## CITY NEWS.

Recent Events in and Around St. John.

To cure Headache in ten minutes use Kumford Headache Powders, 10 cents.

The first schooner from the fleet bound for some time at Vineyard Haven to arrive here was the Clavala, which arrived here yesterday with a cargo of coal. She had a rather trying experience, but came through all right.

## BABY BOZEMA.

"My daughter was afflicted with eczema from when three weeks old. Her entire face and hands were raw, and she was in awful distress. When doctors failed we began the use of Dr. Chase's Ointment, which has entirely cured her and she has never had the least symptom of the trouble since."

Mr. Patrick Sullivan, Welland Ave., St. Catharines, Ont.

## NOTICE.

That any man can, without previous experience, be an efficient round log scaler if he possesses an Automatic Holland Log Rule, which gives the contents of all logs from four to forty inches in diameter.

Sent to any address on receipt of two dollars and fifty cents.

H. B. HETHERINGTON, General Agent, Cody's, N. B., 172

## BRINGING BUTTER TO HALIFAX.

For the first time in very many years butter is being imported into Halifax from England, a leading wholesale house having a large consignment on the str. Sicilian. This step was resorted to when it was seen that indications pointed to a scarcity of that commodity in Canada, and a consequent advance in price. That the firm knew what they were doing is now evidenced by the fact that in about a week, the retail price of the best creamery has jumped from 25 cents to 35 cents. However, it is comforting to know that the dealers are hopeful that the limit has been reached, although they do not look for a decline for some weeks. A rumour of a consignment of butter from the state of the dairy market will be found on the financial page—Halifax Chronicle.

## PAINTS—FOR SOCIETY POLK.

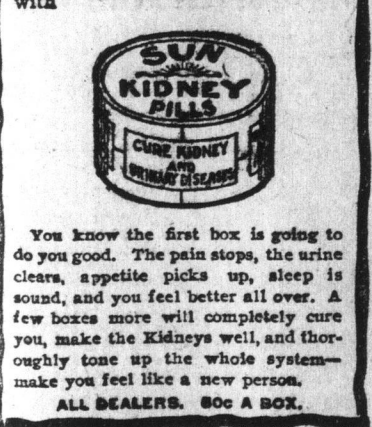

People of ashion do things sometimes that cause pain in the stomach and aches in the kidneys. Hard work and hard pleasure have pretty nearly the same results. A sour stomach, a bad breath and pains about the heart and head are caused by gases from the stomach. Huch cures them quickly. You take one when you feel badly. Three at night to move the bowels next morning, then one after each meal, and your trouble will go away. It is Nature's own remedy for pain. They are chocolate coated, and contain nothing that is injurious. There is nothing like it in the world. It is a doctor for ten cents! At your druggist's.

## EXPECT BOOM IN COMING SEASON.

Industrial Outlook in Cape Breton is Bright.

All Big Companies are Increasing Their Plants—New Works are Being Established.

SYDNEY, March 1.—The industrial outlook for Cape Breton during the coming season presents a very encouraging aspect. The expectations are that it will be a most busy year.

The Dominion Coal Co. are taking advantage of the dull months of winter time to get their collieries into shape for active operations throughout the summer. They have installed improvements in all their mines and have made every preparation for a big output. Large and important contracts have been made in the St. Lawrence river and in the foreign markets, at fairly good prices.

The Nova Scotia Coal and Steel Co. at Sydney Mines is also making preparations for an increase in their output. They will have the mines in excellent condition when the season's shipping opens.

The Dominion Iron and Steel Co. at Sydney will be busier than ever. Every department has been overhauled during the past several weeks and wherever necessary or deemed expedient new machinery and appliances have been installed in order to ensure an increased output. By the latter part of April the rail mill will be in operation, which fact will mark a distinct departure in the manufacture of steel products in eastern Canada. When the rail mill will have been started there will be about three thousand men working on the plant. The large percentage of these will be skilled men who will be paid high wages, so that the monthly distribution to the employees will be very large.

The new steel plant of the Nova Scotia Coal and Steel Co. will be in operation next summer. The construction work on it is now being rushed to completion. The steady operation of this plant will of necessity mean a large consumption of coal from the company's own collieries and with the constant increase in the demand for this coal in the outside markets the probabilities are that Sydney Mines will have a busier year than it will in 1902.

