RAPHAEL'S CHURCH, ITS RENOVATION AND CEREMONY OF RE-BLESSING. - THE PAS

<text><text><text><text> Alexandria News, Nov. 29. Early in the present year, a few months fol-lowing his appointment to the pastorate of St. Itanhael's parish, the Rev. Duncan A. Camp-bell, after duly consulting the wishes of his parishioners, decided on a complete renova-tion of the interior of his church—a church whose history dates back to the early settle ment of this Province. Plans were prepared by Mr. G. Emill- Tan-guay, architect of Quebec, who is President of the Province of Quebec Associa is no of Archi-tects. Among the prominent buildings in this district designed by Mr. Tanguay may be mentioned the church and hospital in Cor-wall, the cathedral and Bishop's palace in Alexandria. He is also architect of the pro-posed Union Bank building now in courseous the restion here.

mentioned the cathedral and Bishop's unlace in Alexandria. He is also architect of the pro-posed Union Bank building now in course of erection here. The estimated cost of the contemplated im-provements was \$7.000, including the installa-tion of a new hating apparatus. The general contractor, Mr. V. Ladone er, cf Ottawa, signed the contract en the 16 a May, 1901, and commenced work immediately. Measrs. Blowin, Disforges & Latourelle, of Montreal. were awarded the contract for the heating apparatus, who as Mr. Tancuay, the architect, said, did their work perfectly, as can be testified to by those who were fortunate enough to attend the service on Sunday last. The style adopted in the general renovation was the Romaneque, which, though carried out in simple detail, resulted in the interior assuming a rich appearance without a very large outlay. The placing of the steel joints in the ma-sonry, the erection of a three arch wooden vauit, the plase ering and plaster ornamenta-tion, the painting, glazing and the building of a new floor throughout the whole length of the church, were under the personal direction of Mr. Ladouceur. That his work has met with general commendation, is suff-ient proof that it was well done. The glding decorations were done by Mr. Renaud, of Ottawa, who showed his good taste in enriching the interior mentation. We understand that the exterior of the church will be painted in the spring. When this is completed and the Stations of the Cross which are being manufactured in France, are placed in position. St Raphael's will possessene of the best appointed churches in Eastern Ontario. On the 10th of the present month the work pastor, Rev. Fr. Campbell, his parishioners. and Mr. Tanguay, the architet. The re-bleesing of the newly renovated was set for Sunday, 2th Nov., and to the painstaking and indef-stigable work of Father Compheli, is due much of the credit of the suc-cess of the occasion.

added their quota to the number of those who participated in the solemn and impressive cere-mony. During the early part of the day, a steady stream of parishioners and visitors visited the church, all of whom were particularly struck with the unusually rich appearance of the in-terior. The vanit with its projecting arch and pendentifs makes a very pretty covering in-deed, while the painting and gilding have been blended into such a subdued medium that the effect is a rich and well-finished whole. They sould, those this same takes, far more stone. Would that all might understand what it meant to converse with God in His own House! They should pray for those who were yet in the noisy world, heedless of Christ's voice or looking for Him, not at His Home, and is dan-ger of being lost in the storm. They should pray that at last Christ should rise as He did on the stormy sea, and stretching forth His hands say for a last time "Pace!" then there would be a great calm and the world would bear Christ's voice and be reconciled. The churches of God would be filled with His orphan children : rather the whole earth would be one vast temple resonant with the praises of God, where all would sing together, the song of the Paalmist Faith, prophetic of the heaven-ly courts, the last temple for God's worship, "I have loved O Lord, the beauty of Thy House, and the place where Thy Glory dwelleth." The Mass being completed, Bishop Macdonell spoke a few words of congratulation in Gaelic, and thus we find three quarters of a century after the erection of the church, the same language being used by a dignitary of the Roman Church, bearing a like name as his illustrious predecessor to the descendants of those ploneers, rich in faith, pluck, energy and endurance, long passed away to 'their eternal neward, but not forgotten. It was indeed a fitting close to the morning's proceedings.
