TEN PAGES—ONE CENT

ROSES IN HONOR OF QUEEN MOTHER

London Street Sale Is Alexandra Day Feature

PERFORMS KINDLY ACT Distributes Flowers to Poor in Strand as She and Queen Mary Drive Along—Thousands of Dollars Realized For Charity

(Canadian Press) London, June 26.—In honor of "Alexandra Day," June 26, when all England shows its love for King George's mother, on the anniversary of her arrival in England, a bunch of roses was put up at auction at a sale of the Sir John Murray's Scott collection at Christie's yesterday and was purchased by a Bond Street dealer for \$42.

The sale of roses has been a feature of the celebration of "Alexandra Day," scores of perennials being sold in the streets. The money is devoted to the charities in which Queen Alexandra is interested.

London was a garden of artificial wild roses. Aristocrats wore them, hawkers had them in their coats and caps, every vehicle had a pink and white flower stuck somewhere in it. In fact, every man, however humble, wore a rose.

Twenty thousand women had covered the city from east to west, and from north to south, and few escaped buying. The purchase prices varied from one penny to 200. President Poincaré paid 25 at York House for a small garland. More than 25,000 was realized by the sale last year, but the success this year will eclipse this record.

Queen Alexandra, for whose charities the festival was held, drove through the streets during the afternoon, accompanied by Queen Mary, and observed with marked appreciation the success of the day.

As Queen Alexandra drove down the Strand, she handed roses, of which her carriage was full, to several poor people who ran out from the curb to receive them.

As the two queens drove without escort, there was no one to hinder the receipt of them. The little incident was noted with much enthusiasm by spectators.

FRIEDMANN IS HOME German Talks of His Anti-Tuberculosis Work and His Visit to America

Berlin, June 26.—Dr. Friedrich Friedmann has returned to Germany with no talk toward America. On his arrival at Bremen aboard the Kaiser Wilhelm Der Grosse, where he met his Berlin partner, Professor Schleich, he said:

"The gratitude of my many American patients helped me over many serious hours. I do not, therefore, for a solitary second, regret having accepted the invitation of many American physicians to visit America last year."

"Doctor Schleich assures me that he has handled hundreds of patients in my absence at our Berlin institute, with brilliant success. This institute, like the American institutes, has as its leading principle free treatment for all poor patients. In view of the terrible misery incurred by tuberculosis among all races and all classes of society, even in a country where such excellent hygienic regulations exist as in the United States, I am irrevocably resolved not to rest a single minute until I have carried the fight I have begun against tuberculosis to a victorious end."

"Victory is certain. I have only one ally, but it is the mightiest of all—truth. To America, I say, farewell and auf wiedersehen!"

GOAL STRIKE ORDERED Charleston, W. Va., June 26.—An official call for a strike of miners in the New River coal fields was issued late last night from the local headquarters of the United Mine Workers of America. Fifteen thousand men are employed in that field.

The strike order is to be effective on July 1. Miners are also expected to strike today in the Cabin Creek field, while conditions in the Paint Creek district are very uncertain.

TRURO TO WINDSOR TRAIN IS DITCHED; ALL ABOARD ESCAPE

Dominion Atlantic Road Bed Torn up and Trains for Today Cancelled

(Special To Times) Truro, N. S., June 26.—Number one train of the Dominion Atlantic which left Truro this morning at 6.55 for Windsor was ditched about 8 o'clock about a mile and a half east of Kennecott station. The engine did not leave the rails, but the rest of the train, including first class, second class and baggage and refrigerator cars are off the rails.

The passengers and train crew as far as can be learned here sustained no injuries. The train was in charge of Conductor Duncan Goodwin with Engineer Actman and Fireman Roddick. The train was running at a fair speed and it is a source of gratification that no one was hurt. The accident is supposed to be due to the heavily laden refrigerator car, which contained ninety-five barrels of fish from Mulgrave. The roadbed is torn up for a considerable distance and all trains over this line are cancelled today and passengers must go to their destinations via Windsor Junction.

WILL OF MR. GREANY Requests For Religious Objects and Family—This and Other Matters in The Courts Today

In the probate court today the will of Edward F. Greany was proved. He gives all his real and personal estate to his wife for life, subject to the payment of \$1,000 to "St. Joseph's Home for the Aged" of New York City, under the charge of the Sisters of Charity of St. Vincent De Paul, one-half payable as soon as possible after his death and \$250 each year for two years after his death, and further to pay to the "Missionary Society of the Most Holy Redeemer in the State of New York" for the use of the Redemptorist House of Studies of the Most Holy Redeemer and St. Alphonsus at Esopus, in the State of New York, the sum of \$300 and after her death such estate to go to his children, namely, Mary Margaret, wife of Claude Cassidy of St. John, commercial traveler; Catherine Greany; Francis E. Greany; Evelyn Greany and Sarah Ann E. Greany, share and share alike, and he nominates his son Francis E. Greany and his daughter Catherine Greany as executor and executrix. They were duly sworn to the faithful discharge of their duties as such. Real estate is \$15,000, personally owned, and some life insurance. W. J. Mahoney is proctor.