The Cape Breton Coal, Iron and Railway Co., with extensive deposits of coal at Broughton, near Port Morien, will have established rail connections with their proposed shipping ports, and during the year will be pushing development work with every vigour possible. The company is now surveying a line to Sydney, and it proposes to establish shipping facilities at Louisbourg, Canada's great winter port. The Newcastle collieries at Port Morien will also be very active during the coming season. Considerable improvements have been effected in the equipment of the mine and the outlook for a splendid output is most hopeful.

## FREDERICTON NEWS.

Mrs. Medley's Funeral—Company Takes Over Babbitt Mill Property at Gibson.

FREDERICTON, March 1.—The funeral of Mrs. Medley took place at 2:30 this afternoon. After a short service at the house, conducted by Dean Partridge, the remains were borne to the Cathedral by sidesmen, followed by a large number of friends. The pallbearers and mourners were those announced in today's paper. On the arrival at the church the body was met at the door by the Bishop and the clergy of the diocese. The beautiful and impressive service of the Church of England was duly solemnized, Dean Partridge reading the prayers and Canon Roberts the lesson. The full choir was present and the music rendered of an exceptionally high order. It included the two hymns, The Saints of God and Now the Laborer's Task is O'er, and an anthem, the composition of the late Metropolitan, entitled They Shall Hunger No More. Mrs. John Black taking the solo most acceptably. On the arrival at the church of the procession that edifice was three-quarters filled with ladies from all denominations. The Bishop took the commitment service at the grave. Mrs. Medley being buried beside her husband in the lot at the east end of the Cathedral.

The clergymen present included, besides the Bishop, Dean Partridge, Archdeacons Forsythe and Neale, Canon Roberts, Sub-Dean Street, Rev. Messrs. Montgomery, McKel, Bellis, Dibble, Scoville, Neale, MacDonald and Forester. The clergymen of the other religious bodies in the city walked together in the procession.

A company composed of A. J. Gregory and others completed arrangements today to take over the Babbitt mill and property at Gibson. The purchase price of the mill and property is \$10,000 and lumber \$5,000, making \$15,000 in all.

At the curling rink yesterday Thos. L. Fowler, who has been distinguishedly himself this year as an exception-fine curler, made a record breaking score at points. The possible score is 72 and Fowler made 58, which is the highest ever made in the maritime provinces, and is only three behind the best Canadian record, which is held by a Winnipeg man.

Thos. H. Colter, registrar of deeds, has announced his intention of being a candidate for alderman at the coming civic election for Queens ward.

## SACKVILLE WEDDING.

Miss Ethel Hill Married to P. D. Ayer of Moncton—Other News.

SACKVILLE, March 1.—The home of Mr. and Mrs. George Hill was the scene of an interesting event last evening, the occasion being the marriage of their daughter, Ethel, to P. D. Ayer of the firm of P. D. Ayer & Co., Moncton. The ceremony was performed by Rev. B. B. McLeitch, B. D. The bride was given away by her father. She was attired in a becoming travelling suit of blue cloth and was unattended. A fairly wedding feast was served, after which the happy couple left for their home in Moncton followed by the good wishes of a host of friends. The bride received many useful and valuable presents.

Mrs. F. B. Black was the hostess at a very pleasant at home last evening. Senator Wood returned from Ottawa yesterday.

Mrs. E. C. Read was the hostess at a delightful social function last evening.

A very warmly contested spelling bee was held by the members of division, Sons of Temperance, Middle Sackville last evening. Miss Myrtle Stockall of the teaching staff was the champion speller. Principal P. S. James presided.

Sackville had two interesting hockey matches yesterday. One in the afternoon played by the town and university, won by the former. The match was a close one, the result being a tie. The score stood 3 to 1 in favor of the Besoms.

Miss Violet Knapp entertains the Y. W. C. U. on Thursday evening.

Mrs. E. Churchill was summoned to Lockport, N. S., on Monday on account of the serious illness of her sister, Mrs. Ross, Presbytery minister.

Mrs. Charles Estabrook leaves for Moncton tomorrow, where she will enter the hospital for a surgical operation.

Walter Melanson, assistant bookkeeper for the Standard Manufacturing Co., is quite seriously ill.

