## FREE KINDERGARTEN

WILL OPEN A FIFTH  
SCHOOL IN SEPTEMBER

Have Secured a Room in the Calvin Church Building—Much Good Work Done This Year By the Association.

The Free Kindergarten Association held their closing meeting for the year at the residence of the President, Mrs. T. U. Vincent, Friday afternoon.

The Association have secured the use of a room in the Calvin church on Carlton street, where in September they will open a new school. They have been trying for some time to get a room in or near this locality which would take in the children from Fond, George, North streets and vicinity. They have also been able to secure very commodious quarters for their Marsh Bridge School.

A very interesting letter was read during the afternoon from Mrs. W. C. Matthews, former supervisor of kindergarten schools of this city, and now supervisor in the city of Winnipeg, telling of the wonderful work that is being done in that city where the kindergarten work is continued on in the primary schools, and of the great interest taken in the work by Dr. McIntyre the Superintendent of school.

After much business had been gone through a very satisfactory year was brought to a close with everything in readiness for the Autumn work. The following officers were elected for next year:

President—Mrs. T. U. Vincent.  
Secretary—Mrs. W. Frank Rowse.  
Treasurer—Mrs. J. W. V. Lawlor.  
1st Vice-President—Mrs. H. H. Pickett.  
2nd Vice-President—Mrs. H. L. Spangler.  
3rd Vice-President—Mrs. J. Edmund Secord.

## Children Cry for Fletcher's

**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. H. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

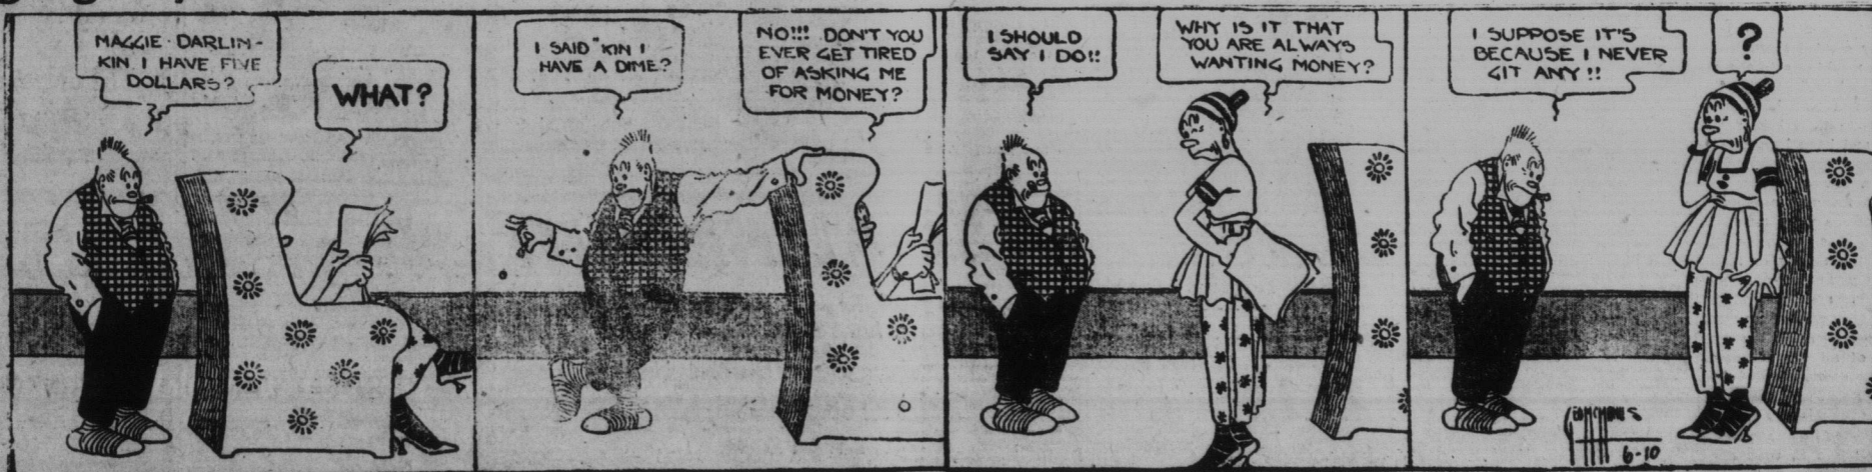

Bears the Signature of

ROTHESAY STUDENTS  
ATTENDED DIVINE  
WORSHIP YESTERDAY

Large Congregation Listen To Able Sermon By Rev. H. E. Dibblee of Amherst, Who Has Son Overseas.

The students of Rotheray College attended divine service in St. Paul's church, Rotheray, yesterday, a large congregation being present. The sermon was preached by the Rev. H. E. Dibblee of Amherst, who has a son overseas, a former pupil at Rotheray.

