Saddle Lake
18th May 7

I have the honor to inform you
that Mrs. Wilford has applied
for the discharge of her daughter
Mabel Wilford pursuant to the order
from the Act but the medical officer
on the ground that the girl is over
sickly and that the time has
expired by which she was promised
she would be allowed to leave.

I cannot ascertain that there
is any immediate prospect of her
marrying but the mother is a
widow and very anxious to have
her daughter. I have no reason
why I should recommend the dis-
charge but as promises seem to
have been made to all the parents
to allow their children to leave after
a certain time I cannot refuse that
application when presented to me.
