There will be a matinee race at Moosepark next Saturday, and it is expected that there will be very few records left by the time the series is concluded.

Ontario flour has declined fifty cents per barrel, and outside is tending lower. There has been a sharp advance in clear pork, and the market is practically level of new hogs.

Bustin and Withers, the Germania St. furniture dealers, have at present a fine stock of up-to-date furniture on hand.

H. Grist wishes the Times to state that he accepts the challenge of W. G. Nett, published in last night's issue of this paper, and will meet Grist at M. J. Cavanaugh's, Brussels street, on Monday evening at eight o'clock to arrange for the match.

The first train from New Glasgow, which arrived here this morning, another extra will arrive at 6 p. m. and the St. John train will depart on this. About 300 from St. John and vicinity will leave for the wheat fields.

The need of an electric light on Prince William street, opposite the customs house, has been urged upon the authorities many times, and is obvious to all who pass along there in the evening. It is a disgrace to a city the size of St. John that so public a thoroughfare should be so poorly lighted.

The Kingston Consolidated School has been reopened for the fall term with a large attendance and practically the same staff. Dr. J. B. Inch, superintendent of education, passed through the city yesterday on his way from Kingston and Hampton. At Kingston he attended a meeting of the trustees. It will be remembered that Principal D. W. Hamilton last term, on account of some difficulty that had come up, tendered his resignation. The matter has been smoothed out and arrangements have been made to have him continue in charge of the school.

There is considerable agitation in railway circles over the discharge of four out of a gang of seventeen freight handlers. The seventeen men were in charge of Foreman D. Weston Daily, and had the care for the outward morning freight, and on the night of July 11th were ordered to stay over time to finish up the train, and although some promised, all went off at 6 o'clock, and next morning the train was not ready till 9:20. Last Saturday night the men were informed that their services were no longer required, and Mr. Wallace, one of the number has been sent to Moncton to confer with the minister.

CONVENTION OF THE CHRISTIAN CHURCH

(Continued from page 1.) Jackson, Jonah Walker, Roland Hurd, John Clark, R. Fullerton.

Friday, Aug. 18-9 a. m.—A devotional meeting was held, followed by a business session. Reports were received from 17 out of the 26 churches in N. B. and N. S.

The following officers were elected for the ensuing year: President, J. F. Floyd; vice-president, John Waugh; secretary, W. A. Barnes.

A letter of greeting was received from W. H. Harding of Harrington, Ill., expressing regret at his inability to be present at the annual meeting.

The committee on ways and means recommended that the preachers and their congregations in co-operating with the Maritime Christian Missionary Society endeavor to accomplish more for home missions during the ensuing year than we have in our past history.

That each preacher during the current year endeavor to preach and if possible hold meetings at points near their home churches as an opportunity may offer and that reports of such work with the results be made at our next convention.

That our preachers make a closer study and a greater effort to teach the Scriptural mode of raising money for Christian causes along all lines.

The committee on union reported that the resolution adopted at last year's meeting be allowed to stand. It was so following. Whereas we are people, who believe in the movement among the various religious bodies toward Christian union, and believing that we, as a people, should hold ourselves in readiness to encourage any movement that has for its purpose the advancement of the Kingdom of God, we are moved to make the following brief statement of the position we occupy respecting this important question: We believe in Christian union, and we have always emphasized it as an important feature of our faith. We believe that the Bible which we accept as the inspired word of God, is the true basis of such a union. To this end we are Christian, both in faith and practice. We believe all churches and professions of Christianity should go back of all ecclesiastical lines.

A standing committee, composed of J. F. Floyd, H. Murray, J. C. B. Appel, R. B. Stevenson, was appointed to hold negotiations with the Baptists with a view to Christian union.

The important question of union was discussed by Dr. C. Ford, R. E. Stevenson and J. F. Floyd.

The committee on resolutions reported as follows: Resolved, That the thanks of the convention be tendered their country in extending reduced rates for the meeting.

That the heartiest and sincerest thanks of the convention be tendered to the brethren at Halifax for their magnificent reception, splendid arrangements, and unbounded hospitality in entertaining the convention.

That the press be thanked for their courtesy and co-operation in arranging for complete reports of proceedings of the convention.

The committee on time and place reported, Let us ask for an extension of time in order to confer with several churches not sufficiently represented at this convention to enable us to locate the place, 2nd, Thursday before the third Lord's day in August, 1906, as the time most desirable for our next annual meeting.

Friday, 10 a. m.—The business session of the Maritime C. W. R. M. was held. Owing to the absence of the president, Miss Lida Jackson, Port Williams, N. S., Miss Murray, Deer Island, presided.

The treasurer's report showed the total amount received during the year to be \$327.31.

In the children's work, the Lord's Cove Island Workers' Band has won the banner this year, having raised \$45.00. St. John Wide Awake Band comes third, having raised \$21.50.

Reports of the report of the children's work showed the total receipts for the year to be \$125.55.

Reports from the auxiliaries at Pictou, Burt's Corner, Milton, Tiverton and Oxburg street, St. John. A letter was read from Miss C. Payne, formerly president of the C. W. R. M., but now living in Pueblo, Colorado, conveying her greetings to the C. W. R. M.

Friday, 2:30 p. m.—A devotional service was held, led by H. E. Cooke.

This was followed by a series of addresses on the Co-operative Work of the Disciples of Christ. Let us accept the challenge of W. G. Nett, published in last night's issue of this paper, and will meet Grist at M. J. Cavanaugh's, Brussels street, on Monday evening at eight o'clock to arrange for the match.

The different state societies which are theoretically auxiliary to A. C. M. S. reports 220,886 baptisms and 145,772 other additions, incomes aggregating over three millions. So far as can be discovered the whole number of baptisms by A. C. M. S. Societies is 388,082 and other additions 174,828, and whole amount raised not far from five millions.

There is no more widely extended territory in the world than the Home Mission field. China is great, India is great, South America great, but this continent with its millions of square miles is a nameless proposition. Had we forced ourselves on it we might well be staggered, but when we find it forced upon us—here it is—a mighty harvest field, and but a few laborers, it should raise the dormant powers and should send the young and old to efforts grand, noble, self-sacrificing, till from ocean to ocean mission churches like life-giving stars would cover the whole land till every town and village would at least have heard the simple gospel as at first it was told by those who recognized no teacher but Christ, had no creed but the great confession, no observance or church discipline, but that which the apostles gave.

2nd, Church Extension, by H. A. Dove, who gave an enthusiastic address on this subject.

3rd, National Benevolent Association, its work and its needs, was dwelt upon at some length by Howard Murray of Milton (N.S.).
