Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles.
Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

Dedicatory Service

The formal dedication of the Seventh Day Adventist Church took place last Sunday afternoon, Elder M. N. Campbell of Osawa, Canada, preaching the dedicatory sermon, in which he set forth some of the principles for which the building stands. A summary of some of the fundamentals essential to Christianity as taught by the Adventists was then given by Mr. Campbell.

They believe there is one God, a personal, spiritual being, unchangeable and everywhere present by His representative, the Holy Spirit. That there is one Lord, Jesus Christ, the Son of the Eternal Father. That the Holy Scriptures of the Old and New Testaments contain a full revelation of God's will to man, and as such are the only infallible rule of faith and practice. That baptism is an ordinance of the Christian Church to follow faith and repentance, showing faith in the burial and resurrection of Christ, thus commemorating the resurrection rather than first-day observance, which is nowhere enjoined in Scripture. That the New Birth comprises the entire change necessary to fit us for the Kingdom of God. That the prophecy is a part of God's revelation to man occupying about one-fourth of the Bible. That the law of God is unchangeable and eternal because of which Adventists keep the Seventh Day in harmony with the fourth commandment. That the second coming of Christ will be in person and in the near future, to which fourteen distinct lines of prophecy agree, the present European war being a decisive step toward that event. They believe that when a man dies he is dead and will not live until the resurrection. That God will destroy the wicked, root and branch, reducing them to ashes. Mr. Campbell predicted there would never be a notice given of a chicken-pie supper at the Adventist Church, because they appeal to the heart rather than to the stomach. 'Yes,' said he, 'Millions of dollars are raised by the Adventist denomination for the cause of God according to God's standard of tithes and offerings.'

Adventists are strictly a temperance people, advocating health reform in diet and dress and every phase of life. They do not fellowship one addicted to the use of liquor or tobacco.

Following the sermon, Mr. Hubley rendered a financial statement, the estimated value of the building being \$1,000, all of which has been covered, so that the church was dedicated free of debt according to the custom with that denomination. In behalf of the church, Mr. Hubley expressed the deep appreciation felt for the kind cooperation of the many friends who aided them in securing such a comfortable place of worship, and extended to all a cordial invitation to its services. Elder W. C. Young offered the dedicatory prayer.

The Cost of Living

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises can be made a better value.

Of this you may be sure: Prices in a shop which advertises are not MORE than in a shop which does not advertise. The chances are that they are oftentimes lower. This, also, is generally true: You will find better goods, better values and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

A Note to Merchants

Advertising costs you nothing—it is paid for by the profit on increased sales.

Advertising is easy—it is simply saying in writing what you say to the customers in your shop.

Turn over stocks quickly, if you would make more money.
