It's Extremely Profitable Saturday to Buy Overalls at 90c and Trousers at \$1.95

~LOTHING CONDITIONS now-a-days don't give much scope to secure big bargains, but here are two offerings Saturday that are almost remarkable for their low price, and especially should the overalls appeal to munition workers,

railroaders, laborers, builders, mechanics, etc., for they are just the garments that workmen are wearing every day. Made of strong, heavy, black drill, with full size bib, elastic end suspenders and six pockets, they are extra well sewn and have plenty of roominess in legs. Sizes 34 to 44 at waist. A limited quantity makes it advisable to come at store

The trousers are extraordinarily low in price, for similar qualities couldn't even be made for \$1.95, under existing conditions. They are made of strong, firmly woven tweed and worsted finished materials, in medium and dark shades, in a good variety of quiet patterns. All well-tailored and with strong pockets. Sizes 32 to 42. Saturday special, per pair 1.95

These Other Trouser Values Are Also Rare Savings

Good looking worsted trousers in a great variety of neat stripe patterns of various widths on dark and medium grey grounds. Have belt loops, 2 side, 2 hip and watch pockets. Unusually good value, per pair 2.65 Suitable to wear with dark frock coat and splendid for con-

Well Designed Suits For Men, \$15.00

The materials in these suits were selected for their good appearance and for their durability. Included are worsteds, in fancy weaves, fine twill and thread stripes, in rich shades of greys and smooth tweeds, in brown and grey. All are single-breasted three-button sack models. Sizes 36 to
