles for me. The first bottle gave me new life and courage, and in less than no time I began to put on flesh rapidly, and I felt I was on the high road to recovery. My appetite returned, and I 'ate like a hunter,' as the saying goes. My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a day's illness since. Nobody could wish for better health than I enjoy, and it is all owing to PSYCHINE. It should be in everybody's home."

Mrs. M. E. Harron, of Newton, Ont., writes: "I must say our son would have been in a consumptive's grave long ago had it not been for PSYCHINE. He was taken down with La Grippe and a severe cold. His whole system was weak, including his lungs, which were seriously affected, as is always the case after La Grippe.

"After taking several remedies and treatments we procured PSY-CHINE, and tongue cannot tell the marvellous results brought about in two months. He gained over twenty pounds in weight, and strength and appetite returned."

Mr. Harron himself is most emphatic as to the beneficial result of using PSYCHINE. He declares, "To-day I am in splendid health, and have never been sick a day since I took PSYCHINE."

are continually being

received

"To-day he is a robust young fellow, stronger than his brothers. Nothing in the way of hard work seems to affect him. I cannot speak too highly of PSYCHINE. It certainly saved our boy and made a man of him."

and it left him in very bad condition. He says; "I was all run down and bordering on Consumption. I could not sleep at nights, had awful sweats, and coughed nearly the whole time. This is how I was when I began to take PSYCHINE, in a low nervous state; but from the first bottle I began to improve. It did marvels for me and brought me back to health in no time, making a new man of me. It fortifies the body against the attacks of La Grippe, and is a sure preventative. I always take PSYCHINE if I feel a cold coming on, and it puts me right in no time."

ent singer of Teeswater, says: "Six years ago I became a victim to La Grippe and had it in its worst form. The attack was unusually severe, and left me in terribly bad shape. I was utterly prostrated; weak, and run down entirely. My voice also completely gave out, and my lungs seemed to be seriously affected. People who knew me thought I was not long for this world."

"One day I saw in the paper what PSYCHINE had done for others and thought I would give it a trial, so I sent for a sample bottle. This gave me such immediate relief, and helped me so, that I determined to keep on with it at all costs, and in spite of what the doctor had said. In an incredibly short space of time I was completely restored, and my volce was soon in grand shape again. They used to tell me that a breath of wind would blow me away, I had got so thin, but PSYCHINE built me up in no time; I am a pretty solid specimen of humanity to-day, having gained in weight and put on flesh all the time."

Town P.O...

PSYCHINE is a medicine everyone needs, old or young, the Blessing of Good Health is possible for everybody. In the great majority of cases, with reasonable exceptions, disease, especially throat and lung trouble, is contracted either through carelessness or needless exposure. Coughs, Colds, La Grippe, Bronchitis, Catarrh are serious in themselves, but more so when we remember that they are preliminary stages of more serious troubles, and should be promptly and effectively checked in their earliest stages. PSYCHINE, that wonderful remedy for building up a strong, healthy body and arresting and quickly curing all throat, lung and stomach troubles is what you need. Weariness and Disease cannot exist where PSYCHINE is used. It is the Greatest of All Tonics and gives vim and energy to the spiritless and listless. Worn-out and weary toilers obtain speedy relief, and a whole multitude of men and women are daily lifted above depression and general fag until life becomes a "SYCHINE is, without doubt, worthy of the praise that is given so spontaneously by everyone, and well worth the expression we often hear, "Greatest of All Tonics." All druggists and dealers at 50c and \$1.00 per bottle. PSYCHINE should be in every home.