The court took up the matter of the estate of Miss Mary Ann O'Neill. She died intestate leaving one brother John O'Neill of St. John, mail carrier, and two sisters, Miss Theresa O'Neill of St. John and Mrs. Catherine Cannon of Eastport, Maine, a widow. On the petition of all Miss Elizabeth M. Furlong was appointed administratrix. There is no real estate; personal estate under \$1,000. Clarence H. Ferguson is proctor.

Circuit Court The case of Mrs. Ida Brown vs. Harry J. Garson was continued before Mr. Justice Barry and jury in the circuit court this morning. The plaintiff, J. M. Messenger and Miss Emma Tufts were examined. Adjudgment was made until this afternoon. Dr. W. B. Wallace, K. C. is for the plaintiff and J. King Kelley, K. C. for the defendant.

GRAB \$100 IN BILLS IN CALAIS SHOP AND FLEE

Burglars Overlook \$70 in Small Bank and \$10 in Cash Drawer Calais, Me., June 26.—Jane Todd's confectionery and ice cream parlors were burglarized last evening and upwards of \$100 in bills taken from the safe. The burglars overlooked a small savings bank containing \$70 and also left \$10 in silver which was in the money drawer of the safe with the bills.

AUTO SKIDS AT BRIDGE APPROACH; TWO DIE

Chicago, June 26.—H. A. Gregory, manager of a circulation bureau, was fatally injured and Miss Minnie Bristol was drowned early this morning when their auto crashed into the railing of a bridge and went down. Gregory died on the way to the hospital.

Two other women and a man who also rode in the machine, were slightly injured. The machine skidded at the curved approach to the bridge while going at a high speed.

SALT AS DUST LAYER. Prince William street looks as if a snow storm had struck it today. A generous application of dry coarse salt was made this morning to test its properties as a dust layer on wooden pavements. So far it seems to work satisfactorily.

This is the New Observatory to Be Built This Year in Douglas Avenue

The picture of the new observatory for the local branch of the meteorological department, here shown, gives an excellent idea of the handsome structure now. Plans for the building have been prepared by Garnet W. Wilson, architect, of this city, to meet the requirements of D. L. Hutchinson, the director of the St. John observatory.

The new building will afford much better opportunity for scientific observation than the present quarters in the customs house building and everything possible has been provided for the convenience of the officials.

The observatory will be located on the northern side of Douglas avenue, adjoining the property of J. Fraser Greany, and will be set back from and elevated above the street.

The construction will be of pressed brick with stone trimmings, copper roof, tower, etc. The offices will be on the main floor where provision will be made, also, for the inside electrical and other recording instruments. The outside instruments will be set up on the grounds surrounding the building. The tower will bear an electrical clock with illuminated dial and, at a considerable distance above the aneroid and wind gauges.

The astronomical meridian room, containing the transit telescope, will be situated in the rear, isolated from the main building but connected with it by a passage. The constant temperature watch room, of special design, will be built in the basement. The laboratories, workroom, furnace room, etc. will be located in the basement also and the attic will be used as a store room.

The cost of the building will be about \$25,000 and it will be erected by the British American Construction Co., Ltd.

SERVIANS SAY VICTORY THEIRS Report of Serious Battle With Bulgars CASUALTIES MORE THAN 500

Latter Said to Have Made Attack and Been Repulsed—Speculation as to Effect on Peace Plans—Roumania's Position (Canadian Press) Belgrade, June 26.—The Bulgarians have been defeated at Zletovo. An official report says that the Servians went into action only when heavy forces of Bulgarians began to come across the river.

After desperate fighting, the Bulgarians broke and fled, leaving behind many dead and wounded and abandoning all the positions they had seized in Servian territory.

According to advices, 1,500 Bulgarian troops with 500 bomb throwers attacked the Servian position at Zletovo yesterday. Eventually the Servians charged with fixed bayonets all along the line and the Bulgarians hurriedly retreated. The combined losses exceeded 500 men.

London, June 26.—What, according to Servian reports, was a serious battle, occurred yesterday at Zletovo near Istip between the Servians and Bulgarians. Whether this outbreak will obstruct the projected Russian arbitration by strengthening the war party in Servia, will be seen when Premier Pachitch with his reconstructed ministry meets the Skupshchina in extraordinary session today. May Be Exaggerated

The rumor gained currency in Belgrade that the Pachitch cabinet had resigned, but this is not confirmed, and it is quite possible that the reports of the Zletovo battle, of which no news has been received from Bulgarians, may be greatly exaggerated.

