

Victory For The Miners

President Mitchell, of the United Mine Workers, Issued Statement Yesterday.

Men Will Resume Work on Monday Where Increase is Offered.

Hazleton, Pa., Oct. 25.—President Mitchell, of the United Mine Workers, today gave out the following statement: "Temporary Headquarters, United Mine Workers of America, Hazleton, Pa., October 25: To the Miners and Mine workers of the Anthracite Region: "Gentlemen: After carefully canvassing the entire strike situation, we, your officers, district and national, have concluded that your victory is so nearly complete that no good end can be served by continuing the strike longer. The contest has been in progress for 39 days, and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Scranton convention of October 12th and 13th.

"We are aware that some disappointment and dissatisfaction has been caused by the failure of the operators in districts one and seven to separate the advance in wages; but after careful inquiry, we are satisfied that each mine employee will actually receive an advance of ten per cent. on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended, and that wages should remain stationary at ten per cent. until April 1st 1901, thus removing one of the inequities of which you have complained for many years.

"While it is true that you have not secured redress for all of your wrongs; while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization, which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began.

"The companies agree in their notices to take up with their mine employees all grievances complained of. We would, therefore, advise that when work is resumed, committees be selected by the mine employees, and they wait upon the superintendent of the company and present their grievances in a business-like manner and ask that they be corrected."

"After calling the attention of the miners to the State law providing for semi-monthly wages, and the benefits derived from organization, the statement continues: "As there are persons who complain they have not posted notices nor signified in any other manner their willingness to pay the ten per cent. increase in wages, and suspend the sliding scale, we would advise that unless the men employed by such companies receive notice before Monday that the advance will be paid, they remain away from the mines and continue the strike until the conditions offered by the other companies, and the employees of the companies who have offered the advance of ten per cent. and abolished the sliding scale, are hereby notified to resume work on Monday morning, October 29th, and to be prepared, if called upon, to contribute a reasonable amount of your earnings for the maintenance of those who may be compelled to continue on strike."

RALPH SMITH AT WELLINGTON.
He Addresses a Large and Enthusiastic Audience There Last Evening.

(Special to the Times.)
Wellington, Oct. 29.—Mr. Ralph Smith addressed a large and enthusiastic audience at Wellington last evening. In dealing with his opponent he was able to hold the attention of the audience. He pointed out the attitude of the straight Conservatives who supported Mr. Wolley, but he did not think it right that certain others should refuse him their votes in the present election because of the stand he had taken against Joseph Martin in the last election. Anyway he had no compunction to offer in that matter. Referring to his own position he said he had refused the position tendered him by the Dominion government because labor leaders in the past had been too ready to accept such offers, and he had made up his mind that so long as he was of service to his fellow workmen he would continue to act for them. The government had done good work in introducing the voluntary conciliation of labor disputes, but he hoped to see the principle carried further. He believed in conciliation and the use of reasonable methods, and not in red-bait unionism and anarchism. The speaker went on to sever Mr. McInnes heavily in connection with that gentleman's assertion that certain legislation was enacted by the government as an election dodge, and pointed out that whatever the motive the government had done much to benefit the individual classes, and through them the whole community.

With regard to anti-Monaghan legislation, the people of British Columbia had not been consistent. A strong Martin man at Duncan had told him that he was opposed to the government because it had not introduced the promised anti-Chinese law, and yet that very man had himself paid \$1,000 during the year to Chinese. That was not the way to convince the people in the East that the province could do without these people. He believed the proper thing was not increased taxation, but exclusion.

In reply to questions from the audience Mr. Smith avowed adherence to the principles of a tariff for revenue only, and the nationalization of the liquor traffic.

NOTE TELLER'S HAUL

New York, Oct. 29.—C. L. Alwood, note teller of the First National Bank, has disappeared. The bank has given out the following statement: "The note teller, who has been in the employ of the First National Bank for many years, is a defaulter to a large amount. His operations have continued for a considerable period, and have been skillfully concealed through manipulation of his balance book. The discovery was made by the bank's employees a few days after the completion of an examination of the bank by the United States examiners. During the continuance of his operations, periodical examinations have been made by several district examiners representing the comptroller's department, all expert accountants, and the bank has also had frequent independent examinations, neither of which has developed any irregularity. The aggregate of the false entries, amounting to \$700,000, has been charged off on the books of the bank out of the reserve fund without diminishing the surplus and profits of the bank, as reported in its last published statement. It is expected that the shortage will be materially reduced by a substantial sum, of which there is a fair prospect of recovery."