## KING BUYS NEW STEEPLECHASER.

LONDON, March 1.—King Edward has purchased the steeplechaser Mollaf from the Australian sportsman, Spencer Gollan, to make good the loss he sustained through the death last week of his favorite Ambush.

The price paid for Mollaf, it is said, was 2,500 guineas (\$13,125).

The horse is now being prepared at Newmarket for his engagement in the forthcoming Grand National, which race he won last year.

Mollaf is a New Zealand bred brown gelding by Nator-Denbigh, and is said to be a very fast and powerful horse. He has become a great favorite for next month's big steeplechase and looks like starting at a very short price. This week he has been backed to win to 11 to 2 for substantial amounts.

## LAURIE CLOSETED WITH COX.

OTTAWA, March 1.—Customs Collector J. Wesley Hoyt of McAdam and Rev. Ross, Presbytery minister of the same place, are in the city.

Senator Cox was closeted with Laurie today from noon until almost an hour before the house met to the exclusion of all other members. The cause was the cause of the conference.

Mr. Loggie of Northumberland leaves for home tomorrow on a brief visit.

## NERVOUS, IRRITABLE People are very trying to live with, we speak feelingly to all such we recommend "The D. & I." Emulsion. It is prescribed by leading physicians and used in the principal hospitals.

## FIRE ON STEAMER.

SAN FRANCISCO, Feb. 23.—Fire broke out in the cargo of the steamer Oregon yesterday when the ship was about 15 miles southwest of Crescent City, on her voyage from San Francisco to Portland. There were 56 passengers on board, the Oregon besides the crew, but the passengers were safely transferred to the steamer Del Norte and taken to Crescent City. The Oregon proceeded to the harbor under her own steam, the fire having been put under control. The total loss has not yet been ascertained.

## Nose to Stomach Goes Catarrh

The Whole System is Polluted and Undermined—Consumption Develops—Death Follows.

HAVE YOU THE TAIN?

One eminent specialist likens catarrh to a serpent. Its movement is scarcely noticeable, but gradually it creeps through the system, leaving its trail of poison as it goes. Catarrhous disease of the catarrh reaches the real cause of the disease.

No matter where the catarrh may be, whether in the nose, throat or bronchial tubes—Catarrhous quickly searches it out. Failure is quite impossible with Catarrhous.

## WHAT SULPHUR DOES.

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafer.

They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Perv people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and expels the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary doses of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur of which Stuart's Calcium Wafer is undoubtedly the best and most widely known.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation, or when the bowels are sluggish, the results obtained from Stuart's Calcium Wafer. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafer is a proprietary article and sold by druggists and chemists, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in cases of skin diseases as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood purifiers will find in Stuart's Calcium Wafer a more palatable and effective preparation.

## DRIVING PARK ASSOCIATIONS.

Representatives Met at Moncton Last Night—Officers Elected.

MONCTON, N. B., March 1.—A meeting of the representatives of the Driving Park Associations of Nova Scotia and New Brunswick was held in the board of trade rooms here this evening.

The following were represented: Amherst, Amos E. Etter; Springhill, A. L. Somers; Chatham, R. A. Snowball; Woodstock, H. E. Gallagher; Fredericton, T. H. Colter; St. John, H. J. F. Macdonald; Moncton, D. I. Welch. It was decided to form a maritime horse breeders' association and to invite all track associations in Nova Scotia, New Brunswick and the Island to co-operate.

The following officers were elected: T. H. Colter, president; A. E. Etter, first vice; H. E. Gallagher, second vice; Dr. T. Fred Johnson, St. John, third vice; D. I. Welch, secretary and treasurer.

It was decided that dates of race meetings should be arranged so as not to conflict and there should be no limit on the number of races. The following dates were arranged: Springhill, June 30, July 1st, Moncton, July 7 and 8, Woodstock, Sussex and St. John latter part July. Springhill, Fredericton, Chatham, August 1st and 2nd, September 8th, 9th and 10th, September. Fredericton, 14th to 20th September. Other dates to be filled in later.

Planagan has sold his dry goods business in Moncton to J. D. Creighton of Newcastle, who invites tenders for the stock, which is inventoried at over \$25,000.