The Montenegrin premier has arrived at Belgrade, ready to accompany Premier Pachitch to St. Petersburg, where the proposed meeting of the Balkan premiers is to be held, but in view of recent developments, the result of the Skupshchina is awaited.

The St. Petersburg correspondent of the Times learns that, in the event of war, Roumania will take the field in support of Bulgaria.

Medical Inspection in Schools Matter Goes Over for Year

Business at the Canadian Medical Association Meeting—Next Session May Be Here

London, Ont., June 26.—At the Canadian Medical Association meeting yesterday, a report was received from a committee named to deal with the question of medical inspection in schools. The chief recommendation was that inspection of children be done by an appointee of the school board, working in conjunction with the medical officer of health.

At the end of a long discussion on this it was decided to leave the matter over for another year, and have it take a prominent place on the programme of the next convention.

A recommendation was passed to the effect that the provincial board of health be asked to have general diseases added to the list of reportable infectious diseases. There was some doubt as to the probability of the plans succeeding, but it was felt that a start had to be made some time just as was done with tuberculosis. Though few cases might be reported at first, there would be more in time.

Doctor Halpeny of Winnipeg, saw an advantage in the recommendation that would awaken legislatures to the problem that has arisen in the country, and would probably start them in search of a solution. A final vote on this recommendation was carried 16 to 8.

The Friedman Treatment The committee on the Friedman tuberculosis treatment reported that upon investigation the committee finds that the results have been disappointing and that the claims made for it by remedy by Dr. Friedman, have not been proven, and that nothing has been found to justify any confidence in the remedy.

By a vote of thirteen to twenty the public health section of the Canadian Medical Association decided that doctors should be paid for reporting cases of infectious diseases and births and deaths.

A recommendation was sent and the association by unanimous vote suggesting a unifying of the public health construction camp of the C. P. It about ten miles from Parisian. The accident occurred on one of the company's short lines.

Michael Guirrez, the Italian foreman, is missing. He was employed by Johnson Bros. contractors, and about a dozen other Italians were working with him. They had started to prepare for the blast and just before the time to set it off a spark was generated and there was a terrible explosion. Some of the men were literally torn to pieces and others buried under tons of debris.

WANT GRANT FROM CITY Representatives of the Natural History Society will appear before the city commissioners tomorrow morning to ask for a money grant towards the cost of entertaining the Geological Congress of Canada, which will be in St. John next month during their tour of the eastern provinces.

EIGHT KILLED IN EXPLOSION Disaster This Morning in C. P. R. Construction Camp in Ontario

Kingston, Ont., June 26.—Eight Italians lost their lives in an explosion of dynamite early this morning in a construction camp of the C. P. R. about ten miles from Parisian. The accident occurred on one of the company's short lines.

Michael Guirrez, the Italian foreman, is missing. He was employed by Johnson Bros. contractors, and about a dozen other Italians were working with him. They had started to prepare for the blast and just before the time to set it off a spark was generated and there was a terrible explosion. Some of the men were literally torn to pieces and others buried under tons of debris.

WANT GRANT FROM CITY Representatives of the Natural History Society will appear before the city commissioners tomorrow morning to ask for a money grant towards the cost of entertaining the Geological Congress of Canada, which will be in St. John next month during their tour of the eastern provinces.

GUN IN THE SENATE AND IN HANDS OF ANGRY MAN

Nearly a Tragedy in Meeting of Postage Representatives Lisbon, June 26.—A violent scene occurred yesterday in the senate. Senator Arthur Costa, brother of the premier, Dr. Afonso Costa, strenuously objected to the remarks of Joao Jose De Freitas and advanced upon him. Senator De Freitas drew a revolver and leveled it at the other's breast.

For a dramatic moment the two men stood facing each other. Then several of the senators sprang upon De Freitas and disarmed him.

MORGAN ESTATE IS HUNDRED MILLION

New York State To Get \$4,000,000 In Tax

GREAT MONTH IN WALL STREET New York Banks Preparing for Distribution of Dividends Totalling \$266,000,000 to Shareholders in Railways and Other Companies

(Canadian Press) New York, June 26.—The whole of the J. P. Morgan estate has a value of about \$100,000,000, according to an official estimate here credited to Thomas E. Rush, counsel to State Comptroller Schaner, who has been in Europe for the last month examining the books of the Morgan houses in London and Paris to determine the value of the late financier's holdings. The European assets he found to approximate \$15,000,000.

If the \$100,000,000 estimate for the whole estate is correct, it is said this will be the biggest estate to pay an inheritance tax in America. New York state will be enriched nearly \$4,000,000, it is estimated, by a tax of four per cent on a greater part of the estate.