HARD AT WORK.

Ralph Smith is Gaining Strength in Nanaimo— Sloan Depends on Address to Reach Electors.

(Special to the Times.)
Nanaimo, Oct. 29.—Crestain Olive Phillips Wolley was not quick enough, or at least his committee were not sharp enough to get ahead of Sloan's enterprising manager, Mr. McInnes, in engaging the hall at Extension. The Conservative committee ascertained at the eleventh hour, after they had made all arrangements to exploit the man from Victoria among the voters for the evening, that W. W. B. McInnes had long before this engaged the hall, not only for last night but for the whole week. Wolley got a surprisingly good reception. His off-hand, free and easy style took with the miners, amongst whom are many English Conservatives. In fact his party came back from Extension elated and filled with new hope.

Ralph Smith's canvass is one of hard, continuous work. While Sloan is depending a good deal on reaching the electors with his address and portrait, one of his costly methods of running the campaign, the independent labor champion is neglecting no opportunity to meet personally every voter he can reach in the time left to him. In the city, in spite of the strong opposition of leaders like Tully Boyce, Tom Keith and Harry Carrol, Smith is daily gaining fresh strength. His open air meeting on the 9th proximo is expected to be a warm one.

Last night the U. S. gunboat Perry cast anchor in the harbor, straight from Behring Sea, where she has been patrolling since last May. Some of the crew came ashore and had a jolly time of it. She goes to Victoria to-day, and thence to Port Townsend. The U. S. S. Albatross, which was also on patrol service in the B. & N. railway belt yesterday, after fourteen months of cruising all over the north and west Pacific. The Perry left the harbor this morning before daylight.

All the old evidence brought at former commissions into the squatters' grievances on the B. & N. railway belt is being relabshed with great care by Judge Harrison, with W. H. Ellis as clerk of the court. The public is taking very little interest in the inquiry, not more than half a dozen persons attending the sitting yesterday. The judge is taking the evidence himself, with laborious care. The body of John Doyle, formerly a coal miner, but latterly a road maker, was found floating at 7 o'clock this morning in the inner harbor. Doyle had been drinking yesterday and was last seen yesterday afternoon in the Crescent. When found by the police the body had been almost torn out, while the forehead was a mass of confusion. It is not known yet whether he had any quarrel with other men yesterday, but the police are investigating. Doyle was known as the best pusher in Vancouver when in that line of work. He was a native of Ireland, and had no relatives in this country.

Later—the name of the man found drowned is Levi Thomas, John Doyle being an assumed name. He was 57 years of age.

Mr. McInnes delivered a savage attack on the Laurier government last night at Etienneau, and also denounced Smith, calling him a fair, dishonest and no good.

Ralph Smith yesterday forwarded his resignation as a member of the provincial House to Mr. Speaker Booth.

TRAINING A DOCTOR.

The cost to qualify for a doctor is between \$700 and \$1,200. Most of the London hospital schools arrange that by paying a composition fee of from a little over \$100 to \$150, either in one sum or by instalments, the student becomes a perpetual student, and is entitled to attend all necessary lectures and hospitals for the double diploma. Taking the larger sum for the purpose of estimate, and adding to it the necessary expenses for maintenance, clothing, books, anatomical parts, etc., at \$100 a year for five years—a rather low estimate for London—the total cost of an ordinary student at a London hospital would be from \$600 to \$700; that of a university graduate would necessarily be greater, and might amount to \$1,000. If there is failure at any of the examinations the period of studentship is prolonged, and the cost is increased.—British Medical Journal.

FOUR MEN IN CUSTODY.

Paterson, N. J., Oct. 24.—Four men, Walter McAllister, Geo. Kerr, Wm. Aden and Andrew Campbell, charged with complicity in the death of Jennie Boschert, spent last night in separate cells at the Passaic county jail. The authorities say they have confessions from Campbell and Aden, but that McAllister and Kerr have refused to confirm the damaging statements sworn to by the hackman.

