

Woman behind the Pocketbook—the Clerk behind the Counter—and the Man behind the Business

## Are Benefited by National Cash Registers

The merchant who has a National Cash Register makes life easier for his employees and safeguards himself.

He saves its cost many times over in the course of a year.

His help appreciate the advantage of working in a systematic establishment—clerks, cashiers and customers are spared annoyance and trouble.

The National Cash Register prints a receipt which protects everybody and eliminates disputes.

It tells how much money was paid, to whom and when.

A cash register store is always a better-managed store.

Method holds down losses and therefore prices.

Mrs. Hutchinson would thank the following for the able and timely assistance given her in building such a substantial wall for the cellar of her new house: Major Ross and team, David M. Turner Esq., and team. Also to O. S. Elliott and family for many kindnesses.

Dr. and Mrs. Rogers with their little son Carl left early on Saturday accompanied by their friend Dr. F. Spiers en route for their home in Boston. Mrs. Rogers and son have been spending a couple of months at her old home Rosebank, and guest of her brother and sister Major and Miss Ross. Miss Lydia Barnaby their aunt has also been a guest there during the summer.

Benjamin Burgoyne our uonogenerarian is still in a feeble state of health after a paralytic stroke.

Major Ross has been busy fitting out his new car. He with his two lieutenants Herbert W. Russell and Vincent P. Murphy and a number of privates are on the wing this morning en route for the tenting ground.

Last evening red coats and kakhis suits were to be seen on the street.

The Lord Bishop of the Diocese paid a visit to this parish Aug 25th and 26th. He held a confirmation service at St. James', Aldersville at the Parish church (Chris church). He consecrated St. Augustine Church and Churchyard at the Forties and a Confirmation service at St. Cyprians, Dabousie, giving an address in each church.

Dr. Dugald Stewart M. P. for Lunenburg met some of his constituents in this place last evening.

Diarrhoea is always more or less prevalent during September. He prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by Druggists and Dealers.

By way of showing the genuineness of his statements, as a preliminary, Mr. Wm. McArthur, of Victoria West, walked into our sanctum this (Tuesday) morning and jumped, both feet off the ground, up in the air several feet once or twice. He then informed us that on Tuesday last he celebrated his 84th birthday and that he has living, 10 children of his own 52 grand children and two great grand children. He can see to read and without glasses and has all his teeth but two. His good wife who was 83 last July has also a beautiful set of teeth, only having lost three up to now. May they long continue to have good use for them—Ex.

Young Man—I should like to ask your advice, sir, as to whether you think your daughter would make a suitable wife.

Lawyer—No; I don't think she would. Five dollars, please!

A steamboat drew up at the dock at Memphis and a lady alighted carrying one of those harmless Mexican dogs—a vest pocket edition of the genus canis.

A long lank Missourian unfolded himself from the nail keg on which he had been reposing and slowly approaching the lady with great deference, drawled:

I beg your pardon, madam, but is that your dawg?

It is, snapped the lady.

Is that all the dawg you got?

Yes, sir.

Wacal, I beg your pardon, madam, but ain't you mighty near out of dawg?

Minard's Liniment Cures Distemper

St. Joseph, Levis, July 14, 1902.

MINARD'S LINIMENT CO., LIMITED

Gentlemen, I was badly kicked by my horse last May and after using several preparations on my leg nothing would do. My leg was black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.

An ingenious Swiss has recently invented a clock that has no dial or hands. The mechanism is all concealed, but on pressing a button a phonographic voice gives out the time that it actually is to the very minute.

A teacher, instructing her class on the composition of sentences, wrote two on the blackboard, one to exemplify a misstatement of fact and the other to illustrate bad grammar. The sentences thus read as follows:

The hen has three legs. Who done it?  
The teacher then called to one of the children.

Harry, she said go to the blackboard and show where the fault lies in those two sentences.

Harry slowly approached the blackboard, evidently thinking hard. Then he took the chalk and wrote:

The hen never done it. God done
