

CITY OF VICTORIA.

The Metropolis of Western Canada. The terminus of the Vancouver Island railways, and, under agreement, the British Columbia terminus of the Great Northern Railway of the United States, and of the Canadian Northern. The Canadian gateway to the Orient and the South Pacific Islands. The starting point of steamship lines to the Yukon and Cassiar gold fields, and their chief source of mercantile supply. The principal Canadian port of call for tourists on the line between San Francisco and Alaska. Only a few hours' sail from Seattle, Tacoma and other Sound cities.

CLIMATE—Unexcelled for health and comfort, temperate and bland. Cool in summer and mild in winter. Flowers the year round.

SCENERY—World-renowned. Unparalleled marine views. Ideal landscapes. Charming vistas. Splendid public edifices, churches and schools. The magnificent Parliament Buildings, architecturally perfect. Superb private residences and grounds. Paved streets and sidewalks. Electric railways and all appurtenances of the most modern city.

Drives that excite the admiration of everyone. Incomparable public parks.

ENVIRONS—Never-to-be-forgotten scenes of picturesque beauty. See Esquimalt superb, with its dockyard and ships of war, accessible to visitors; Cordova, Cadboro, Fowl and Oak Bays, Saanich, Goldstream and Sooke—far-famed retreats.

SPORTS AND GAMES of all kinds. Driving Parks, Agricultural Grounds, Golf Links. Victoria Arm, five miles long, the most perfect pleasure waterway on the Pacific Coast, always placid and delightful. First-class Hotels and Lodging Houses; livery turnouts at reasonable rates. **THE MOST DELIGHTFUL PLACE OF RESIDENCE IN CANADA.** Surrounding districts the sportsman's paradise—trout, salmon, duck, grouse, deer, bear, moose and elk.

The leading centre of the **MINING INDUSTRY** on the Coast and of the wonderful iron, copper and gold mines and mining properties on Vancouver Island. Three smelters in course of erection within a radius of 100 miles from the city. Great lumber entrepot. Sealing fleet headquarters. Centre of iron and other manufactures—some of national reputation.
