

Are you going to be caught without a Silo this fall?

If not, you have no time to waste.

In a very few weeks your corn will be ready to harvest.

Freight shipments these days are slow and uncertain. Unless you

place your order immediately for an Ideal Green Feed Silo

you may not get it up in time to handle your corn. This is a risk you can not afford to run.

Order your Silo now. Allow for freight delays and uncertainties. Give yourself time to erect it properly. If you put off this important matter you may find it impossible to silo your corn this year.

Don't run this risk. Don't put off your decision any longer. Next week may be too late. Act NOW—TO-DAY, and when the snow flies this winter you will have the satisfaction of knowing that you are giving your cows a chance to make money for you.

THE DE LAVAL COMPANY, Ltd.

"MONARCH" ENSILAGE CUTTER

The ideal straw and ensilage cutter, being strong and simple, fast and durable. The "MONARCH" will stand all the heavy work and hard knocks that a machine of this type always receives.

It is built on solid metal frame, rigidly under-trussed, and cannot warp or deteriorate by exposure to weather. Flanges on all sides of feed mouth make it easy to gather feed into the rollers. All gears enclosed in metal covers. Quick, positive action, reverse lever. Semi-steel fan wheel, cast in one piece, no loose parts to come off. Highly-tempered knife has straight, heavy blades, easily removable for sharpening. Shear plate is made accident-proof. We can amply guarantee this machine, because we made it perfect.

See it at Toronto and London Exhibitions. At both fairs we will be in the same locations as last year, and cordially invite your visit and inspection.

Made in 2 sizes: 10-inch and 12-inch throat

OUR REAL GUARANTEE

We guarantee this machine to be made of first-class material by first-class workmen, and that it will cut and elevate as much or more than any other of the same horse-power. If any part breaks during the first year because of inferior material or workmanship, we replace it free, if sent to us, freight or express prepaid, for inspection.

Consider

How many families you know that have benefited by Life Insurance—have, perhaps, been saved from actual destitution by the money paid by the Life Insurance Company.

Think of the many families you know that might have been saved from poverty and hardship had the head of the family had foresight enough to insure his life.

Then—consider which of the two you wish your family some day to be—the benefited, or the "might have been"!