## SARCASTIC KANSAS POSTMASTER.

The postmaster at Waltham advises that he will shortly leave for the west through the mails in a hurry should always write "In haste" on the lower left hand corner of the envelope. Then everybody connected with the service will jump around lively. The small sack containing it is delivered to the route clerk on the run. The route clerk rushes ahead and notifies the engineer to pull the throttle wide open, and the rural carrier whips his horse into a swift gallop. All in order that the instructions may be obeyed.

## Y. M. C. A. BUILDING FUND.

Movement to Raise the Balance of the Sixty Thousand Needed.

A determined effort will be made to raise the remainder of the \$60,000 required for the new Y. M. C. A. building, and plans are now being formulated for a monster affair. It is not yet known what form of entertainment will be decided upon, but it is likely that a sale and fair of the large rooms of the association will meet with the most general approval.

## THE GALLANT 600.

Two More Survivors Have Passed Away.

Sad Story of Two Old Men, Who Had Fought in Glory of Great Britain.

LONDON, March 1.—Two deaths of survivors of the charge of the "gallant six hundred" at Balaklava on the fatal 25th of October, fifty years ago, have just been recorded. The first to pass was Edwin Hughes, a veteran of seventy-four. It was amid the depressing surroundings of the Lethal Green convalescent hospital that the pathetic circumstances of his expiring days were told. Since he was purchased out of the army the old man followed the trade of an iron moulder, until advancing years and infirmities made it impossible for him to get work. And all his penny he kept a list of survivors of the famous charge, and used to tick off the name of an old comrade whose death he remembered him.

Mary Hughes, the widow, informed Dr. Wynn Westcott, the coroner, that she had had two soldier husbands. Her first husband, the Indian mutiny. She had lived with the deceased at 128 Guinness buildings, Columbia, road east. He had served as a private in the Seventeenth Lancers, taking part in the famous charge of the Light Brigade and also under Sir Colin Campbell in the Indian mutiny. He had no pension, as he was purchased out of the service. He told her, however, to keep her husband for the past five years. She was a silk weaver, but could not earn only 6s. or 7s. a week. Last week her earnings amounted to only 3s. 4d., and out of this 3s. had to go for rent. The remainder was 3s. to 3s. that was allowed to the deceased as outdoor relief, was all they had to live on. Witness was the mother of eleven children, but all were dead.

On Saturday night her husband went to bed about eleven o'clock, apparently to be out of the house, but when he awoke he found he was lying on his back, and he was unable to move. He was found dead by the police, and he was taken to the hospital.

Macaulay was one of the last men to escape from the melee. He was a son of Richard Macaulay, surgeon of Rawcliffe, near Gool.

## INDIGESTION AND HEADACHE.

Mr. Duncan McPherson, Content, Alta., writes:—"I was for many years troubled with indigestion and headache, and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the full enjoyment of the blessings of good health."

## NEARLY A RIOT

Caused by Anxiety of Men to Shovel Snow All Day for Two Dollars.

NEW YORK, March 2.—A newspaper advertisement offering a day's work to any man who would shovel snow for a crowd of applicants to a point in Fifth street early today that the police reserves were called out to quell an incipient riot which attended the scramble for work checks. More than three hundred men who had come in response to the advertisement were standing about the place soon after daylight when the men, carrying checks, each of which would entitle the holder to a day's work, appeared on the scene. The sight of the checks was the signal for a rush, in which every one of the three hundred men was tossed right and left in the scramble to reach the holder of the checks, and within a minute the last one of the bits of pasteboard had been given out. This did not stop the trouble, however, and when the police reserves, who had been summoned at the first rush, appeared, more than a score of individual couples were fighting hand to hand for the right to shovel snow all day for \$2.

## ABSOLUTE SECURITY.

## MANUFACTURING GUNS.

BERLIN, March 2.—The government, instead of re-arming the artillery during a period of several years, as the army appropriation bill indicated, is proceeding to re-arm it as fast as guns can be manufactured. The army establishment requires 3,485 guns with at least 2,000 reserve pieces. The type is a combination of the Krupp's improved gun with Ehrhardt's model.

## THE FAST PACE

that we lead in this present generation, wears out many a heart in comparatively short time. Hence we use for racing purposes we treat with care and concern, machinery and other mechanical devices that we use continually we oil and keep in good condition
