

FOR AND ABOUT WOMEN

Let's Talk It Over

GIRLS ON THE FARM.
A visitor to St. John, who has come to take up an important work, in Miss Perry, of Toronto, Miss Perry has been the National Service Secretary, and has had charge of the work of placing girls on the farms of British Columbia. The Government of that Province gave the entire charge of this to Miss Perry and, as over 2,000 girls responded to the call for help on the land, it may be guessed that Miss Perry has spent a busy season.

As in New Brunswick the Western farmers were very skeptical as to the result of this experiment, but the proof of the girls' successful work is shown by the fact that the farmers have asked for their help in the March planting.

It was conclusively shown that the girls could do the farm work with the exception of plowing and haying, and in many cases this hard labor was undertaken.

The girls returned from their time on the farms healthier and better than when they went. Several groups were formed, in some instances University girls joined together, or a number of friends enlisted in this land army.

LARGE AUDIENCE ENJOY PRODUCTION

What Happened to Jones Successfully Played in St. Peter's Hall by Young Men's Association.

"What Happened to Jones?" The foregoing bears the name of the play staged last evening in the St. Peter's hall, Elm street, by St. Peter's Y. M. A., and which the audience declared to be a success in every feature, and the several participants are to be congratulated.

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headaches seems habitual with many people; indeed some are self-determined, if ever, free from it, suffering continually, and wondering why they can get no relief.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates through the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

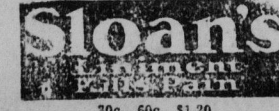

B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. Milburn Co., Limited, Toronto, Ont.

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means relief

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure.

Women, too, by the hundreds of thousands, use it for relieving neuritis, lame backs, neuralgia, sick headache. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Made in Canada. Get it today.

BRINGING UP FATHER.

SUCCESSFUL YEAR FOR ST. VINCENT'S

Alumnae of St. Vincent's High School Hear of Activities of Past Year—Mrs. Jas. McMurray President.

A very successful year was shown in the reports presented by the secretary and treasurer of the St. Vincent's Alumnae at their annual meeting held last evening in their rooms on Cliff Street. The election of officers resulted as follows:

Mrs. James McMurray, President.
Mrs. Oscar Legere, First Vice-President.
Miss Mary Sugrue, Second Vice-President.
Miss Annie Gonnell, Secretary.
Miss Ellen Keefe, Assistant Secretary.

Miss Marie Dolan, Treasurer.

The executive committee of the retiring band of officers with the officers newly elected.

Delegates to the Local Council of Women were appointed as follows: Mrs. F. W. Dyer, Mrs. Oscar Legere, Mrs. L. A. Conlon, Miss Mary Sugrue, Mrs. B. P. McCafferty.

Plans were completed for Rosebud Day, December 14th, when the St. Vincent's Alumnae will take charge of the King's Ward. The captains and lieutenants were appointed: Mrs. L. A. Conlon, Mrs. B. P. McCafferty, Captains; Mrs. B. P. Dyer, Mrs. James Gonnell, Lieutenants.

Deep regret was expressed relative to the loss of several active members. Reference was made to their fine characters, their good influence, and the esteem in which they were held by all.

The entertainment of soldiers was discussed and it was decided to take the canteen at the Red Triangle Club on Charlotte Street for one week.

The Alumnae will send delegates to meet the soldiers' wives and children arriving at the port of St. John.

COMFORT CIRCLE MAKE COMFORT BAGS

The Comforts Circle of the King's Daughters held their regular meeting last evening at the residence of Mrs. A. Farmer, Main Street. There was a large attendance, and the evening was spent in making comfort bags for the sailors to be presented at Christmas, and in sewing for the King's Daughters' Fair to be held on Valentine's Day.

Pierce, songs Mrs. LeLacheur; address: Dunham; instrumental solo, Albert Carty; reading, Alex. Baird; recitation, Steve Matthews, and the presentation of the members of the Pirates baseball club.

Two addresses worthy of comment were those of Commissioners McLean and Fisher. Each of the speakers alluded to the healthy outdoor sports, and to the interest being displayed in the city at the present time to afford playgrounds for the youth.

Commissioner McLean stated that he would take the necessary measures to have the Mill Dam in the North End flooded so the youth of that section of the city might also be afforded suitable skating rink so that they might enjoy themselves, and concluded by adding that the time was not far distant when the city would take over all playgrounds and be obliged to support them in grants of money.

Commissioner Fisher was of the same opinion as the former commissioner relative to the civic support of playgrounds and in support of his arguments said he thought that many of the youths of the city daily appearing in the police court would forget their little petty thefts, and if they were given suitable playgrounds, which were supervised by capable officials and paid by the city, as their services in that respect were inestimable, serving to lead the youth to better ends.

F. L. Potts, M. L. A., announced at the conclusion of the presentation of the state to the winning team, that he would offer prizes during the ensuing winter for speed skaters on the South End rink.

Mrs. John Willis and two daughters, Misses Theresa and Olive, of Wolford have returned after a visit in Portland Maine.

WOMEN'S SOCIETIES WILL CO-OPERATE

Y. W. C. A. and Patriotic League in Charge of Port Work—Representatives of Forty Societies Agree to Help.

Soldiers' wives and other women arriving at the Port of St. John will be welcomed and cared for. This is the decision arrived at some time ago by those in authority, and it only remains for the machinery to be set in motion. A meeting held yesterday afternoon in the G. W. V. A. rooms, called by the National Secretary of the Y. W. C. A., at which were present representatives of forty patriotic societies of St. John women.

