Ottawa, Ont. Nov. 26th. 1923.

Dear Billy:

Thanks for your letter of the 20th. instant, and am indeed glad that you at last got \$5,200.00 out of the Insurance Company. I suppose they acted pretty fairly.

Am very sorry to hear about Ami Bernard. He had had the worst kind of luck I guess even worse than yours - at least he has even more now to overcome.

How are things looking in regard to your Fort William property? I am anxious to know how the litigation stands. You remember you expected the time limit to expire shortly when I was there, but I have not heard since. One would think this would be a pretty good fall to make a sale in that location.

Yes, I have my hands full all right, running bye-elections in opposition and attending to organization and all kinds and varieties of things is some task and the task, so far as I am concerned, chiefly charged with one big difficulty which you never quite understand until you get in opposition.
