Champion

Dependable Spark Plugs

This includes low-speed tractors, or high-speed racing cars with all the intermediate speeds. Yes, and the careless handling outside the motor too.

By giving efficient service in heavy duty tractors, developing terrific heat and tremendous shock strain, Champions have earned the right to the name which has become another word for spark plug dependability. A special Champion plug

has been developed to meet each peculiar ignition requirement in every type of gas engine, in motor cars, trucks, tractors, farm and stationary engines, motor boats, motor cycles and aeroplanes.

Dealers in motor supplies everywhere can furnish you with the right type for your motor.

Look for "Champion" on the insulator as well as on the box.
