DRUG RING KING OUTWITS POLICE

Slips to Safety Through a
Trap Door in Motor Pat-
rol—Big Haul of Dope.

Toronto, Oct. 31.—Nicholas Lanni, regarded by the police as the "king" of the drug ring in Toronto, made a sensational escape from the motor patrol in front of 20 Christopher street. Standing less than four feet away was Driver Thomas Ross of the patrol, guarding the door, while Escort Charles Scott was assisting Plainclothesmen Mulholland and Skinner in bringing the prisoners out of the house. Lanni, small in stature, escaped through a trap door in the floor of the patrol. John White, who was put into the wagon along with Lanni, was in the act of getting through the trap when Constable Ross grabbed him by the collar. Both men had been in the wagon about three minutes. The wagon was surrounded by a crowd of foreigners, several of whom started an argument with Constable Ross. The two prisoners inside the patrol had been conversing loudly. When the conversation ceased Constable Ross peered into the wagon to see if everything was all right, but to his great amazement discovered that Lanni had made good his escape and White was following on his heels closely. Lanni made a clear getaway.

Lanni and four others were arrested in the Christopher street house, which had been under the observation of Inspector Bond and Plainclothesmen

TRAGIC DEATH OF MRS. CAPLAN

Actress Who Was in Hal-
ifax Perished on Steamer
Bound for Boston.

(Halifax Chronicle)
A very pathetic story of the sea is told in the Boston Advertiser in connection with the death of Mrs. Tina Davis Caplan of the theatrical company which played at Acker's Theatre here recently. Mrs. Caplan was crossing to Boston from Nova Scotia on board the steamer on Tuesday evening. A severe storm came up and Mrs. Caplan, in response to her characteristic instinct of kindness and service, was carrying coffee to the seaman on deck. Her friends saw her at one o'clock Wednesday morning, and that was the last until her body, frozen to death, was found on the decks about four o'clock. It is supposed that when crossing one of the decks she slipped and fell, and in the howl of the storm, if she called she was not heard, or perhaps she became immediately uncon-
scious. She was a very great favorite on the vaudeville stage as a burlesque actress, and parachute and balloon jumper.

SAVED GIRL'S LIFE, JUDGE IS LENIENT

Heroic Act of a Windsor
Youth Cause of Sentence
Being Suspended.

Windsor, Oct. 31.—James White, 19 years old, found guilty of breaking and entering a store, drew suspended sentence in the police court here because he saved a little girl from drowning off the government dock here three months ago.

On July 31 White jumped from the dock and rescued Irene Gardner, 10 year-old daughter of Mrs. Sarah Gardner, 207 Church street. The girl had jumped into the river to save a small boy, Glen Ruble, four years old, from drowning, and would have herself been drowned had it not been for White's action.

After the incident he disappeared and was not seen until four weeks ago, when Windsor police arrested him for breaking and entering a grocery store. White and Jack Housen, aged 25, stole \$75 worth of cigars and cigarettes from the store.

Sentence was suspended for two years in the Housen case. He had served four years in the Canadian army during the world war.

1,182 TRILLION RUBLES. Soviet Finance Commissioner Gives Official Figures of Paper Issue.

Moscow, Oct. 31.—Millions and billions mean little nowadays in reckoning the affairs of the Russian Soviet government, according to Finance Commissioner Sokolnikov. In a report to the Workers' and Peasants' Parliament he said that the Soviet rubles in circulation amounted to 1,182 trillion.

Nevertheless, M. Sokolnikov said the situation showed indications of improvement. Tax collections and increased revenues from the railroads and other government institutions were expected to balance the paper issue, which has been averaging more than 200 trillion rubles monthly, he explained.

The finance commissioner recommended further reductions in the army, declaring that the maintenance of 800,000 troops was costing a third of the state's budget. The treasury would be unable to stand such a constant drain much longer, he added. M. Sokolnikov urged a curtailment of state expenses in every possible way, asserting that the government must develop industries and increase taxation to cover the growing expenditures. He declared that the government faced a heavy shortage of gold rubles, which must be covered by a new issue of paper.

