

SENATOR THORNE WRITES IN APPEAL FOR PATRIOTIC FUND

To the Editor of Daily Times-Star, City:

The committee of the "Canadian Patriotic Fund," is about to appeal to the citizens of St. John for contributions to augment their funds and make ample provision for the wives, families and dependents of those who have gone forward and are about going, to fight for Canada and the Empire.

I am afraid a large portion of our citizens do not fully realize we are at war, and feel the necessity of doing all that lay within their power to bring it to a successful issue at the shortest time possible.

Everyone can help and should be prepared to make some sacrifice in order to provide for the families of those who enlist for overseas service.

We are using every effort to get men to enlist. We are pledged to support their families and dependants during their absence. Those that remain behind, secure in their homes, should pay liberally in support of those who join the colors and risk their lives in the cause of liberty and freedom.

Let every man who has an ounce of patriotism give liberally and be prepared to make great sacrifices for those who are fighting in the trenches.

St. John has done well in contributing to various patriotic funds, few have, however, up to the present time made any great sacrifice. There are many in this city who have not yet done their duty in this respect, and to those we appeal for such cash assistance as will provide for the necessities of the fund, until the war is over. It would be an everlasting disgrace to the citizens of St. John and New Brunswick, if they do not come forward and provide for those dependants without outside assistance.

In this greatest war has ever known, the patriotic fund has done a noble work throughout Canada and without one dollar of assistance from the central government. The fund has been administered chiefly through voluntary effort, and our local committee meets every day in considering the many cases that come before it. We court fair criticism and invite any citizen interested, to call at the office, Prince William street and our worthy treasurer, C. B. Allan will be pleased to give information as to the system and method of distribution, as well as the expenses involved in connection therewith.

Whatever contributions are made for other patriotic purposes the "Patriotic Fund" should be the first consideration of our people and I have no doubt a liberal response will be given by the citizens of St. John, as well as the province in general.

Canvassers in the interest of the fund will visit every household and it is most desirable that subscribers agree to contribute monthly, until peace be declared, such an amount as will provide for the demands (which are steadily increasing) on the committee.

Yours, etc.,
W. H. THORNE,
Chairman.

St. John, N. B., Oct. 4th, 1915.

Answer This!

When you have indigestion you never take a lung medicine. Why, then, when you have a cough, a cold or bronchitis (lung troubles) do you swallow things down into your stomach? It is a mistake, and the Peps treatment for colds, bronchitis and asthma, etc., corrects this mistake. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not all.

On the face of it, it is not this treatment of coughs and colds more rational than the old-fashioned way? Peps are recommended by doctors, by nurses, by people in authority everywhere, who once having tried this new treatment will never go back to the old form. We could send you books of testimonials, if you would like to read them, but one trial of Peps will give you more personal satisfaction than lots of reading about what others say. 50c. box, at drug stores and stores.
