CHATHAM FARM SCALE

Three Styles

Capacity 2,000 lbs.

You need a Scale on your farm. You need it right now—to-day.

Every day you put it off you lose money. Suppose you sell some hogs at 5 cents a pound, and trust to your dealer's scales, which are 1/20 out. That means a loss to you of 50 cents on every 200 pound hog.

Then you sell 100 bushels of grain at 75 cents. This dealer's scales are only 1/40 out, but your loss is \$18.75 on the deal.

The loss on a few transactions of this kind would buy a dozen scales.

When crops are poor you need every cent they are worth. When they are good you can't afford to throw money away.

You need a scale on your farm at all times. The less you think you can afford it, the more you need it.

The important point is to get the right scale. The Chatham Farm Scale is built in three styles, each one strongly and honestly built, ready to stand the roughest kind of usage.

Capacity 2,000 pounds—sufficient for all farm uses. The knife edges are of oil-tempered tool steel—practically indestructible—insuring absolute accuracy no matter how constant these.

The Chatham Farm Scale is easily convertible into a useful truck. By moving the lever you throw the weight off the knife edges on to the solid frame of the truck. This preserves the knife edges and gives solidity to the truck. When you move the lever to adjust itself without any trouble to you. It is the only scale made in Canada that will do this.

The Chatham Farm Scale is absolutely accurate. Before we ship a Chatham Farm Scale it is thoroughly gone over by the Government Inspector. If it is absolutely accurate he stamps each poise and balance with his official stamp and gives us a certificate of accuracy which goes with the scale.

We will ship a Chatham Farm Scale anywhere in Canada. Don't send us any money. Just send in your order and we'll send the scale as fast as the railroad can get it to you. Our terms of payment are acknowledged to be the most liberal ever offered. Ask your neighbor.

Send us your name and address on a post card and we'll mail you our booklet about the Chatham Farm Scale.

Time may mean considerable loss of money to you. Why not send the post card to-day, while you think of it!

Chicken raising a very easy and simple way of adding to the farm's cash profits.

CHATHAM INCUBATOR

No. 1—60 Eggs
No. 2—120 Eggs
No. 3—240 Eggs

Poultry raising pays.

People who tell you that there is no money in raising chicks may have tried to make money in the business by using treading hens as hatchery, and they might as well have tried to locate a gold mine in the cabbage patch. The business of a hen is—to lay eggs. As a hatcher and brooder she is outclassed. That is the business of the Chatham Incubator and Brooder, and they do it perfectly and successfully.

The poultry business, properly conducted, pays far better than any other business for the amount of time and money invested.

Thousands of poultry raisers—men and women all over Canada and the United States—have proved to their satisfaction that it is profitable to raise chicks with the Chatham Incubator and Brooder.

The Chatham Incubator and Brooder is honestly constructed. There is no humbug about it. Every inch of material is thoroughly tested, the machine is built on right principles, the insulation is perfect, thermometer reliable, and the workmanship the best.

The Chatham Incubator and Brooder is simple as well as scientific in construction—a woman or girl can operate the machine in their leisure moments.

Our proposition is this: We will ship you the Chatham Incubator and Brooder, freight prepaid, and

You Pay No Cash Until After 1906 Harvest.