GAGS AND ROBS JEWELER

Masked Man Gets \$1,250 in Watches and Cash at New Rochelle.

New Rochelle, N. Y., Oct. 31.—A masked man entered the jewelry store of Gustav Stahl, at 46 North avenue, here, backed Stahl into a rear room at the point of a revolver, gagged him with a chloroform-soaked handkerchief and escaped with eighteen watches, valued at \$1,200, and \$30 in cash taken from the store cash register.

A woman living near the jewelry store said that she had seen a man come out of a rear door of the store, scale a fence and enter an automobile, in which was a woman. The scene of the daylight hold-up was not far from Pershing Square, the busiest point in New Rochelle.

BOATLOAD OF BEER SINKS IN ST. CLAIR

Six Hundred Cases With Wreck Will Be Blown Up.

Windsor, Oct. 31.—Six hundred cases of Canadian beer are resting on the bottom of Lake St. Clair. They were aboard the tug Maud, which foundered during a gale Tuesday night.

The boat and beer constitute a menace to navigation, and the government will remove both at once. Beer and boat may be blown up with dynamite if it is found impracticable to move either.

The owner of the Maud has abandoned the craft, because it is believed the cargo or boat cannot be salvaged, especially since a passing vessel struck it and smashed all the upper works.

The Maud was bound from Walkerville to Port Lambton with the beer, which was valued at \$2,000.

ASK BOYS TO ABANDON THEIR HOLLOWEEN FRANKS

Port William, Oct. 31.—The Kiwanis Club at the weekly dinner decided to conduct an educational campaign in the public schools of both cities asking the pupils not to be destructive on Halloween, but to confine their pranks to innocent fun. In past years many hundreds of dollars' worth of property has been ruined through vandalism of unrestrained boys and girls. Superintendent of Port Arthur Schools J. W. H. McRoberts, who joined the Kiwanis Club, cordially welcomed the idea, which emanated from Vice-President L. J. B. Bolduc, and said that he was sure the superintendent of Port William schools would similarly co-operate.

GROOM 80, BRIDE 64, WED IN PORT ARTHUR

Port Arthur, Oct. 31.—John Collins Wright, aged 80 years, a widower, and Mrs. Annie Elizabeth Brown, aged 64, twice a widow, were married, recently in St. John's Anglican church, Port Arthur, by the rector, the Rev. E. Eric Montanbert. Several members of the bridegroom's family were present at the ceremony. The happy pair left for the home of the bridegroom at Silver Mountain. He gave his occupation as a lumberjack, but said he was too old to remember where he was born, though he knew it was somewhere in Old Ontario. The blushing bride said she was born in England, but that the place of her birth was also lost in the mists of the past.

"I Want to Buy Eggs According to Grade"

"YES, Mr. Brown. I think you should sell graded eggs. Other grocers do. Eggs for export are graded. Why can't you sell your eggs that way? I want to buy eggs according to grade."

"What is the difference, Mrs. Holmes? I get all my eggs fresh from the country."

"They may be fresh from the country, but sometimes I get one or two out of a dozen that are anything but fresh when they get to me. Why don't you sell graded eggs?"

"Well, I have never thought about it. I sell them just as I get them. I guess I could handle them—if there was any demand for graded eggs."

"Some of my friends have been buying eggs according to grade for a long time, Mr. Brown. Many dealers grade their eggs

now. If you want to hold your customers you should do the same. It is only fair. Unless eggs are sold according to standard grades it is impossible to know what one is getting."

"Well, Mrs. Holmes, I'll buy some eggs according to grade, and sell them that way."

"Thank you, Mr. Brown; I think you'll be glad I suggested the matter to you. It is a real need."

Note to the Public

"No person shall ship eggs or cause eggs to be shipped or delivered or displayed for sale in cases or containers which are marked or labelled with the name of any class and grade specified in these regulations, unless the quality and weight of the eggs contained therein is equal to or better than such class and grade."