Charged By Militia

Crowd of Strikers Dispersed by a Force of Royal Scots at Valleyfield.

Eight Soldiers and Fifteen of the Mob Injured, Several of Them Fatally.

Valleyfield, Oct. 25.—Two hundred men employed by the Montreal Cotton Company on the foundations of a new mill, went out on strike yesterday, demanding an increase of 25 cents a day in their pay. The company refused to deal with the union. The strikers yesterday prevented the company from shipping goods as to-day held up the company's coal pile. The local police were powerless. The company had to have coal or shut down; consequently a message was sent to Montreal asking for military assistance. It arrived at 4:30 this afternoon, and consisted of two companies of the Royal Scots. The embargo on the coal pile was promptly removed.

At dusk a big crowd gathered and there was every evidence of trouble. About 8:30 a crowd of strikers and their sympathizers gathered at the Empire mill and stoned the windows. The Royal Scots charged and dispersed them. Eight soldiers were injured, two fatally. Fifteen strikers were hurt, one fatally. Two hundred more militia and a number of physicians are leaving Montreal for Valleyfield.

Valleyfield, Oct. 26.—All was quiet here this morning, but the cotton mills were closed down owing to the action of four hundred operators in quitting out of sympathy with the striking workmen who caused disturbance last night when the Royal Scots charged the mob. Serious trouble is looked for to-night.

The town is guarded by 25 officers and 350 men of the Royal Scots and Victoria Rifles regiments of Montreal. A woman named Dion died this morning of fright as the result of last night's riot.

In last night's clash nine of the Royal Scots were wounded, most of them slightly. Five French-Canadian strikers were also slightly wounded.

To Take Command.
Montreal, Oct. 26.—Two troops of the Duke of York Hussars have been sent to Valleyfield accompanied by Lieut-Col. Roy, D. O. C., Montreal district, who takes personal command of all forces upon arrival. The action of the military authorities in sending Col. Roy, who is a French-Canadian, to command the forces will prevent any attempt to raise the question that it is English volunteers trying to down French-Canadian workmen.

Ready for Service.
(Special to the Times.)
Ottawa, Oct. 26.—The strike at the cotton mills at Valleyfield, Que., is turning out to be serious. The Royal Scots were called by the citizens to protect them, and now all the militia in Montreal has been ordered to be under arms and ready.

SOLDIERS DYING.

There Are Several Deaths Daily Among the Germans at Peking.

Berlin, Oct. 24.—Discussing the present stage of the relations between the Chinese government and the powers, a high official of the German foreign office made the following statement to-day: "Before Li Hung Chang can be accepted as negotiator by the powers his credentials must, of course, be examined. So far Li has on various occasions, has refused to exhibit them. When Li Munan, son of Li Hung Chang, was in Shanghai, he requested Li to show them. The Chinese statesman replied evasively. However, Germany will not raise difficulties. Furthermore, all the legations must jointly agree upon the precise wording of the demands to be addressed to the Chinese government as preliminary to actual peace negotiations. "These demands will be framed in accordance with the German and first French circular note. It is another question whether Li will have power or to enforce these conditions in case they are agreed to. All the powers earnestly desire to show all possible advances making towards the conclusion of peace."

Official confirmation has been received of the news already forwarded by private dispatches regarding the unsatisfactory condition of the health of the German forces in Peking. Dysentery and typhoid fever have appeared epidemically, and each day brings several deaths.

NEW SPANISH CABINET.

Madrid, Oct. 22.—The crisis in the Spanish cabinet is an outcome of the conflict between the civil and military elements. Since their return from Cuba, Generals Weyler and Linares have gathered around them a group in defence of the interests of the army, and in spite of the budget economies which have been universally demanded, they aim to reconstruct the army and navy. The first step in the direction of this plan was to

proclaim the independence of the minister of war among the members of the cabinet, and General Linares appointed General Weyler to be captain-general of Madrid as part of this policy. General Weyler, who recently adhered to the Liberal party, which he hoped eventually would enable him to get the portfolio of war, announced that he accepted the portfolio as a military man, and not as a politician. Nevertheless it is thought his present action will cause him to be abandoned by the Liberals. In the meantime General Weyler resigned his post, saying he was nominated by the government of the Queen Regent, and apparently he believes no one dares relieve him.

