The paper is sent to subscribers until an order is received for its discontinuance and subscription is paid in full.

Correspondence is requested, but we reserve right to reject any where writer will not assume the responsibility over his own name. No correspondence of any kind inserted without the name of sender being given (not for publication.) Address: H. G. HARRIS, or The Advertiser, Kentville.

**Spring Impurities  
In the Blood**

**A Tonic Medicine is a Necessity  
at this Season.**

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils. Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not care anything. On the other hand Dr. Williams' Pink Pills actually make new blood which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cent a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

**BORN**  
At Canard, Kings Co., on March 16th to Mr. and Mrs. Leonard Eaton, a daughter.

**ELDERLY WOMEN  
SAFEGUARDED**

**Tell Others How They Were  
Carried Safely Through  
Change of Life.**

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."

—Mrs. MARY RIDGWAY, Durand, Wis.

**A Massachusetts Woman Writes:**  
Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."

—Mrs. PIERRE COURVOISIER, Box 239, Blackstone, Mass.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

**RECEPTION TO  
RETURNED SOLDIERS**

We regret a delay in receipt of report of a reception held at Port Williams in honor of their hero soldier boys' invalided home from duty.

Port Williams has done a noble part in this fight for liberty and right. Three of her sons are home, another now languishes in a German detention camp and the others are doing their duty in the trenches or in training.

Those who returned recently were Lance Corp. Vere Kindston son of Mr. and Mrs. Stephen Kidston and John C. Graves. The latter had contracted rheumatism and had to return home. Corporal Kidston was wounded in September last at the battle of the Somme a piece of shell passing through his nose and destroying his right eye. After a period in the hospital in which various operations were performed Mr. Kidston came home showing little of his terrible wounds and suffering. He did his part nobly and won a medal for conspicuous bravery on the field. He modestly refrains from mention of what particular action he did, saying they just gave him the medal and there was nothing special about it.

After these boys returned a reception was tendered them in Citizen's Hall at which a fine program was given, refreshments served. Warden Campbell was chairman, and spoke in most feeling terms of the efforts of the boys. Mr. Donaldson father of another boy fighting with the Princess Pats, also gave a fine address. Lance Corporal Kidston replied to the addresses in a short and most interesting address.

French snail farmers are making a tidy fortune out of the war. More than half the French supply of this delicacy has been cut off by the German occupation of Luxembourg, Belgium and Northern France and the market price has risen accordingly. The demand for snails has also been stimulated by the new food regulations which class snails with oysters as a "hors d'oeuvre," of which one may eat as much as one wishes. As many as half a million first quality snails worth \$5 to \$10 a thousand can be reared on an acre of land. They have to be fed only once a day preferably in the evening. A bed of 100,000 snails will consume a wagon load of cabbage in a few minutes and the noise which they make at their repast is like nothing else in the world.

**May Look for Increase in the Intensity of the Fighting.**

London, March 31—Both British and French troops today have apparently arrived before the "Hindenburg line." Field Marshal Haig reported British infantry "in contact with the whole new German front"—from Arras to near St. Quentin. The same phrase "in contact" was used in the French official several days ago to describe the position of General Nevill's forces. The French line extends from around St. Quentin down to Soisson. From now on London looks to see a vast increase in the intensity of the fighting, as the concentrated infantry of the Anglo-French forces are hurled against the German positions.

Battle front despatches today indicated that both British and French forces are still pounding away at their respective "wedges," inserted into the German lines. Artillery firing is increasing along almost the entire front.

**The Clerical Corkscrew**

The minister was a very genial and witty man. He had great difficulty in getting his salary promptly. Of late it was much in arrears, and he did not know what to do. One day he entered the hardware store kept by his leading deacon, and asked to look at corkscrews. He looked over the assortment very carefully, saying that he wanted quite a long one, one that was very strong too. And when the deacon asked him what he wanted with such a corkscrew, the minister replied, "I want it to draw my salary with." He got it.

To whom it may concern: This is to certify that I have used MINARD'S LINIMENT myself as well as prescribed it in my practice where a liniment was required and have never failed to get the desired effect.  
C. A. KING, M. D.

**WILL WE HAVE GERMAN INVASION FROM THE STATES**

NEW YORK, MARCH 23.—A DESPATCH TO THE TRIBUNE FROM HARTFORD (CON.) SAYS:

Men hostile to the interests of the United States are holding regular nightly drill in Hartford and other parts of Connecticut, Governor Marcus Holcomb said, in an address before the Hartford Inter-Churchmen's Association yesterday.

That is one reason, he went on to explain, why he has hurried through the legislature the emergency measure for the protection of property in Connecticut—"The arsenal of the nation."

In the last few weeks the governor has provided for the establishment of a home guard and has had a census taken of the human and individual resources of the state. He amazed his audience yesterday by stating flatly that Connecticut was facing the peril of an attack from within its own borders.

Dr. David Webster announced the marriage of his niece, Miss Annie Albert Webster, to Mr. William Shepherd Dana, of New York City, on Monday, the first day of January, 1917, at Lexington, Mass. Mr. and Mrs. Dana will be at home after the first day of May, 1917, at their residence in New York. Miss Webster is the daughter of the late Albert A. Webster, of Cambridge. Mrs. (Capt.) E. F. Graves, Mrs. J. E. Kinsman, Mrs. J. M. Cross, of Kentville, Mrs. A. Len Brown, of Brooklyn Street, and Mrs. (Rev.) A. D. MacKinnon, of Lunenburg, are sisters of the bride. Another sister, Mrs. N. T. Bowles, resides in Biggar, Sask.

**Another German Raider at Work**

Rio Janeiro, March 30—The French barque Cambonne has arrived here with 200 men of the crews of various steamers and sailing ships sunk by a German raider off the island of Trinidad. They report that many sailors from the sun vessels were drowned.

**Serve  
Save  
Produce**

**EVERY ONE CAN do something for his country**  
Some can bear arms.  
Some can produce food  
Some can make munitions  
Some can give money  
*It is the privilege of all to help.*

**YOU CAN SERVE by Fighting—Working—Saving—Giving**  
This is NATIONAL SERVICE  
*Are YOU doing your part?*

**ALL EYES turn now to the Canadian Farmer, for he can render the Empire SPECIAL SERVICE in this sternest year of the war.**  
But—our farms are badly undermanned—25,000 men are needed on the land.  
With insufficient help, the Man on the Land fights an uphill fight to meet the pressing need for Food.

**CITY and TOWN can help.**  
Municipal Councils, Churches and Schools, and other organizations, both of men and women, can render National Service by directing all available labour to the Land.  
Farmers themselves can exchange labour. School boys can assist.  
Were you raised on a farm? Can you drive a team? Can you handle fork or hoe? If you can't fight, you can produce. Spend the Summer working on the Farm.  
Let every man, woman and child in the Dominion who has access to Land, no matter how small the plot, make it produce Food in 1917.

For information on any subject relating to the Farm and Garden write—

**HAIG PRAISES CANADIANS**

LONDON, March 30—General Haig, after inspecting the Canadian Divisional train, remarked that it was the finest he had yet seen in France. The horses and wagons remained him of the Royal Horse Artillery in peace time.