Miss Lean, of Toronto, who is a national secretary of the Dominion Council of the Y. W. C. A., presided, and in her opening speech explained the purpose of the meeting, the necessity for the work, and the call for co-operation. She stated that the association which she represented through the Blue Triangle work had been doing this same service in England, France and the United States. In Canada there were sums of money which had been given to the Y. W. C. A. and it was felt that this was the very best way to use this money.

The Y. W. C. A. through its chain of local organizations in almost every place in the Dominion, are able to send word ahead and have lonely women met or get messages to friends to look after them on arrival at their destination. They have been given permission to do this work, but want help of all St. John women.

The Women's Auxiliary to the patriotic fund have been authorized by the government to look after the money and care of soldiers' wives and the two societies will work in co-operation. It is proposed to fit up a room, have beds and couches where tired mothers may rest, and as there is already a canteen there, food may be purchased and brought to women, or children may be looked after, while the mothers go to see after their luggage. Everything about the place will be bright and cheerful.

In telling how the different societies may help, Miss Lean spoke of the need of first aid supplies, of clothing and of many ways in which St. John women may assist.

Mrs. W. D. Foster, President of the Patriotic League, told of their side of this branch of service, and nominated a committee of five to arrange for a central committee of fifteen. The following were nominated by Mrs. Foster, seconded by Mrs. G. K. McLeod, and elected at the meeting: Mrs. E. Chisholm, President of St. Monica's Society; Mrs. Frank White, Red Cross Society; Mrs. A. Pierce, Crockett, President of the King's Daughters; Mrs. George F. Smith, President of the Soldiers' Wives League; Mrs. Malcolm McKay, Regent of the Loyalist Chapter, I. O. E.

Mrs. George F. Smith in a very clear way pointed out that it was necessary to work through the two recognized societies.

Mrs. Lawrence told of a pathetic case, and showed the need of workers doing the work thoroughly.

Mrs. E. Atherton Smith asked if it would not be possible for each society to take one boat and look after that.

Miss Reid, of the Patriotic Fund, of Montreal, was interviewed on the way here, and will assist at Montreal. Miss Perry said that the Y. W. C. A. are here to help, and that she hoped advice and criticism would be given them. They are only waiting for the military to vacate the emigration buildings to go ahead with the fitting-up of the rooms. Information can be obtained at 49 Canterbury Street.

Those present were asked to stand if they were going to support the work, and without any exceptions all stood, thus promising a practical welcome to soldiers' wives arriving at St. John.

THEATRE MEN MEET
By the invitation of the Exchange Managers' Association, a number of exhibitors were present at the regular Monday afternoon meeting of the Association. Some new regulations were discussed, details of which will be sent the Motion Picture Exhibitors' League. Exhibitors present were W. F. Golding, W. C. McKay, F. Triffa, F. G. Spencer, A. C. Smith, G. A. Margrets, President of the Exchange Managers' Association, who presided.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

Your recalcitrant men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a clinical authority to use a drug called Freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflammation or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of Freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

SONG RINGING THRO' N. B. ASSOCIATION OF NURSES MEET

A new song has just appeared, which rivals many love tales. It is called "It's Never Too Late to Be Sorry," and is a tribute to woman's fidelity.

IT'S NEVER TOO LATE TO BE SORRY

Some of the lines of the song are quite poetical. One verse runs: "I watched a sweet rose drop and die from want of rain and wondered why. The raindrops when at last they came could not restore its bloom again. You're like the rose; I'm like the rain."

You wanted me and called in vain. And then follows the music which seems to be quite catchy:

It's Never Too Late To Be Sorry

It's never too late to be sorry, I'm sure, I taught you to care, I wish I could lift from your shoulders, The cross I have made you bear, I can't mend a heart I have broken, There is not a heart as true as yours, Copyright A. B. Co. From Women's Songs.

The photographs are hurrying the song out as a midwinter novelty.

boat themselves. She said she had received a telegram from the National President of the I. O. D. E., stating that Lady Perry had called out to know what the I. O. D. E. were doing in this matter. Societies did not like to sink their identity.

Miss Fairweather spoke of the long hours that had to be given, and felt that no one should undertake this work who did not realize that it meant much time.

A discussion took place in which the opinion was voiced by some that it might be arranged to work in societies, and that each member of the central committee of fifteen could be responsible for two societies whose members would be notified to attend.

Mrs. George K. McLeod and Mrs. Hugh MacKay spoke for the I. O. D. E. Mrs. Crockett said the King's Daughters had five members who did this work already, and Mrs. Chisholm spoke of the St. Monica's committee.

Mrs. Emslen Condie, of the Salvation Army, said she knew that the Salvation Army had plans to meet the women as they always did this, and their shelter was near the docks where help could be given.

It was voted that the sign of the Blue Triangle would be adopted with the Y. W. C. A. letters as the English women know this badge, and will appeal to a woman wearing it for assistance. The badge of any other society may be also worn.

Mrs. George F. Smith made this motion seconded by Mrs. Crockett.

Miss Perry, who has been the National Service Secretary and had full charge of the agricultural work in British Columbia, was introduced, and spoke briefly on the port work. Miss Perry had met Mrs. Plumtree in Toronto, and had been told that it was hoped at Ottawa to get the women back before Christmas.

Miss Reid, of the Patriotic Fund, of Montreal, was interviewed on the way here, and will assist at Montreal. Miss Perry said that the Y. W. C. A. are here to help, and that she hoped advice and criticism would be given them. They are only waiting for the military to vacate the emigration buildings to go ahead with the fitting-up of the rooms. Information can be obtained at 49 Canterbury Street.

IF YOUR EARS RING WITH HEAD NOISES

If you have ringing, buzzing noises in your ears, are getting hard of hearing and fear Catarrh of the Ears, go to your druggist and get 1 ounce of Paralax (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Obstructed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrh trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.
