Ouick and Permanent Relief from Rheumatism

It is not exposure to cold or wet that is the real cause of rheumatism — it is bad kidneys. So long as the kidneys are doing their work properly, filtering from the blood all the Uric Acid formed there from the waste products of the body, rheumatism cannot exist. It is only when the kidneys fail, and the blood becomes loaded with this Uric Acid, that the slightest

exposure stiffens up the joints or muscles and causes agony.

Father Morriscy's No. 7 Tablets

promptly relieve and permanently cure rheumatism by putting the kidneys into perfect shape for their work. Once the strengthened, invigorated kidneys get the Uric Acid cleared out of the blood the rheumatic pains disappear. If they ever show symptoms of returning a few No. 7 Tablets will tone the kidneys up again and keep you free from the dreaded rheumatism.

Father Morriscy's No. 7 Tablets have proved their value in hundreds of cases where other remedies have failed entirely. 50c. a Box-at your dealer's.