The text of the forenoon inspiring sermon was taken from Psalm 137. He brought me forth also in a large place. The preacher told the story of David and pointed out how this incident is related twice over as if the once telling of such a masterpiece were not enough. Fifty verses of this Psalm are repeated in Second Samuel—the story of the sweetest songs in all sacred poetry telling how the composer, himself a king, forgot his kingship, only remembering how he had been helped by the goodness of God to get up from a small place of struggle and defeat to a large place of opportunity and service.

This was compared to the paramount factor in the educational achievement of the Rotheray Collegiate School. Its system was to get boys up from a small place to a large place as true education always means leading forth and guiding forward out of a small place of ignorance and darkness into a large place of knowledge.

The service of College Sundays rounds off the Academic year and gives the scholars inspiration to carry on.

The large place of God's place where He wills every life shall come. No one is so ambitious for himself as God is for each one of us.

"The three words of the school, Virtus, Vigor, Veritas," said Mr. Dibblee, "is a Trinity group of high objectives. That the call to service was responded to so naturally and willingly showed that the boys had realized the truths of this motto. The influence and spirit of lecture hall and athletic field could only be true to them as they went forth to live it in that large place of supreme test, (and some of them, we bow our heads, to die for it.)"

The eloquent language of the large honor roll of valiant and heroic comrades speaks to you boys of today. You will see that it is not blotted nor forgotten. It used to be the past 'Lives of great men all remind us, which was taught and talked about. Today it is the future which calls to us. Not for us the reward but what in God's providence shall come."

N. B. STUDENTS DO WELL AT ST. MARY'S COLLEGE

Moncton and Shediac Boys Win Medals or Other Prizes.

Moncton, June 16—Several Moncton students attending St. Mary's College, Halifax, have arrived home for the summer holidays. They included John Vereker, nephew of Mrs. J. J. McDonald, who for the second year won the gold medal and distinction diploma for leading his class; Henry Friel, son of Mr. James Friel, E. C. who also won the gold medal for leading his class; Cyril Brown, son of Mr. James Brown, who was among the prize winners for standing in his class and Brennan Maloney, a son of James Maloney, who received his first year diploma. Ned White, son of ex-mayor J. E. White, of Shediac, also returned by the same train. He is a first year student and was the winner of \$5.00 in gold for leading his class.

## WEDDINGS.

Hendricks-Hoyt. A pretty June wedding took place on Saturday afternoon at the residence of Mr. and Mrs. Charles Hendricks of Hampton became the wife

NATIONS MUST  
REPENT BEFORE  
VICTORY COMES

Rev. Dr. Hutchinson States Belief That National Sin Is Keeping Allies From Speedy Victory.

Last night Rev. Dr. Hutchinson, of Main street Baptist church, stated in his sermon his belief that the reason why the Allies were not winning was because of national sins, and until those sins were repented of and thrown aside they would not win. His subject was, "Why is the Winning of the War Delayed," and he based his remarks on the words found in Joshua 7, 12 and 13: "Neither will I be with you any more, except ye destroy the accursed thing from among you; there is an accursed thing in the midst of thee, O Israel; thou canst not stand before thine enemies until ye take away the accursed thing from among you."

The speaker said that for four years a great war had been raging and on the part of the British it was a righteous war, but they had not won, nor were they winning, and he believed it was for the same reason that Israel failed to conquer the men of Ai, because of sin. It might be that the terrible blows now being received by the British on the western front were to teach the nation the need of getting back to God and he believed that if this was done victory would come and that speedily.

Among the national sins to be repented of, the speaker referred to the drink traffic, which had not yet been altogether put away; the desecration of the Sabbath. This had in many respects been made a mere holiday, and many of the professed followers of Jesus used the day for a holiday instead of the purpose for which it was intended, to worship and glorify God.

The Huns of ancient times had been called the scourge of God. It might be that the modern Huns was a scourge of God, used to bring his people back from the path of sin to walk in the paths of righteousness.

It had been said by some that the United States coming in would win the war, but while he was glad they had come in, he did not believe the war would be won until the nations had humbled themselves and confessed and repented of their sins.

visiting her daughter, Mrs. J. A. Scribner, who is ill. Miss Morna London is home from Macdonald College, Bellevue, for the summer vacation.

Mrs. Walter Howard and daughter of Campbellton, visited Newcastle friends this week.

Misses Gertrude and Yvonne Buckley, student nurses at St. Vincent's Hospital, N. Y., are visiting their father, D. J. Buckley.

Some of the oldest walnut trees in this country were originally planted, not for the sake of the fruit, but because the wood makes the best gunstocks, being light, strong and not easily warped.
