tack of all honesty are not such as we Canadians should have sent out to us as samples of the Englishman. They are not suitable for the British army, and, of course, are unfit to serve in ours. The "Rev." (?) Hincks is a faker. He is an adventurer, and to the native-born he is known as a "Broncho Bullshooter," always blowing his own horn.
Our well-bred, educated Canadians have no use for such cattle

dians have no use for such cattle and refuse to enlist as comrades with such beasts.

The government has made a mistake in not organizing regiments of "native-born" for these of our sons who enlist to be separate and apart from some of thuse immigrants' swine who have polluted and destroyed the once very beautiful suburbs of cities with their uninhabitable hovels. Our Irish, Scotch and hovels. Our Irish, Scotch and Weish from the British Isles are of a very different element to what is known as the "English" There are no complaints about Irish, Scotch or Weish such as are heard against those of so-called English origin. The Salvation Army has brought most of these English to our land and from the very worst

spots in older England have they been collected to defile our be-loved Canada. Yours respectfully, (Sgd.) Robert Hazelton.

NMENT RAILWAYS Coming from the constituency in which the writer of this letter lives and having read the reflections he passed INION DEPOT. on those who were rejected when they applied for enlistment in Toronto, I DAILY applied for enlistment in Toronto, I have only this to say: The constituency of South York, in which he lives and which I represent, has sent over 3000 enlisted men to the front, and the bulk of them are British-born. I take the same purpose.

"Under these circumstances it is a fair question for me to ask, does Senator Choquette represent the opinion of anyone in Canada, except himontreal to Halifaz. ion for ice Edward Island. Tues., Thurs., Sat.

lives and which I represent, has sent over 3000 enlisted men to the front, and the bulk of them are British-born. I take this occasion to pay tribute to the loyalty and to the sacrifice of the British-born in Canada, and especially to those in my own riding. Which has sent, along with the native-born, probably as fine a contingent and certainly the greatest number of men sent from any riding represented in this house. On behalf of myself and of the constituency which I represent, I say that these remarks were unfair and most unjust and a foul attack on the British-born in this country." (Applause).

Hon. Mr. Kemp spoke in part as follows:

"Mr. Speaker, I think it is in the public interest that I should refer to a statement which was made in the senate in reference to the recruiting of soldiers, particularly in the City of Toronto. According to the senate Hansard report of April 12, the Hon. Mr. Choquette made some very extra-ordinary statements in regard to the degeneracy of the soldiers, particularly those who are being recruited in the City of Toronto. The remarks would, however, apply to soldiers being recruited in any other part of Canada, as conditions are very similar in other places. The senator referred to an item which he read from a newspaper and on which he based part of his ar-

Aspersion on Dr. Hincks. "I shall not read what the senator

published in the press and we all know what they know.

"Later on he referred to the letter to the hon, member of the senate, in which the writer signs himself Robert Hazelton. The statements in this letter are extreme and uncalled-for and the whole letter can be judged by one Rev. Mr. Hincks in this way:
"The 'Rev.' (?) Hincks is a faker.

"I desire to say that I am acquainted with the Rev. Mr. Hincks ,es many other members of this house are. He is a very highly-respected clergyman, and is known as such from one end of this country to the other. Gen. Logie's Letter.

There received a telegram from the commanding officer at Toronto, Brig. Gen. Logie, and he says this: '20,380 men have enlisted from Toronto. Officer commanding the 4th Canadian Mounted Rifles states that there were no rejections from the detail of Body Guard, Light Horse, or 2nd Dragoons, but 40 or 50 men in Brampton detachment were rejected for under-size.'

"169th reports that 1386 rejections were made by his medical efficer for chest measurements not being in proportion to height and age of men, flat feet and varicose veins. Medical examinations in this division were very strict and regulations absolutely adhered to.'

"This causes an accumulation of men who have been previously rejected applying in each succeeding unit in the hope of getting past the doctor. The recruiting depot is at work now