Record Wall Street Month The New York banks have begun preparations for the disbursement of the greatest sum of money that will ever have been paid out in a month in the history of Wall street. These disbursements will aggregate \$266,000,000, and will consist of the annual, semi-annual and quarterly disbursements of dividends and interest. The total payments last year were \$254,000,000. The list of corporations that will make the payments includes, practically all the dividend paying railroads and industrial companies in the United States.

MUST PAY THE HIGHER TOLLS

Decision in Rothesay 'Phone Matter NOT AT PRESENT, THOUGH

New Conditions Not Until Expiry of Present Contracts, Some of Which Have Nearly a Year to Run

At the expiration of the present contract, nearly a year hence, the Rothesay subscribers of the New Brunswick Telephone Company will have to pay a toll charge of ten cents each time they call the city and same charge will be made for calls from St. John to Rothesay. At the same time they will secure a reduction in their rental charges. This is the decision of the New Brunswick Public Utilities Commission in the protest of the Rothesay subscribers against changes proposed by the company.

The order provides that the Rothesay exchange shall be included in Class D, which means that there will be a reduction of \$3 a year on the rental of residence instruments and of a couple of dollars on business phones. The order also provides that the usual schedule of toll charges shall apply on all calls between Rothesay and St. John, which means a charge of ten cents both ways.

NORTH END YOUNG MAN ORDAINED PRIEST TODAY

Charles J. O'Hara, son of Mr. and Mrs. Charles H. O'Hara of Douglas avenue, was today ordained to the priesthood, as a member of the Redemptorist order. The ordination took place in Esopus, N. Y., and Rt. Rev. T. F. Cusack, D. D., auxiliary bishop of New York, officiated.

Father O'Hara will return to the city on Saturday accompanied by his parents, his sister, Miss Mary O'Hara who is a sister in the Mission Church convent in Notre Dame, Pennsylvania, and his brother, Joseph O'Hara, who is also studying for holy orders at St. Mary's college. Father O'Hara will celebrate his first mass on Sunday next at 10.30 in St. Peter's church and will officiate at vespers at 7.30 p. m.

SCOTT'S VESSEL IS TO BE A SEALER

London, June 26.—The Scott Antarctic expedition vessel, the Terra Nova, will not, contrary to expectations, be brought to London for exhibition purposes. She has been repurchased by Messrs. Bowring, the original owners, and will proceed soon to Newfoundland, where she will be again engaged in sealing.

There is much disappointment at Cardiff because the vessel has not even been thrown open to the public.

Forty-Two Men, Women and Children Arrived at San Francisco on British Tramp Freighter

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, B. F. Sibley, director of meteorological service.

Synopsis—The barometer is now highest near the Atlantic Coast and over the western provinces the lowest just west of the Great Lakes. Rain has again been almost general in the western provinces and scattered thunderstorms have occurred in Manitoba.

Some Showers Maritime—Moderate southerly wind; fine; Friday southerly wind; warmer and scattered showers.

GAVE BABY STRYCHNINE BOTTLE TO PLAY WITH

Toronto, June 26.—As a result of swallowing some strychnine tablets from a bottle which her mother had given her to play with, Cecile Bagnon, aged one year, is dead. The mother did not think the child could remove the cork from the bottle.

Moving Cheaply Done The next time you have moving or carting of any kind to do, or goods to store, don't worry about how you can get it done. Simply pick up this paper, turn to the Classified Advertising section and read the Want Ads. The better concern you do this kind of work usually have a Want Ad appearing there. It will tell you just what to do to have your work done quickly, cheaply and well. Incidentally, you will find our Want Ad section very interesting.

Use "The Want Ad Way"

STEEL CHEAPER; OUTLOOK BRIGHTER; MILLS ARE STARTING UP AGAIN

Duesseldorf, Germany, June 26.—The German steel syndicate today reduced the price of steel materials by \$1.25 a ton. This is the first reduction by the syndicate from the recent high prices. Marking the existence of the prevailing business reaction a number of the mills have begun operating on reduced working hours.

LIFE BEHIND BARS NONE TOO MUCH FOR THESE FIENDS Destroy Sight of Horses in Chicago in Order to Make Ready Sale of "Docile" Animals

Chicago, June 26.—That a large number of horses in Chicago have been deliberately made blind to make them more easily managed, is the report of agents of the anti-cruelty society, whose curiosity was aroused by the docility of young and apparently normal animals. Warrants will be asked today for horse dealers accused of the mutilations.

"These horses have been blinded by men who guarantee to purchasers that they will not shy and need no blinders," said Hugo Kraus, superintendent of the society. "A needle has been jabbed through each retina. The wound is scarcely noticeable, but a horse so treated never will see again."
