**Myers' Royal Cattle Spice**  
Is worth Two Cows in Six

Four cows, that have their feed seasoned with MYERS' ROYAL SPICE, give as much milk as Six without it. Actual tests prove this. It not only increases the quantity of milk, but improves **QUALITY** as well. There's more cream and butter-fat to be gotten out of the milk—and butter and cheese is always smooth and rich.

MYERS' ROYAL SPICE does this by-toning up the stomach—insuring perfect digestion—and enabling cows to get all the nourishment possible out of their food.

It keeps the whole herd sleek and fat—pays for itself, a dozen times over, just in the feed it saves.
