There is not a better bred horse in the country than the Abdallah Messenger; he traces back to two of the best bloods in existence, viz. Abdallah and Messenger. While we do not wish to question the qualities of other good horses, we are correct in asying that the blood of Abdallah Messenger together withhis fine size, symmetrical formation and great muscular power, stamp him at once as one of the best and first stock horse for all purposes that now stands in America Abdallah Messenger's Colts

have made the fastest trotting and he has sired more trotters than any other horse imported to P. E. Island of the same age. He came from Long Island, New York, May 14th, 1877. Captain Ivring's colt, 2 years old, took first money Somerset Track last fall and John O'Rongshan's mare iso took first money, and John Dobson's colt, 2 years old, took first money on Tryon ice last winter; several other of Abdallah Messenger's colta have taken first money in races and also at several of our exhibitions on P.E.