SIR MACKENZIE'S DENIAL.

No Truth in Statement That at Time of Crisis He Had Consented to Resign.

Carleton Place, Oct. 26.—Sir Mackenzie Bowell and Hon. John Haggart met on the platform here last night, the former speaking in the interest of Dr. Preston, who is opposing Mr. Haggart. In defending his action at the time of the crisis in the Conservative party when he, with other members, rebelled against Sir Mackenzie Bowell, Mr. Haggart said at that time he considered it necessary for a change, and that he understood Sir Mackenzie Bowell had agreed to this decision of his colleagues, and was to have handed in his resignation, but delayed from day to day until he (Haggart), with the rest of his colleagues, were compelled to send in their resignations in order to get rid of Sir Mackenzie Bowell.

Sir Mackenzie, replying to Mr. Haggart, said there was no foundation whatever for the understanding alleged by that gentleman.

THE SPANISH CABINET.

Madrid, Oct. 23.—The new Spanish cabinet took the oath of office to-day. It is composed as follows: President of council, General Azcarra; minister of foreign affairs, Marquis Aguilar Campos; minister of war, General Linares; minister of finance, Senor Allen de Sillagart; minister of the interior, Senor Ugarre; minister of public instruction, Senor Garcia Aliz; minister of agriculture and public works, Senor Sanchez; minister of marine, Admiral Mozo. Senor Sagasta, the former premier and Liberal leader, declares the new cabinet will hasten the ruin of the Conservatives. He believes a great mistake was made in not giving the naval portfolio to Senor Sanchez Toca, and that it was an equal mistake to retain General Linares as minister of war.

The press points out that five of the ministers are general officers. The official organ of the army declares the time has arrived to undertake energetically the reorganization of the army.

Current loans from \$288,807,403 to \$290,670,616, or \$2,773,100, or an increase; call loans from \$57,709,400 to \$60,538,902, or \$2,829,502, and deposits from \$309,175,770 to \$306,157,320; increase \$3,018,550.

Rebellion Spreading

In the Provinces of Kwang Si—Proclamation Issued by Boxers.

The Allies Entered Pao Ting Fu on Saturday—Report From Gaselee.

London, Oct. 25.—Lord George Hamilton, secretary of state for India, has received the following dispatch from Gen. Gaselee, commander of the British troops at Pao Ting Fu: "Pao Ting Fu, Oct. 20.—The allied troops under my command arrived here yesterday. British, German, French and Italian guards have been posted at the gates. To-day all the generals with small escorts went through the town, after which they arranged for the allotment of quarters for occupation. I shall keep most of the British in camp for the present. I am waiting for orders from Waiderssee regarding their future disposition."

Sir Robert Hart, director-general of the Chinese imperial maritime customs, in an article in the November number of the Fortnightly Review, takes a pessimistic view of the Chinese question. He frankly declares his opinion to be that the Boxer movement is national and patriotic in its aims, and that the Chinese emperor and will spread like wildfire throughout the length and breadth of the empire. There is not the slightest doubt he says, "that fifty years hence there will be millions of Boxers in ranks and war proudly at the call of the Chinese government." Discussing the course open to the powers, Sir Robert says there is a very real Yellow Peril ahead, and no hope of a permanent solution.

The morning papers, dealing with Sir Robert Hart's article, admit its importance, but consider that his views are too gloomy and that his ideas of the Boxer movement are a phantasm of a too-sensitively imagination. The Shanghai correspondent of the Times says rumor credits the Germans with the intention to take action in the Yang Tse Kiang region, where the military situation is becoming serious. The Chinese troops there and in the north are drilling and practising musketry firing under foreign-trained officers. Large quantities of provisions, war material and treasure are being forwarded from the Yang Tse district to the imperial court.

Boxers' Proclamation.
Hongkong, Oct. 25.—Advices from Lien Chai, on the North river, say that the American mission property there is threatened with destruction by Boxers, who have posted the following proclamation: "We have organized to protect our property and our homes, and we rely upon one another to support the order to drive out the foreign devils. They are mad. Their folly passes description. They are the usurpers of our land. They disturb our borders.
